This formulary was updated on 01/21/2025. For more recent information or other questions, please contact Community Health Plan of Washington (CHPW) Medicare Advantage (MA) Customer Service at 1-800-942-0247 (TTY users should call 711), 7 days a week, 8 a.m. to 8 p.m., or visit medicare.chpw.org.

Note to existing members: This formulary has changed since last year. Please review this document to make sure that it still contains the drugs you take.

When this drug list (formulary) refers to “we,” “us,” or “our,” it means Community Health Plan of Washington. When it refers to “plan” or “our plan,” it means Community Health Plan of Washington Medicare Advantage (HMO).

This document includes Drug List (formulary) for our plan which is current as of 01/21/2025. For an updated Drug List (formulary), please contact us. Our contact information, along with the date we last updated the Drug List (formulary), appears on the front and back cover pages.

You must generally use network pharmacies to use your prescription drug benefit. Benefits, formulary, pharmacy network, and/or copayments/coinsurance may change on January 1, 2025, and from time to time during the year.

What is the Community Health Plan of Washington Medicare Advantage Formulary?

In this document, we use the terms Drug List and formulary to mean the same thing. A formulary is a list of covered drugs selected by Community Health Plan of Washington Medicare Advantage in consultation with a team of health care providers, which represents the prescription therapies believed to be a necessary part of a quality treatment program. We will generally cover the drugs listed in our formulary as long as the drug is medically necessary, the prescription is filled at a Community Health Plan of Washington Medicare Advantage network pharmacy, and other plan rules are followed. For more information on how to fill your prescriptions, please review your Evidence of Coverage.

Can the Formulary change?

Most changes in drug coverage happen on January 1, but we may add or remove drugs on the formulary during the year, move them to different cost-sharing tiers, or add new restrictions. We must follow the Medicare rules in making these changes. Updates to the formulary are posted monthly to our website here: medicare.chpw.org.

Changes that can affect you this year: In the below cases, you will be affected by coverage changes during the year:

- **Immediate substitutions of certain new versions of brand name drugs and original biological products.** We may immediately remove a drug from our formulary if we are replacing it with a certain new version of that drug that will appear with the same or fewer restrictions. When we add a new version of a drug to our formulary, we may decide to keep the brand name drug or original biological product on our formulary, but immediately move it to add new restrictions.

We can make these immediate changes only if we are adding a new generic version of a brand name drug, or adding certain new biosimilar versions of an original biological product, that was already on the formulary (for example, adding an interchangeable biosimilar that can be substituted for an original biological product by a pharmacy without a new prescription).

If you are currently taking the brand name drug or original biological product, we may not tell you in advance before we make an immediate change, but we will later provide you with information about the specific change(s) we have made.

If we make such a change, you or your prescriber can ask us to make an exception and continue to cover for you the drug that is being changed. For more information, see the section below titled “How do I request an exception to the Community Health Plan of Washington Medicare Advantage’s Formulary?”

Some of these drug types may be new to you. For more information, see the section below titled “What are original biological products and how are they related to biosimilars?”

- **Drugs removed from the market.** If a drug is withdrawn from sale by the manufacturer or the Food and Drug Administration (FDA) determines to be withdrawn for safety or effectiveness reasons, we may immediately remove the drug from our formulary and later provide notice to members who take the drug.
- **Other changes.** We may make other changes that affect members currently taking a drug. For instance, we may remove a brand name drug from the formulary when adding a generic equivalent or remove an original biological product when adding a biosimilar. We may also apply new restrictions to the brand name drug or original biological product, or move it to a different cost-sharing tier, or both. We may make changes based on new clinical guidelines. If we remove drugs from our formulary, add prior authorization, quantity limits and/or step therapy restrictions on a drug, we must notify affected members of the change at least 30 days before the change becomes effective. Alternatively, when a member requests a refill of the drug, they may receive a 30-day supply of the drug and notice of the change.

If we make these other changes, you or your prescriber can ask us to make an exception for you and continue to cover the drug you have been taking. The notice we provide you will also include information on how to request an exception, and you can also find information in the section below entitled “How do I request an exception to the Community Health Plan of Washington Medicare Advantage’s Formulary?”

Changes that will not affect you if you are currently taking the drug. Generally, if you are taking a drug on our 2025 formulary that was covered at the beginning of the year, we will not discontinue or reduce coverage of the drug during the 2025 coverage year except as described above. This means these drugs will remain available at the same cost sharing and with no new restrictions for those members taking them for the remainder of the coverage year. You will not get direct notice this year about changes that do not affect you. However, on January 1 of the next year, such changes would affect you, and it is important to check the Drug List for the new benefit year for any changes to drugs.

