CHAPTER 1:

Getting started as a member

SECTION 1 Introduction

Section 1.1	You are enrolled in CHPW Dual Complete, which is a specialized Medicare Advantage Plan (Special Needs Plan)
--------------------	--

You are covered by both Medicare and Medicaid:

- **Medicare** is the Federal health insurance program for people 65 years of age or older, some people under age 65 with certain disabilities, and people with end-stage renal disease (kidney failure).
- **Medicaid** is a joint Federal and state government program that helps with medical costs for certain people with limited incomes and resources. Medicaid coverage varies depending on the state and the type of Medicaid you have. Some people with Medicaid get help paying for their Medicare premiums and other costs. Other people also get coverage for additional services and drugs that are not covered by Medicare.

You have chosen to get your Medicare health care and your prescription drug coverage through our plan, CHPW Dual Complete. We are required to cover all Part A and Part B services. However, cost sharing and provider access in this plan differ from Original Medicare.

CHPW Dual Complete is a specialized Medicare Advantage Plan (a Medicare Special Needs Plan), which means its benefits are designed for people with special health care needs. CHPW Dual Complete is designed for people who have Medicare and who are also entitled to assistance from Medicaid.

Because you get assistance from Medicaid with your Medicare Part A and B cost sharing (deductibles, copayments, and coinsurance) you may pay nothing for your Medicare health care services. Medicaid may also provide other benefits to you by covering health care services that are not usually covered under Medicare. You may also receive “Extra Help” from Medicare to pay for the costs of your Medicare prescription drugs. CHPW Dual Complete will help manage all of these benefits for you, so that you get the health care services and payment assistance that you are entitled to.

CHPW Dual Complete is run by a not-for-profit organization. Like all Medicare Advantage Plans, this Medicare Special Needs Plan is approved by Medicare. The plan also has a contract with the Washington Medicaid program to coordinate your Medicaid benefits. We are pleased to be providing your Medicare health care coverage, including your prescription drug coverage.

Coverage under this Plan qualifies as Qualifying Health Coverage (QHC) and satisfies the Patient Protection and Affordable Care Act’s (ACA) individual shared responsibility requirement. Please visit the Internal Revenue Service (IRS) website at: irs.gov/Affordable-Care-Act/Individuals-and-Families for more information.

Section 1.2 **What is the *Evidence of Coverage* document about?**

This *Evidence of Coverage* document tells you how to get your Medicare care and prescription drugs. It explains your rights and responsibilities, what is covered, what you pay as a member of the plan, and how to file a complaint if you are not satisfied with a decision or treatment.

The words *coverage* and *covered services* refer to the medical care and services and the prescription drugs available to you as a member of CHPW Dual Complete.

It's important for you to learn what the plan's rules are and what services are available to you. We encourage you to set aside some time to look through this *Evidence of Coverage* document.

If you are confused, concerned or just have a question, please contact Customer Service.

Section 1.3 **Legal information about the *Evidence of Coverage***

This *Evidence of Coverage* is part of our contract with you about how CHPW Dual Complete covers your care. Other parts of this contract include your enrollment form, the *List of Covered Drugs (Formulary)*, and any notices you receive from us about changes to your coverage or conditions that affect your coverage. These notices are sometimes called *riders* or *amendments*.

The contract is in effect for months in which you are enrolled in CHPW Dual Complete

Each calendar year, Medicare allows us to make changes to the plans that we offer. This means we can change the costs and benefits of CHPW Dual Complete after December 31, 2025. We can also choose to stop offering the plan in your service area, or to offer it in a different service area, after December 31, 2025.

Medicare (the Centers for Medicare & Medicaid Services) must approve CHPW Dual Complete each year. You can continue each year to get Medicare coverage as a member of our plan as long as we choose to continue to offer the plan and Medicare renews its approval of the plan.

SECTION 2 What makes you eligible to be a plan member?

