Cost	2022 (this year)	2023 (next year)
Monthly premium (You must also continue to pay your Medicare Part B premium.)	$0	No change

Section 1.2 – Changes to Your Maximum Out-of-Pocket Amount

Medicare requires all health plans to limit how much you pay “out-of-pocket” for the year. This limit is called the “maximum out-of-pocket amount.” Once you reach this amount, you generally pay nothing for covered Part A and Part B services for the rest of the year.

Cost	2022 (this year)	2023 (next year)

There are no changes to our network of pharmacies for next year.

It is important that you know that we may make changes to the hospitals, doctors and specialists (providers) and pharmacies that are part of your plan during the year. If a mid-year change in our providers affects you, please contact Customer Service so we may assist.

Section 1.5 – Changes to Part D Prescription Drug Coverage

Changes to Our Drug List

Our list of covered drugs is called a Formulary or "Drug List." A copy of our Drug List is provided electronically. The Drug List includes many – but not all – of the drugs that we will cover next year. If you don't see your drug on this list, it might still be covered. **You can get the *complete* Drug List** by calling Customer Service (see the back cover) or visiting our website (medicare.chpw.org).

We made changes to our Drug List, including changes to the drugs we cover and changes to the restrictions that apply to our coverage for certain drugs. **Review the Drug List to make sure your drugs will be covered next year and to see if there will be any restrictions.**

Most of the changes in the Drug List are new for the beginning of each year. However, during the year, we might make other changes that are allowed by Medicare rules. For instance, we can immediately remove drugs considered unsafe by the FDA or withdrawn from the market by a product manufacturer. We update our online Drug List to provide the most up to date list of drugs.

If you are affected by a change in drug coverage at the beginning of the year or during the year, please review Chapter 9 of your Evidence of Coverage and talk to your doctor to find out your options, such as asking for a temporary supply, applying for an exception and/or working to find a new drug. You can also contact Customer Service for more information.

Starting in 2023, we may immediately remove a brand name drug on our Drug List if, at the same time, we replace it with a new generic drug on the same or lower cost-sharing tier and with the same or fewer restrictions. Also, when adding the new generic drug, we may decide to keep the brand name drug on our Drug List, but immediately move it to a different cost-sharing tier or add new restrictions or both.

This means, for instance, if you are taking a brand name drug that is being replaced or moved to a higher cost-sharing tier, you will no longer always get notice of the change 30 days before we make it or get a month's supply of your brand name drug at a network pharmacy. If you are taking the brand name drug, you will still get information on the specific change we made, but it may arrive after the change is made.

Changes to Prescription Drug Costs

Note: If you are in a program that helps pay for your drugs ("Extra Help"), **the information about costs for Part D prescription drugs may not apply to you.** We sent you a separate insert, called the "Evidence of Coverage Rider for People Who Get Extra Help Paying for Prescription Drugs" (also called the "Low Income Subsidy Rider" or the "LIS Rider"), which tells you about your drug costs. If you receive "Extra Help" and you haven't received this insert by September 30, 2022 please call Customer Service and ask for the "LIS Rider."

There are four "drug payment stages." The information below shows the changes to the first two stages – the Yearly Deductible Stage and the Initial Coverage Stage. (Most members do not reach the other two stages – the Coverage Gap Stage or the Catastrophic Coverage Stage.)

Changes to the Deductible Stage

Stage	2022 (this year)	2023 (next year)
Stage 1: Yearly Deductible Stage	The deductible is $230 and applies only to Tier 5. During this stage, you pay cost sharing for drugs on Tiers 1-4 and the full cost of drugs on Tier 5 until you have reached the yearly deductible.	No change

Changes to Your Cost Sharing in the Initial Coverage Stage

Stage	2022 (this year)	2023 (next year)
Stage 2: Initial Coverage Stage During this stage, the plan pays its share of the cost of your drugs and **you pay your share of the cost.** The costs in this row are for a one-month (30-day) supply when you fill your prescription at a network pharmacy. For information about the costs for a long-term supply or for mail-order prescriptions, look in Chapter 6, Section 5 of your *Evidence of Coverage*.	**Preferred Generic (Tier 1):** Standard Pharmacy: You pay \$5 per prescription. Preferred Pharmacy: You pay \$0 per prescription. **Generic (Tier 2):** Standard cost-sharing: You pay \$15 per prescription. Preferred cost-sharing: You pay \$10 per prescription. **Preferred Brand (Tier 3):** Standard cost-sharing: You pay \$47 per prescription. Preferred cost-sharing: You pay \$42 per prescription. **Non-Preferred Drug (Tier 4):** Standard cost-sharing: You pay 50% of the total cost. Preferred cost-sharing:You pay 50% of the total cost. **Specialty Drug (Tier 5):** Standard cost-sharing: You pay 29% of the total cost. Preferred cost-sharing: You pay 29% of the total cost.	Your cost for a one-month supply at a network pharmacy: No Change _______________ Once your total drug costs have reached \$4,660, you will move to the next stage (the Coverage Gap Stage). See above (previous page) for all Standard and Preferred mail-order cost sharing amounts. You can contact our Customer Service to find out more as to whether your mail-order prescriptions are Standard or Preferred. (Phone numbers for Customer Service are printed in Section 6.1 at the end of this notice.)

Stage	2022 (this year)	2023 (next year)
Stage 2: Initial Coverage Stage (continued)	Once your total drug costs have reached $4,430, you will move to the next stage (the Coverage Gap Stage). For mail orders for all tiers (**Tiers 1-5**): Standard mail-order cost sharing matches Standard Retail cost sharing. Preferred mail-order cost sharing matches Preferred Retail cost sharing. See above (previous page) for all Standard and Preferred mail-order cost sharing amounts.	For mail orders for all tiers (**Tiers 1-5**): Standard mail-order cost sharing matches Standard Retail cost sharing. Preferred mail-order cost sharing matches Preferred Retail cost sharing.

Are there other times of the year to make a change?

In certain situations, changes are also allowed at other times of the year. Examples include people with Medicaid, those who get "Extra Help" paying for their drugs, those who have or are leaving employer coverage, and those who move out of the service area.

If you enrolled in a Medicare Advantage plan for January 1, 2023, and don't like your plan choice, you can switch to another Medicare health plan (either with or without Medicare prescription drug coverage) or switch to Original Medicare (either with or without Medicare prescription drug coverage) between January 1 and March 31, 2023.

You can change to any other Medicare health plan (either with or without Medicare prescription drug coverage) or switch to Original Medicare (either with or without a separate Medicare prescription drug plan) at any time.

SECTION 4 Programs That Offer Free Counseling about Medicare

The State Health Insurance Assistance Program (SHIP) is an independent government program with trained counselors in every state. In Washington, the SHIP is called Statewide Health Insurance Benefits Advisors (SHIBA).

It is a state program that gets money from the Federal government to give **free** local health insurance counseling to people with Medicare. SHIBA counselors can help you with your Medicare questions or problems. They can help you understand your Medicare plan choices and answer questions about switching plans. You can call SHIBA at 1-800-562-6900. You can learn more about SHIBA by visiting their website (insurance.wa.gov/statewide-health-insurance-benefits-advisors-shiba).

Individuals must meet certain criteria, including proof of State residence and HIV status, low income as defined by the State, and uninsured/under-insured status. Medicare Part D prescription drugs that are also covered by ADAP qualify for prescription cost-sharing assistance through the Washington State Early Intervention Program (EIP).