The enclosed formulary is current as of 01/21/2025. To get updated information about the drugs covered by Community Health Plan of Washington Medicare Advantage, please contact us. Our contact information appears on the front and back cover pages.

How do I use the Formulary?

There are two ways to find your drug within the formulary:

Medical Condition

The formulary begins on page 19. The drugs in this formulary are grouped into categories depending on the type of medical conditions that they are used to treat. For example, drugs used to treat a heart condition are listed under the category “Cardiovascular, Hypertension/Lipids.” If you know what your drug is used for, look for the category name in the list that begins on page 19. Then look under the category name for your drug.

Alphabetical Listing

If you are not sure what category to look under, you should look for your drug in the Index that begins on page 105. The Index provides an alphabetical list of all of the drugs included in this document. Both brand name drugs and generic drugs are listed in the Index. Look in the Index and find your drug. Next to your drug, you will see the page number where you can find coverage information. Turn to the page listed in the Index and find the name of your drug in the first column of the list.

What are generic drugs?

Our plan covers both brand-name drugs and generic drugs. A generic drug is approved by the FDA as having the same active ingredient as the brand-name drug. Generally, generic drugs work just as well as and usually cost less than brand name drugs. There are generic drug substitutes available for many brand name drugs. Generic drugs usually can be substituted for the brand name drug at the pharmacy without needing a new prescription, depending on state laws.

What are original biological products and how are they related to biosimilars?

On the formulary, when we refer to drugs, this could mean a drug or a biological product. Biological products are drugs that are more complex than typical drugs. Since biological products are more complex than typical drugs, instead of having a generic form, they have alternatives that are called biosimilars. Generally, biosimilars work just as well as the original biological product and may cost less. There are biosimilar alternatives for some original biological products. Some biosimilars are interchangeable biosimilars and, depending on state laws, may be substituted for the original biological product at the pharmacy without needing a new prescription, just like generic drugs can be substituted for brand name drugs.

- For discussion of drug types, please see the Evidence of Coverage, Chapter 5, “The ‘Drug List’ tells which Part D drugs are covered.

Are there any restrictions on my coverage?

Some covered drugs may have additional requirements or limits on coverage. These requirements and limits may include:

- **Prior Authorization:** Our plan requires you or your prescriber to get prior authorization for certain drugs. This means that you will need to get approval from our plan before you fill your prescriptions. If you don't get approval, the plan may not cover the drug.
- **Quantity Limits:** For certain drugs, our plan limits the amount of the drug that our plan will cover. For example, the plan provides 30 tablets per prescription for simvastatin. This may be in addition to a standard one-month or three-month supply.
- **Step Therapy:** In some cases, our plan requires you to first try certain drugs to treat your medical condition before we will cover another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, our plan may not cover Drug B unless you try Drug A first. If Drug A does not work for you, the plan will then cover Drug B.

You can find out if your drug has any additional requirements or limits by looking in the formulary that begins on page 19. You can also get more information about the restrictions applied to specific covered drugs by visiting our website. We have posted online documents that explain our prior authorization and step therapy restrictions. You may also ask us to send you a copy. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

You can ask our plan to make an exception to these restrictions or limits or for a list of other, similar drugs that may treat your health condition. See the section, "How do I request an exception to the Community Health Plan of Washington Medicare Advantage's formulary?" on page 6 for information about how to request an exception.

What if my drug is not on the Formulary?

If your drug is not included in this formulary (list of covered drugs), you should first contact Customer Service and ask if your drug is covered.

If you learn that Community Health Plan of Washington Medicare Advantage does not cover your drug, you have two options:

- You can ask Customer Service for a list of similar drugs that are covered by our plan. When you receive the list, show it to your doctor and ask them to prescribe a similar drug that is covered by our plan.
- You can ask our plan to make an exception and cover your drug. See below for information about how to request an exception.

How do I request an exception to the Community Health Plan of Washington Medicare Advantage Formulary?

You can ask the Community Health Plan of Washington Medicare Advantage to make an exception to our coverage rules. There are several types of exceptions that you can ask us to make.

- You can ask us to cover a drug even if it is not on our formulary. If approved, this drug will be covered at a pre-determined cost-sharing level, and you would not be able to ask us to provide the drug at a lower cost-sharing level.
- You can ask us to waive coverage restrictions or limits on your drug. For example, for certain drugs, our plan limits the amount of the drug that we will cover. If your drug has a quantity limit, you can ask us to waive the limit and cover a greater amount.
- You can ask us to cover a formulary drug at a lower cost-sharing level. If approved, this would lower the amount you must pay for your drug.