Section 2.1	Your eligibility requirements
--------------------	--------------------------------------

You are eligible for membership in our plan as long as:

- You have both Medicare Part A and Medicare Part B
- -- *and* -- You live in our geographic service area (Section 2.3 below describes our service area). Incarcerated individuals are not considered living in the geographic service area even if they are physically located in it.
- -- *and* -- you are a United States citizen or are lawfully present in the United States
- -- *and* -- You meet the special eligibility requirements described below.

Special eligibility requirements for our plan

Our plan is designed to meet the needs of people who receive certain Medicaid benefits. (Medicaid is a joint Federal and state government program that helps with medical costs for certain people with limited incomes and resources.) To be eligible for our plan you must be eligible for Medicare and Full Medicaid Benefits.

Please note: If you lose your eligibility but can reasonably be expected to regain eligibility within 6 months, then you are still eligible for membership in our plan (Chapter 4, Section 2.1 tells you about coverage and cost sharing during a period of deemed continued eligibility).

Section 2.2	What is Medicaid?
--------------------	--------------------------

Medicaid is a joint Federal and state government program that helps with medical costs for certain people who have limited incomes and resources. Each state decides what counts as income and resources, who is eligible, what services are covered, and the cost for services. States also can decide how to run their program as long as they follow the Federal guidelines.

In addition, there are programs offered through Medicaid that help people with Medicare pay their Medicare costs, such as their Medicare premiums. These “Medicare Savings Programs” help people with limited income and resources save money each year:

- **Qualified Medicare Beneficiary (QMB+, CNP/QMB, LCP-MNP/QMB):** Helps pay Medicare Part A and Part B premiums, and other cost sharing (like deductibles, coinsurance, and copayments). (Some people with QMB are also eligible for full Medicaid benefits (QMB+).)
- **Specified Low-Income Medicare Beneficiary (SLMB+):** Helps pay Part B premiums and are also eligible for full Medicaid benefits (SLMB+).

Section 2.3	Here is the plan service area for CHPW Dual Complete
--------------------	---

CHPW Dual Complete is available only to individuals who live in our plan service area. To remain a member of our plan, you must continue to reside in the plan service area. The service area is described below.

Our service area includes these counties in Washington: Adams, Asotin, Benton, Chelan, Clallam, Clark, Columbia, Cowlitz, Douglas, Ferry, Franklin, Garfield, Grant, Grays Harbor, Island, Jefferson, King, Kitsap, Kittitas, Klickitat, Lewis, Lincoln, Mason, Okanogan, Pacific, Pend Oreille, Pierce, San Juan, Skagit, Skamania, Snohomish, Spokane, Stevens, Thurston, Wahkiakum, Walla Walla, Whatcom, Whitman, Yakima.

If you plan to move out of the service area, you cannot remain a member of this plan. Please contact Customer Service to see if we have a plan in your new area. When you move, you will have a Special Enrollment Period that will allow you to switch to Original Medicare or enroll in a Medicare health or drug plan that is available in your new location.

It is also important that you call Social Security if you move or change your mailing address. You can find phone numbers and contact information for Social Security in Chapter 2, Section 5.

Section 2.4	U.S. Citizen or Lawful Presence
--------------------	--

A member of a Medicare health plan must be a U.S. citizen or lawfully present in the United States. Medicare (the Centers for Medicare & Medicaid Services) will notify CHPW Dual Complete] if you are not eligible to remain a member on this basis. CHPW Dual Complete must disenroll you if you do not meet this requirement.

SECTION 3 Important membership materials you will receive

Section 3.1 Your plan membership card

While you are a member of our plan, you must use your membership card whenever you get services covered by this plan and for prescription drugs you get at network pharmacies. You should also show the provider your Medicaid card. Here's a sample membership card to show you what yours will look like:

Do NOT use your red, white, and blue Medicare card for covered medical services while you are a member of this plan. If you use your Medicare card instead of your CHPW Dual Complete membership card, you may have to pay the full cost of medical services yourself. Keep your Medicare card in a safe place. You may be asked to show it if you need hospital services, hospice services, or participate in Medicare approved clinical research studies also called clinical trials.