Generally, our plan will only approve your request for an exception if the alternative drugs included on the plan's formulary or, the lower cost-sharing drug, or applying the restriction would not be as effective for you and/or would cause you to have adverse effects.

You or your prescriber should contact us to ask us for a tiering or formulary exception, including an exception to a coverage restriction. **When you request an exception, your prescriber will need to explain the medical reasons why you need the exception.** Generally, we must make our decision within 72 hours of getting your prescriber's supporting statement. You can ask for an expedited (fast) decision if you believe, and we agree, that your health could be seriously harmed by waiting up to 72 hours for a decision. If we agree, or if your prescriber asks for a fast decision, we must give you a decision no later than 24 hours after we get your prescriber's supporting statement.

What can I do if my drug is not on the formulary or has a restriction?

As a new or continuing member in our plan you may be taking drugs that are not on our formulary. Or, you may be taking a drug that is on our formulary but has a coverage restriction, such as prior authorization. You should talk to your prescriber about requesting a coverage decision to show that you meet the criteria for approval, switching to an alternative drug that we cover, or requesting a formulary exception so that we will cover the drug you take. While you and your doctor determine the right course of action for you, we may cover your drug in certain cases during the first 90 days you are a member of our plan.

For each of your drugs that is not on our formulary or has a coverage restriction, we will cover a temporary 30-day supply. If your prescription is written for fewer days, we'll allow refills to provide up to a maximum 30-day supply of medication. If coverage is not approved, after your first 30-day supply, we will not pay for these drugs, even if you have been a member of the plan less than 90 days.

If you are a resident of a long-term care facility and you need a drug that is not on our formulary or if your ability to get your drugs is limited, but you are past the first 90 days of membership in our plan, we will cover a 31-day emergency supply of that drug while you pursue a formulary exception.

Our Policy Regarding Changes in Level of Care

You may have a change in your treatment setting due to the level of care you require. Such transitions include:

1. Being discharged from a hospital to a home;
2. Ending your skilled nursing facility Medicare Part A stay (where payments include all pharmacy charges) and now needing to use your Part D plan;
3. Giving up Hospice Status and reverting back to standard Medicare Part A and B coverage;
4. Being discharged from chronic psychiatric hospitals with highly individualized drug regimens.

For these unplanned transitions, you may need to request an exception or an appeal for continued coverage of your drug. In addition, we will review requests for continuation of therapy on a case-by-case basis if you have had a change in your level of care and are stabilized on drug regimens that if altered, are known to have risks.

Please see the Community Health Plan of Washington Transition Policy (medicare.chpw.org/member-center/member-resources/prescription-drug-coverage/) for more information.

Admission or discharge from a long-term care facility should not affect access to your Part D benefits.

If you have questions about our plan, please contact us. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

If you have general questions about Medicare prescription drug coverage, please call Medicare at 1-800-MEDICARE (1-800-633-4227) 24 hours a day/7 days a week. TTY users should call 1-877-486-2048. Or visit <http://www.medicare.gov>.

Community Health Plan of Washington Medicare Advantage Formulary

The formulary that begins on page 19 provides coverage information about the drugs covered by our plan. If you have trouble finding your drug in the list, turn to the Index that begins on page 105.

The first column of the chart lists the drug name. Brand name drugs are capitalized (e.g., RISPEDAL) and generic drugs are listed in lower-case italics (e.g., *risperidone*).

The information in the Requirements/Limits column tells you if our plan has any special requirements for coverage of your drug.

List of Abbreviations

- **BvD PA:** This prescription may be covered under Medicare Part B or Medicare Part D depending upon the circumstances. Information may need to be submitted describing the use and setting of the drug to make the determination.
- **LA:** Limited Availability. This prescription may be available only at certain pharmacies. For more information, consult your Pharmacy Directory or call Customer Service at 1-800-942-0247, 7 days a week, 8 a.m. to 8 p.m. TTY users should dial 711.
- **MO:** Mail-Order Drug. This prescription is available through our mail-order service, as well as our retail network pharmacies. Consider using mail-order for your long-term (maintenance) medications (such as high blood pressure medications). Retail network pharmacies may be more appropriate for short-term prescriptions, such as antibiotics.
- **PA:** Prior Authorization. The plan requires you or your physician to get prior authorization for certain drugs. This means that you will need to get approval before you fill your prescriptions. If you don't get approval, we may not cover the drug.
- **PAns:** Prior Authorization for new starts. The plan requires you or your physician to get prior authorization for certain drugs if you are taking them for the first time. This means that you will need to get approval before you fill your prescriptions. If you don't get approval, we may not cover the drug.
- **ST:** Step Therapy. In some cases, the plan requires you to first try certain drugs to treat your medical condition before we will cover another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, we may not cover Drug B unless you try Drug A first. If Drug A does not work for you, we will then cover Drug B.
- **QL:** Quantity Limit. For certain drugs, the plan limits the amount of the drug that we will cover.

Drug Payment Stages and Drug Tiers

The amount you pay for a covered drug will depend on:

- **Drug payment stage.** There are different stages of drug coverage in your plan. The amount you pay will depend on the coverage stage you're in.
- **Drug tier.** There are five drug tiers. Each tier has a copay and/or coinsurance amount. The table below shows the differences between the tiers.

Please reference your Evidence of Coverage for more information about drug coverage and copay or coinsurance amounts for each tier.

Drug Tier	Includes
Tier 1	Tier 1 is the lowest tier and includes preferred generic drugs.
Tier 2	Tier 2 includes generic drugs.
Tier 3	Tier 3 includes preferred brand drugs and non-preferred generic drugs.
Tier 4	Tier 4 includes non-preferred brand drugs and non-preferred generic drugs.
Tier 5	Tier 5 is the highest tier. It contains very high-cost brand and generic drugs, which may require special handling and/or close monitoring.

Extra Help

Members who qualify will receive Extra Help for prescription drug, copays, and coinsurance. Please read the "Evidence of Coverage Rider for People Who Get Extra Help Paying for Prescription Drugs" (LIS Rider), to learn about your costs. You may also call Customer Service. Our contact information appears on the front and back cover pages.

Medicare Advantage

(HMO) Formulario de 2025

Lista de medicamentos cubiertos

**LEA: ESTE DOCUMENTO CONTIENE INFORMACIÓN SOBRE
LOS MEDICAMENTOS QUE CUBRIMOS EN ESTE PLAN**

HPMS Approved Formulary File Submission ID 00025144, Version Number 10

Este formulario se actualizó el 21/01/2025. Para obtener información actualizada o hacer alguna pregunta, comuníquese con el Servicio de atención al cliente de Community Health Plan of Washington (CHPW) al 1-800-942-0247 (los usuarios de TTY deben llamar al 711) los 7 días de la semana, de 8:00 a.m. a 8:00 p.m., o visite medicare.chpw.org.

Nota para miembros actuales: Este formulario ha cambiado desde el año pasado. Revise este documento para asegurarse de que todavía incluye los medicamentos que toma.

Cuando esta lista de medicamentos (formulario) dice “nosotros” “nos” o “nuestro”, hace referencia a Community Health Plan of Washington. Cuando menciona “plan” o “nuestro plan”, se refiere a Medicare Advantage de Community Health Plan of Washington (HMO).

Este documento incluye una lista de medicamentos (formulario) para nuestro plan que está vigente desde 21/01/2025. Para obtener un formulario actualizado, comuníquese con nosotros. Nuestra información de contacto, junto con la fecha de la última actualización del formulario, aparece en las páginas de portada y contraportada.

Por lo general, debe acudir a las farmacias de la red para usar el beneficio de medicamentos recetados. Los beneficios, el formulario, la red de farmacias, o los copagos/coseguros pueden cambiar el 1 de enero de 2025 y de vez en cuando durante el año.

¿Qué es el formulario de los de Community Health Plan of Washington?

Un formulario es una lista de medicamentos cubiertos seleccionados por nuestro plan, en colaboración con un equipo de proveedores de atención médica, que representa las terapias con receta que se consideran una parte necesaria de un programa de tratamiento de calidad. Generalmente cubriremos los medicamentos que se mencionan en nuestro formulario, siempre y cuando el medicamento sea medicamento necesario, la receta se presente en una farmacia de la red del plan y se cumpla con otras normas del plan. Para obtener más información sobre cómo surtir sus recetas, revise su Evidencia de cobertura.

¿Puede el Formulario (lista de medicamentos) cambiar?

La mayoría de los cambios en la cobertura de medicamentos se realizan el 1 de enero, pero podemos añadir o retirar medicamentos de la lista de medicamentos durante el año, pasarlos a diferentes niveles de gastos compartidos o añadir nuevas restricciones. Debemos seguir las normas de Medicare a la hora de hacer estos cambios.