If your plan membership card is damaged, lost, or stolen, call Customer Service right away and we will send you a new card.

Section 3.2 Primary Care Provider & Hospital Directory

The *Primary Care Provider & Hospital Directory* lists our current network providers and durable medical equipment suppliers. **Network providers** are the doctors and other health care professionals, medical groups, durable medical equipment suppliers, hospitals, and other health care facilities that have an agreement with us to accept our payment and any plan cost sharing as payment in full.

You must use network providers to get your medical care and services. If you go elsewhere without proper authorization, you will have to pay in full. The only exceptions are emergencies, urgently needed services when the network is not available (that is, in situations when it is unreasonable or not possible to obtain services in network), out-of-area dialysis services, and cases in which CHPW Dual Complete authorizes use of out-of-network providers.

Chapter 1 Getting started as a member

The most recent list of providers and suppliers is also available on our website at [medicare.chpw.org/find-a-doctor](https://www.medicare.chpw.org/find-a-doctor).

If you don't have your copy of the *Primary Care Provider & Hospital Directory*, you can request a copy (electronically or in hardcopy form) from Customer Service. Requests for hard copy *Primary Care Provider & Hospital Directories* will be mailed to you within three business days.

Section 3.3 Pharmacy Directory

The *Pharmacy Directory* [medicare.chpw.org/member-center/member-resources/prescription-drug-coverage](https://www.medicare.chpw.org/member-center/member-resources/prescription-drug-coverage) lists our network pharmacies. **Network pharmacies** are all of the pharmacies that have agreed to fill covered prescriptions for our plan members. You can use the *Pharmacy Directory* to find the network pharmacy you want to use. See Chapter 5, Section 2.5 for information on when you can use pharmacies that are not in the plan's network.

If you don't have the *Pharmacy Directory*, you can get a copy from Customer Service. You can also find this information on our website at [medicare.chpw.org/member-center/member-resources/prescription-drug-coverage](https://www.medicare.chpw.org/member-center/member-resources/prescription-drug-coverage)

Section 3.4 The plan's List of Covered Drugs (Formulary)

The plan has a *List of Covered Drugs (Formulary)*. We call it the "Drug List" for short. It tells which Part D prescription drugs are covered under the Part D benefit included in CHPW Dual Complete. The drugs on this list are selected by the plan with the help of a team of doctors and pharmacists. The list must meet requirements set by Medicare. Medicare has approved the CHPW Dual Complete Drug List.

The Drug List also tells you if there are any rules that restrict coverage for your drugs.

We will provide you a copy of the Drug List. To get the most complete and current information about which drugs are covered, you can visit the plan's website ([medicare.chpw.org/member-center/member-resources/prescription-drug-coverage/](https://www.medicare.chpw.org/member-center/member-resources/prescription-drug-coverage/)) or call Customer Service.

SECTION 4 Your monthly costs for CHPW Dual Complete

Your costs may include the following:

- Plan Premium (Section 4.1)
- Monthly Medicare Part B Premium (Section 4.2)
- Part D Late Enrollment Penalty (Section 4.3)
- Income Related Monthly Adjusted Amount (Section 4.4)

In some situations, your plan premium could be less

There are programs to help people with limited resources pay for their drugs. These include “Extra Help” and State Pharmaceutical Assistance Programs. Chapter 2, Section 7 tells more about these programs. If you qualify, enrolling in the program might lower your monthly plan premium.

If you are *already enrolled* and getting help from one of these programs, **the information about premiums in this *Evidence of Coverage* may not apply to you.** We sent you a separate insert, called the *Evidence of Coverage Rider for People Who Get “Extra Help” Paying for Prescription Drugs* (also known as the *Low-Income Subsidy Rider* or the *LIS Rider*), which tells you about your drug coverage. If you don’t have this insert, please call Customer Service and ask for the *LIS Rider*.