Los cambios que pueden afectarle este año: en los siguientes casos, se verá afectado por cambios los de cobertura durante el año:

- **Medicamentos genéricos nuevos.** Podemos retirar de inmediato un medicamento de marca de nuestra Lista de medicamentos si lo reemplazamos por un nuevo medicamento genérico que aparecerá en el mismo nivel de gasto compartido o en uno menor y con las mismas restricciones o menos. Además, al añadir el nuevo medicamento genérico, podemos decidir mantener el medicamento de marca en nuestra Lista de medicamentos, pero cambiarlo de inmediato a un nivel de gastos compartidos diferente o añadir nuevas restricciones. Si actualmente toma ese medicamento de marca, es posible que no informemos por adelantado que haremos ese cambio, pero luego le brindaremos información sobre los cambios específicos que hemos hecho.

- Si implementamos dicho cambio, usted u otra persona autorizada a dar recetas pueden solicitarle al plan que realice una excepción y siga cubriendo el medicamento de marca para usted. La notificación que le brindamos también incluirá información sobre cómo solicitar una excepción, además puede encontrar información en la sección a continuación titulada “¿Cómo solicito una excepción al formulario de Medicare Advantage de Community Health Plan of Washington?”
- **Medicamentos retirados del mercado.** Si la Administración de Drogas y Alimentos (FDA) considera que un medicamento de nuestro formulario no es seguro, o si el fabricante del medicamento lo quita del mercado, eliminaremos inmediatamente dicho medicamento de nuestro formulario y enviaremos un aviso a los miembros que toman ese medicamento.
- **Otros cambios.** Podemos realizar otros cambios que afecten a los miembros que toman actualmente un medicamento. Por ejemplo, podríamos añadir un medicamento genérico que no sea nuevo en el mercado para reemplazar un medicamento de marca que figure actualmente en el formulario, o añadir nuevas restricciones al medicamento de marca o moverlo a un nivel de gastos compartidos diferente, o ambas opciones. O bien, podemos realizar cambios según nuevas pautas clínicas. Si retiramos medicamentos de nuestro formulario, o agregamos una autorización previa, límites de cantidad o restricciones de terapia escalonada a un medicamento, debemos notificar a los miembros afectados sobre el cambio, al menos 30 días antes de que el cambio esté vigente, o cuando el miembro solicite un resurtido del medicamento, en cuyo momento el miembro recibirá un suministro del medicamento para hasta 30 días.
 - Si realizamos estos cambios, usted y su proveedor pueden solicitar al plan que haga una excepción y siga cubriendo el medicamento de marca para usted. La notificación que le brindamos también incluirá información sobre cómo solicitar una excepción, y además puede encontrar información en la sección a continuación titulada “¿Cómo solicito una excepción al formulario de los planes de Community Health Plan of Washington?”

Cambios que no le afectarán si actualmente está tomando el medicamento. Por lo general, si toma un medicamento que se encuentra en nuestro formulario de 2025 que estaba cubierto al comienzo del año, no descontinuaremos ni reduciremos la cobertura del medicamento durante el año de cobertura 2024, excepto en los casos que se describieron anteriormente. Esto significa que estos medicamentos permanecerán disponibles con los mismos gastos compartidos y sin nuevas restricciones para aquellos miembros que los tomen durante el resto del año de cobertura. No recibirá un aviso directo sobre los cambios que no le afecten este año. Sin embargo, dichos cambios podrían afectarle a partir del 1 de enero del año siguiente, y es importante que revise la Lista de medicamentos del nuevo año de beneficios para ver los cambios.

El formulario adjunto está vigente desde 21/01/2025. Para obtener información actualizada sobre los medicamentos cubiertos por el plan, comuníquese con nosotros. Nuestra información de contacto aparece en las páginas de portada y contraportada.

¿Cómo uso el Formulario?

Existen dos maneras de buscar un medicamento dentro del formulario:

Afección médica

El formulario comienza en la página 19. En este formulario, los medicamentos se dividen en categorías según el tipo de afección médica que tratan. Por ejemplo, los medicamentos que se utilizan para tratar una afección cardíaca se enumeran bajo la categoría: “Cardiovascular, Hipertensión/Lípidos”. Si sabe para qué se utiliza su medicamento, busque el nombre de la categoría en la lista que comienza en la página 19. Luego, busque el nombre del medicamento debajo del nombre de la categoría.

Orden alfabético

Si no está seguro en qué categoría debe buscar, busque el medicamento en el índice que comienza en la página 92. El índice le proporciona una lista en orden alfabético de todos los medicamentos incluidos en este documento. Allí se enumeran los medicamentos de marca y los medicamentos genéricos. Busque en el índice y encuentre su medicamento. Al lado de medicamento, verá el número de página en donde puede encontrar la información de cobertura. Vaya a la página que figura en el índice y busque el nombre del medicamento en la primera columna de la lista.

¿Qué son los medicamentos genéricos?

Nuestro plan cubre medicamentos de marca y genéricos. La Administración de Alimentos y Medicamentos (FDA) aprueba un medicamento genérico cuando considera que contiene el mismo ingrediente activo que el medicamento de marca. En general, los medicamentos genéricos cuestan menos que los medicamentos de marca.

¿Existe alguna restricción en mi cobertura?

Algunos medicamentos cubiertos pueden tener requisitos o límites adicionales en la cobertura. Estos requisitos y límites pueden incluir:

- **Autorización previa:** Nuestro plan requiere que usted o su médico obtengan una autorización previa para ciertos medicamentos. Esto significa que deberá obtener la aprobación de nuestro plan antes de surtir sus recetas. Si no obtiene la aprobación, es posible que el plan no cubra el medicamento.
- **Límites en la cantidad:** Para ciertos medicamentos, nuestro plan limita la cantidad de medicamento que cubriremos. Por ejemplo, el plan ofrece 30 comprimidos por receta de simvastatina. Esto puede ser adicional a un suministro estándar de uno o tres meses.
- **Tratamiento escalonado:** En algunos casos, nuestro plan requiere que primero pruebe ciertos medicamentos para tratar su afección médica antes de que cubramos otro medicamento para su afección. Por ejemplo, si el medicamento A y el medicamento B tratan su afección médica, es posible que nuestro plan no cubra el medicamento B a menos que pruebe el medicamento A primero. Si el medicamento A no le funciona, entonces el plan cubrirá el medicamento B.

Puede averiguar si un medicamento tiene límites o requisitos adicionales al consultar el formulario que comienza en la página 19. También puede obtener más información sobre las restricciones que se aplican a medicamentos cubiertos específicos si visita nuestro sitio web. Hemos publicado documentos en línea que explican nuestras restricciones de autorización previa y tratamiento escalonado. También puede solicitar que le enviemos una copia. Nuestra información de contacto, junto con la fecha de la última actualización del formulario, aparece en las páginas de portada y contraportada.

Puede solicitar que hagamos una excepción a estos límites o restricciones, o que le demos una lista de medicamentos similares que puedan utilizarse para tratar su afección médica. Consulte la sección “¿Cómo solicito una excepción al formulario de los Medicare Advantage de Community Health Plan of Washington?” en la página 15 para obtener más información sobre cómo solicitar una excepción.

¿Qué pasa si mi medicamento no está en el formulario?

Si su medicamento no está incluido en este formulario (lista de medicamentos cubiertos), primero debe comunicarse con Servicio de atención al cliente y preguntar si su medicamento está cubierto.

Si se le comunica que el plan no cubre su medicamento, tiene dos opciones:

- Puede solicitar a Servicio de atención al cliente una lista de medicamentos similares cubiertos por el plan. Cuando reciba la lista, muéstrselas a su médico y pídale que le recete un medicamento similar que esté cubierto por nuestro plan.
- Puede solicitar que hagamos una excepción y cubramos su medicamento. Consulte a continuación para obtener más información sobre cómo solicitar una excepción.

¿Cómo solicito una excepción al formulario Medicare Advantage de Community Health Plan of Washington?

Puede solicitar que hagamos una excepción a nuestras normas de cobertura. Hay varios tipos de excepciones que puede solicitarnos.

- Puede pedirnos que cubramos un medicamento incluso si no figura en nuestro formulario. Si se aprueba, este medicamento se cubrirá a un nivel de costo compartido predeterminado, y no podrá solicitarnos que proporcionemos el medicamento a un nivel de costo compartido menor.
- Puede pedirnos que no apliquemos los límites o restricciones de cobertura de su medicamento. Por ejemplo, para ciertos medicamentos, nuestro plan limita la cantidad de medicamento que cubriremos. Si su medicamento tiene un límite de cantidad, puede pedirnos que no apliquemos el límite y que cubramos un monto mayor.

En general, nuestro plan solo aprobará su solicitud de excepción si el medicamento alternativo incluido en el formulario del plan, o las restricciones de uso adicionales, no son tan efectivos para el tratamiento de su afección o si estos pueden causarle efectos médicos adversos.