Medicare Part B and Part D premiums differ for people with different incomes. If you have questions about these premiums review your copy of *Medicare & You 2025* handbook, the section called *2025 Medicare Costs* If you need a copy, you can download it from the Medicare website ([medicare.gov/medicare-and-you](https://www.medicare.gov/medicare-and-you)). Or you can order a printed copy by phone at 1-800-MEDICARE (1-800-633-4227), 24 hours a day, 7 days a week. TTY users call 1-877-486-2048.

Section 4.1	Plan premium
--------------------	---------------------

As a member of our plan, you pay a monthly plan premium. For 2025, the monthly premium for CHPW Dual Complete is \$26.20. Depending on you level of “Extra Help” subsidy, your \$26.20 monthly premium may be reduced to as low as \$0. In addition, you must continue to pay your Medicare Part B premium (unless your Part B premium is paid for you by Medicaid or another third party).

Section 4.2	Monthly Medicare Part B Premium
--------------------	--

Many members are required to pay other Medicare premiums

In addition to paying the monthly plan premium, some members are required to pay other Medicare premiums. As explained in Section 2 above in order to be eligible for our plan, you must maintain your eligibility for Medicaid as well as have both Medicare Part A and Medicare Part B. For most CHPW Dual Complete members, Medicaid pays for your Part A premium (if you don’t qualify for it automatically) and for your Part B premium.

If Medicaid is not paying your Medicare premiums for you, you must continue to pay your Medicare premiums to remain a member of the plan. This includes your premium for Part B. It may also include a premium for Part A, which affects members who aren’t eligible for premium-free Part A.

Section 4.3 **Part D Late Enrollment Penalty**

Because you are dually-eligible, the LEP doesn't apply to you as long as you maintain your dually-eligible status, but if you lose your dually-eligible status, you may incur an LEP. The Part D late enrollment penalty is an additional premium that must be paid for Part D coverage if at any time after your initial enrollment period is over, there is a period of 63 days or more in a row when you did not have Part D or other creditable prescription drug coverage. Creditable prescription drug coverage is coverage that meets Medicare's minimum standards since it is expected to pay, on average, at least as much as Medicare's standard prescription drug coverage. The cost of the late enrollment penalty depends on how long you went without Part D or other creditable prescription drug coverage. You will have to pay this penalty for as long as you have Part D coverage.

You **will not** have to pay it if:

- You receive "Extra Help" from Medicare to pay for your prescription drugs.
- You have gone less than 63 days in a row without creditable coverage.
- You have had creditable drug coverage through another source such as a former employer, union, TRICARE, or Veterans Health Administration (VA). Your insurer or your human resources department will tell you each year if your drug coverage is creditable coverage. This information may be sent to you in a letter or included in a newsletter from the plan. Keep this information, because you may need it if you join a Medicare drug plan later.
 - **Note:** Any notice must state that you had creditable prescription drug coverage that is expected to pay as much as Medicare's standard prescription drug plan pays.
 - **Note:** The following are *not* creditable prescription drug coverage: prescription drug discount cards, free clinics, and drug discount websites.

Medicare determines the amount of the penalty. Here is how it works:

- First, count the number of full months that you delayed enrolling in a Medicare drug plan, after you were eligible to enroll. Or count the number of full months you did not have creditable prescription drug coverage, if the break in coverage was 63 days or more. The penalty is 1% for every month that you did not have creditable coverage. For example, if you go 14 months without coverage, the penalty will be 14%.
- Then Medicare determines the amount of the average monthly premium for Medicare drug plans in the nation from the previous year. For 2024 this average premium amount was \$34.70. This amount may change for 2025.

- To calculate your monthly penalty, you multiply the penalty percentage and the average monthly premium and then round it to the nearest 10 cents. In the example here, it would be 14% times \$34.70, which equals \$4.86. This rounds to \$4.90. This amount would be added **to the monthly premium for someone with a Part D late enrollment penalty.**

There are three important things to note about this monthly Part D late enrollment penalty:

- First, **the penalty may change each year** because the average monthly premium can change each year.
- Second, **you will continue to pay a penalty** every month for as long as you are enrolled in a plan that has Medicare Part D drug benefits, even if you change plans.
- Third, if you are under 65 and currently receiving Medicare benefits, the Part D late enrollment penalty will reset when you turn 65. After age 65, your Part D late enrollment penalty will be based only on the months that you don't have coverage after your initial enrollment period for aging into Medicare.

If you disagree about your Part D late enrollment penalty, you or your representative can ask for a review. Generally, you must request this review **within 60 days** from the date on the first letter you receive stating you have to pay a late enrollment penalty. However, if you were paying a penalty before joining our plan, you may not have another chance to request a review of that late enrollment penalty. **Important:** Do not stop paying your Part D late enrollment penalty while you're waiting for a review of the decision about your late enrollment penalty. If you do, you could be disenrolled for failure to pay your plan premiums.

Section 4.4	Income Related Monthly Adjustment Amount
--------------------	---

Some members may be required to pay an extra charge, known as the Part D Income Related Monthly Adjustment Amount, also known as IRMAA. The extra charge is figured out using your modified adjusted gross income as reported on your IRS tax return from two years ago. If this amount is above a certain amount, you'll pay the standard premium amount and the additional IRMAA. For more information on the extra amount you may have to pay based on your income, visit [medicare.gov/drug-coverage-part-d/costs-for-medicare-drug-coverage/monthly-premium-for-drug-plans](https://www.medicare.gov/drug-coverage-part-d/costs-for-medicare-drug-coverage/monthly-premium-for-drug-plans).

If you have to pay an extra amount, Social Security, not your Medicare plan, will send you a letter telling you what that extra amount will be. The extra amount will be withheld from your Social Security, Railroad Retirement Board, or Office of Personnel Management benefit check, no matter how you usually pay your plan premium, unless your monthly benefit isn't enough to cover the extra amount owed. If your benefit check isn't enough to cover the extra amount, you will get a bill from Medicare. **You must pay the extra amount to the government. It cannot be paid with your monthly plan premium. If you do not pay the extra amount, you will be disenrolled from the plan and lose prescription drug coverage.**

If you disagree about paying an extra amount, you can ask Social Security to review the decision. To find out more about how to do this, contact Social Security at 1-800-772-1213 (TTY 1-800-325-0778).

SECTION 5 More information about your monthly premium

Section 5.1 There are several ways you can pay your plan premium
--

There are *four* ways you can pay your plan premium.

Option 1: Paying by check

You may decide to pay your plan premium directly to us with a check each month. We will provide you with a pre-paid envelope. Payments are due by the last day of the month.

Payments to our plan should be mailed to:

Community Health Plan of Washington Medicare Advantage
P.O. Box 34162
Seattle, WA 98124-1162

Checks should be made payable to CHPW Medicare Advantage.

In the event that you do not receive a monthly statement from our plan, you may call Customer Service. (Phone numbers for Customer Service are printed on the back cover of this document.) If any check is returned by your bank, your premium will be considered not paid. We will ask you to pay the unpaid amount plus a \$20 fee for non-sufficient funds (NSF) on the returned check.

Option 2: You can pay online using your credit or debit card

You may decide to pay your plan premium directly to us by using E-Bill Express. E-Bill Express is a payment tool that allows you to pay your monthly plan premiums online. You can make a single payment or set up automatic recurring payments. For more information or to enroll in this payment option, visit our website at medicare.chpw.org/member-center/member-self-service/pay-your-bills.