Debe comunicarse con nosotros para solicitarnos una decisión de cobertura inicial sobre una excepción a nuestro formulario o a las restricciones de uso. **Cuando solicita una excepción a nuestro formulario o a las restricciones de uso, debe presentar una declaración de su médico o una persona autorizada a emitir recetas que respalde su solicitud.** Por lo general, debemos tomar una decisión en un plazo de 72 horas después de recibir la declaración de apoyo de su recetador. Puede solicitar una excepción acelerada (rápida) si usted o su médico creen que su salud podría ser perjudicada gravemente al esperar 72 horas por una decisión. Si se concede su solicitud de apelación acelerada, debemos comunicarle una decisión en un plazo máximo de 24 horas después de recibir una declaración de apoyo de su médico u otro recetador.

¿Qué hago antes de poder hablar con mi médico sobre cambiar de medicamentos o solicitar una excepción?

Como miembro nuevo o actual de nuestro plan, es posible que esté tomando medicamentos que no estén en nuestro formulario. O bien, puede estar tomando un medicamento que sí está en nuestro formulario, pero su capacidad para obtenerlo es limitada. Por ejemplo, es posible que necesite una autorización previa de nuestra parte antes de que pueda surtir sus medicamentos recetados. Debe hablar con su médico para decidir si debe cambiar a un medicamento adecuado que cubramos o solicitar una excepción para el formulario para que cubramos el medicamento que toma. Mientras habla con su médico para determinar el curso de acción correcto para usted, podemos cubrir el medicamento en ciertos casos durante los primeros 90 días tras convertirse en un miembro del nuestro plan.

Para cada uno de los medicamentos que no estén en nuestro formulario, o si su acceso a estos medicamentos es limitado, cubriremos un suministro temporal de 30 días. Si su receta está indicada para menos días, permitiremos obtener varias veces los medicamentos hasta llegar a un máximo de un suministro para 30 días del medicamento. Luego de su primer suministro de 30 días, no pagaremos por estos medicamentos, incluso si usted ha sido miembro del plan durante menos de 90 días.

Si es un residente de un centro de atención a largo plazo y necesita un medicamento que no está en nuestro formulario, o si su acceso a estos medicamentos es limitado, pero ya ha superado los primeros 90 días como miembro de nuestro plan, cubriremos un suministro de emergencia de 31 días de ese medicamento mientras intenta obtener una excepción al formulario.

Nuestra política con respecto a los cambios en el nivel de atención

Puede haber cambios en el entorno de su tratamiento debido al nivel de atención que requiere. Dichas transiciones incluyen las siguientes:

1. ser dado de alta de un hospital a su casa;
2. finalizar su estadía en un establecimiento de enfermería especializada de la Parte A (en la que los pagos incluyen todos los cargos farmacéuticos) a raíz de una necesidad de usar su plan de la Parte D;
3. renunciar al Estado de necesidad de cuidados paliativos y volver a la cobertura de la Parte A y B estándar de Medicare;
4. ser dado de alta de hospitales psiquiátricos con regímenes altos de medicamentos individualizados.

Para estas transiciones no planificadas, es posible que necesite solicitar una excepción o apelación para una cobertura continua de su medicamento. Además, revisaremos las solicitudes de continuación del tratamiento sobre una base de caso por caso si ha tenido un cambio en el nivel de atención y si está estable en un régimen de medicamento que, si es alterado, tiene riesgos conocidos.

Lea la política de transición de Community Health Plan of Washington (medicare.chpw.org/member-center/member-resources/prescription-drug-coverage/) para obtener más información.

La admisión o el alta de un establecimiento de cuidados a largo plazo no debería afectar sus beneficios de la Parte D.

Para obtener más información

Para obtener información más detallada sobre la cobertura de medicamentos recetados de Medicare Advantage de de Community Health Plan of Washington, revise su Evidencia de cobertura y otros materiales del plan.

Si tiene alguna pregunta sobre nuestro plan, comuníquese con nosotros. Nuestra información de contacto, junto con la fecha de la última actualización del formulario, aparece en las páginas de portada y contraportada.

Si tiene preguntas generales sobre la cobertura de medicamentos recetados de Medicare, llame al 1-800-MEDICARE (1-800-633-4227), disponible las 24 horas del día, los 7 días de la semana. Los usuarios de TTY deben llamar al 1-877-486-2048. O visite <http://www.medicare.gov>.