Option 3: Having your premium taken out of your monthly Social Security check

You can have the plan premium taken out of your monthly Social Security check. Contact Customer Service for more information on how to pay your monthly plan premium this way. We will be happy to help you set this up. (Phone numbers for Customer Service are printed on the back cover of this document.)

Option 4: you can pay by Electronic Funds Transfer (EFT) from your bank account

You may also decide to pay your premium directly to our plan through automatic EFT from your checking or savings account each month. The funds would be deducted from your account. This usually happens the 5th day of the month following the start of your enrollment.

If you select this option, we will ask you to complete a Payment Option Form, on which you should include a VOIDED check or provide us with the account holder's name, bank routing number, account number and account type (checking or savings). A copy of the Payment Option Form can be found on our website at medicare.chpw.org/member-center/member-resources/medicare-plan-documents. You can also call Customer Service to request a copy of this form. (Phone numbers for Customer Service are printed on the back cover of this document.) If any deduction is returned by your bank, your premium will be considered not paid. We will ask you to pay the unpaid amount plus a \$20 fee for non-sufficient funds (NSF) on the returned automatic payment deduction.

Changing the way you pay your premium

If you decide to change the option by which you pay your premium, it can take up to three months for your new payment method to take effect. While we are processing your request for a new payment method, you are responsible for making sure that your plan premium is paid on time. To change your payment method, please complete a Payment Option Form, which can be found on our website at medicare.chpw.org/member-center/member-resources/medicare-plan-documents. You can also call Customer Service to request a copy of this form. (Phone numbers for Customer Service are printed on the back cover of this document.)

What to do if you are having trouble paying your plan premium

Your plan premium payment is due in our office by the last day of the month.

If you are having trouble paying your premium on time, please contact Customer Service to see if we can direct you to programs that will help with your plan premium.

Section 5.2	Can we change your monthly plan premium during the year?
--------------------	---

No. We are not allowed to change the amount we charge for the plan’s monthly plan premium during the year. If the monthly plan premium changes for next year, we will tell you in September and the change will take effect on January 1.

However, in some cases the part of the premium that you have to pay can change during the year. This happens if you become eligible for the “Extra Help” program or if you lose your eligibility for the “Extra Help” program during the year. If a member qualifies for “Extra Help” with their prescription drug costs, the “Extra Help” program will pay part of the member’s monthly plan premium. A member who loses their eligibility during the year will need to start paying their full monthly premium. You can find out more about the “Extra Help” program in Chapter 2, Section 7.

SECTION 6 **Keeping your plan membership record up to date**

Your membership record has information from your enrollment form, including your address and telephone number. It shows your specific plan coverage including your Primary Care Provider.

The doctors, hospitals, pharmacists, and other providers in the plan’s network need to have correct information about you. **These network providers use your membership record to know what services and drugs are covered and the cost-sharing amounts for you.** Because of this, it is very important that you help us keep your information up to date.

Let us know about these changes:

- Changes to your name, your address, or your phone number
- Changes in any other health insurance coverage you have (such as from your employer, your spouse or domestic partner’s employer, workers’ compensation, or Medicaid)
- If you have any liability claims, such as claims from an automobile accident
- If you have been admitted to a nursing home
- If you receive care in an out-of-area or out-of-network hospital or emergency room
- If your designated responsible party (such as a caregiver) changes
- If you are participating in a clinical research study (**Note:** You are not required to tell your plan about the clinical research studies you intend to participate in, but we encourage you to do so.)

If any of this information changes, please let us know by calling Customer Service.

It is also important to contact Social Security if you move or change your mailing address. You can find phone numbers and contact information for Social Security in Chapter 2, Section 5.

SECTION 7 How other insurance works with our plan

Other insurance

Medicare requires that we collect information from you about any other medical or drug insurance coverage that you have. That's because we must coordinate any other coverage you have with your benefits under our plan. This is called **Coordination of Benefits**.

Once each year, we will send you a letter that lists any other medical or drug insurance coverage that we know about. Please read over this information carefully. If it is correct, you don't need to do anything. If the information is incorrect, or if you have other coverage that is not listed, please call Customer Service. You may need to give your plan member ID number to your other insurers (once you have confirmed their identity) so your bills are paid correctly and on time.

When you have other insurance (like employer group health coverage), there are rules set by Medicare that decide whether our plan or your other insurance pays first. The insurance that pays first is called the primary payer and pays up to the limits of its coverage. The one that pays second, called the secondary payer, only pays if there are costs left uncovered by the primary coverage. The secondary payer may not pay all of the uncovered costs. If you have other insurance, tell your doctor, hospital, and pharmacy.

These rules apply for employer or union group health plan coverage:

- If you have retiree coverage, Medicare pays first.
- If your group health plan coverage is based on your or a family member's current employment, who pays first depends on your age, the number of people employed by your employer, and whether you have Medicare based on age, disability, or End-Stage Renal Disease (ESRD):
 - If you're under 65 and disabled and you or your family member is still working, your group health plan pays first if the employer has 100 or more employees or at least one employer in a multiple employer plan that has more than 100 employees.
 - If you're over 65 and you or your spouse or domestic partner is still working, your group health plan pays first if the employer has 20 or more employees or at least one employer in a multiple employer plan that has more than 20 employees.
- If you have Medicare because of ESRD, your group health plan will pay first for the first 30 months after you become eligible for Medicare.

These types of coverage usually pay first for services related to each type:

- No-fault insurance (including automobile insurance)
- Liability (including automobile insurance)
- Black lung benefits
- Workers' compensation

Medicaid and TRICARE never pay first for Medicare-covered services. They only pay after Medicare and/or employer group health plans have paid.

SECTION 3 **State Health Insurance Assistance Program** (free help, information, and answers to your questions about Medicare)

The State Health Insurance Assistance Program (SHIP) is a government program with trained counselors in every state. In Washington, the SHIP is called Statewide Health Insurance Benefits Advisors (SHIBA).

SHIBA is an independent (not connected with any insurance company or health plan) state program that gets money from the Federal government to give free local health insurance counseling to people with Medicare.

SHIBA counselors can help you understand your Medicare rights, help you make complaints about your medical care or treatment, and help you straighten out problems with your Medicare bills. SHIBA counselors can also help you with Medicare questions or problems and help you understand your Medicare plan choices and answer questions about switching plans.

METHOD TO ACCESS SHIP and OTHER RESOURCES:

- Visit shiphelp.org (Click on SHIP LOCATOR in middle of page)
- Select your **STATE** from the list. This will take you to a page with phone numbers and resources specific to your state.

SECTION 4 Quality Improvement Organization

There is a designated Quality Improvement Organization for serving Medicare beneficiaries in each state. For Washington, the Quality Improvement Organization is called Acentra Health. Acentra Health has a group of doctors and other health care professionals who are paid by Medicare to check on and help improve the quality of care for people with Medicare. Acentra Health is an independent organization. It is not connected with our plan.

You should contact Acentra Health in any of these situations:

- You have a complaint about the quality of care you have received.
- You think coverage for your hospital stay is ending too soon.
- You think coverage for your home health care, skilled nursing facility care, or Comprehensive Outpatient Rehabilitation Facility (CORF) services are ending too soon.

SECTION 5 Social Security

Social Security is responsible for determining eligibility and handling enrollment for Medicare. U.S. citizens and lawful permanent residents who are 65 or older, or who have a disability or End-Stage Renal Disease and meet certain conditions, are eligible for Medicare. If you are already getting Social Security checks, enrollment into Medicare is automatic. If you are not getting Social Security checks, you have to enroll in Medicare. To apply for Medicare, you can call Social Security or visit your local Social Security office.