Formulario de Medicare Advantage de Community Health Plan of Washington

El formulario que comienza en la página 19 ofrece información de cobertura sobre los medicamentos cubiertos en nuestro plan. Si tiene problemas para encontrar su medicamento en la lista, diríjase al índice que comienza en la página 92.

En la primera columna de la tabla aparece el nombre del medicamento. Los medicamentos de marca están escritos en mayúscula (por ejemplo, RISPERDAL) y los medicamentos genéricos están escritos en minúscula cursiva (por ejemplo, *risperidona*).

La información en la columna de Requisitos/límites indica si su plan tiene algún requisito especial para la cobertura de su medicamento.

Lista de abreviaturas

- **BvD PA:** esta receta puede estar cubierta por la Parte B o la Parte D de Medicare, según las circunstancias. Es posible que tenga que enviar información describiendo el uso y entorno del medicamento para realizar la determinación.
- **LA (Limited Availability):** disponibilidad limitada. Es posible que este medicamento recetado esté disponible solo en ciertas farmacias. Para obtener más información, consulte su Directorio de farmacias o llame al Servicio de atención al cliente al 1-800-942-0247, los 7 días de la semana, de 8:00 a.m. a 8:00 p.m. Los usuarios de TTY deben llamar al 711.
- **MO (Mail-Order):** medicamento de venta por correo. Esta receta está disponible a través de nuestro servicio de pedido por correo, así como de nuestras farmacias minoristas de la red. Considere utilizar el servicio de pedido por correo para sus medicamentos a largo plazo (medicamentos de mantenimiento), como los medicamentos para la presión arterial alta. Las farmacias minoristas de la red pueden ser más adecuadas para medicamentos recetados a corto plazo, como los antibióticos.
- **PA:** autorización previa. El plan requiere que usted o su médico obtengan una autorización previa para ciertos medicamentos. Esto significa que deberá obtener aprobación antes de surtir sus recetas. Si no obtiene la aprobación, puede que no cubramos el medicamento.
- **PAns:** Autorización Previa para nuevos inicios. El plan requiere que usted o su médico obtengan autorización previa para ciertos medicamentos si los está tomando por primera vez. Esto significa que deberá obtener la aprobación antes de surtir sus recetas. Si no obtiene la aprobación, es posible que no cubramos el medicamento.
- **ST (Step Therapy):** tratamiento escalonado. En algunos casos, el plan requiere que pruebe ciertos medicamentos para tratar su afección médica antes de que cubramos otro medicamento para su afección. Por ejemplo, si el medicamento A y el medicamento B tratan la misma afección médica, es posible que no cubramos el medicamento B a menos que pruebe el medicamento A primero. Si el medicamento A no le funciona, entonces cubriremos el medicamento B.
- **QL (Quantity Limit):** límites en la cantidad. Para ciertos medicamentos, el plan limita la cantidad del medicamento que cubriremos.

Etapas del pago de los medicamentos y niveles de los medicamentos

El monto que paga por un medicamento cubierto dependerá de lo siguiente:

- **Etapas del pago del medicamento.** Hay diferentes etapas de cobertura para los medicamentos de su plan. El monto que pague dependerá de la etapa de cobertura en la que se encuentre.
- **Nivel del medicamento.** Hay cinco niveles de medicamentos. Cada nivel tiene un monto de copago o coseguro. La siguiente tabla muestra las diferencias entre los niveles.

Consulte su Evidencia de cobertura para obtener más información sobre la cobertura de los medicamentos y los montos del copago o coseguro para cada nivel.

Nivel del medicamento	Incluye
Nivel 1	El Nivel 1 es el nivel más bajo e incluye los medicamentos genéricos preferidos.
Nivel 2	El Nivel 2 incluye los medicamentos genéricos.
Nivel 3	El Nivel 3 incluye los medicamentos de marca preferidos y los medicamentos genéricos no preferidos.
Nivel 4	El Nivel 4 incluye los medicamentos de marca no preferidos y los medicamentos genéricos no preferidos.
Nivel 5	El Nivel 5 es el nivel más alto. Contiene medicamentos genéricos y de marca de muy alto costo, que pueden requerir una administración especial o mucha supervisión.

Ayuda adicional

Los miembros que reúnan los requisitos recibirán Ayuda adicional para los medicamentos recetados, los copagos y el coseguro. Lea la “Cláusula de la Evidencia de cobertura para las personas que reciben Ayuda adicional para pagar los medicamentos recetados” (Cláusula LIS) para conocer sus costos. También puede llamar al servicio de atención al cliente. Nuestra información de contacto aparece en las páginas de portada y contraportada.