Social Security is also responsible for determining who has to pay an extra amount for their Part D drug coverage because they have a higher income. If you got a letter from Social Security telling you that you have to pay the extra amount and have questions about the amount or if your income went down because of a life-changing event, you can call Social Security to ask for reconsideration.

If you move or change your mailing address, it is important that you contact Social Security to let them know.

Method	Social Security – Contact Information

SECTION 6 Medicaid

Medicaid is a joint Federal and state government program that helps with medical costs for certain people with limited incomes and resources. Some people with Medicare are also eligible for Medicaid. The programs offered through Medicaid help people with Medicare pay their Medicare costs, such as their Medicare premiums. These **Medicare Savings Programs** include:

- **Qualified Medicare Beneficiary (QMB+, CNP/QMB, LCP-MNP/QMB):** Helps pay Medicare Part A and Part B premiums, and other cost sharing (like deductibles, coinsurance, and copayments). (Some people with QMB are also eligible for full Medicaid benefits (QMB+).)
- **Specified Low-Income Medicare Beneficiary (SLMB+):** Helps pay Part B premiums and are also eligible for full Medicaid benefits (SLMB+).

If you have questions about the assistance you get from Medicaid, contact Washington State Health Care Authority (HCA).

SECTION 7 Information about programs to help people pay for their prescription drugs

The Medicare.gov website ([medicare.gov/basics/costs/help/drug-costs](https://www.medicare.gov/basics/costs/help/drug-costs)) provides information on how to lower your prescription drug costs. For people with limited incomes, there are also other programs to assist, described below.

Medicare’s “Extra Help” Program

Because you are eligible for Medicaid, you qualify for and are getting “Extra Help” from Medicare to pay for your prescription drug plan costs. You do not need to do anything further to get this “Extra Help.”

If you have questions about “Extra Help,” call:

- 1-800-MEDICARE (1-800-633-4227). TTY users should call 1-877-486-2048, 24 hours a day, 7 days a week;
- The Social Security Office at 1-800-772-1213, between 8 am and 7 pm, Monday through Friday. TTY users should call 1-800-325-0778; or
- Your State Medicaid Office (See Section 6 of this chapter for contact information).

If you believe that you are paying an incorrect cost-sharing amount when you get your prescription at a pharmacy, our plan has a process for you to either request assistance in obtaining evidence of your proper copayment level, or, if you already have the evidence, to provide this evidence to us.

- We follow Medicare’s Best Available Evidence (BAE) guidelines to determine the correct level of “Extra Help” coverage. If Medicare and plan systems do not reflect your “Extra Help” status then you may be asked to provide documentation to verify your status. Some acceptable forms of documentation include:
 - SSA Award Letter
 - Notice of Award
 - Supplemental Security Income
- If you do not have the required documentation but believe that you are eligible for “Extra Help,” we can assist you with completing a request to the Centers for Medicare & Medicaid Services (CMS). For assistance with this process, please call Customer Service (phone numbers are on the back cover of this document).

- When we receive the evidence showing your copayment level, we will update our system so that you can pay the correct copayment when you get your next prescription at the pharmacy. If you overpay your copayment, we will reimburse you. Either we will forward a check to you in the amount of your overpayment, or we will offset future copayments. If the pharmacy hasn't collected a copayment from you and is carrying your copayment as a debt owed by you, we may make the payment directly to the pharmacy. If a state paid on your behalf, we may make payment directly to the state. Please contact Customer Service if you have questions.

What if you have Extra Help and coverage from a State Pharmaceutical Assistance Program (SPAP)?

Many states and the U.S. Virgin Islands offer help paying for prescriptions, drug plan premiums and/or other drug costs. If you are enrolled in a State Pharmaceutical Assistance Program (SPAP), Medicare's Extra Help pays first.

In Washington, the State Pharmaceutical Assistance Program is Washington State Health Insurance Pool (WSHIP)

What if you have Extra Help and coverage from an AIDS Drug Assistance Program (ADAP)? What is the AIDS Drug Assistance Program (ADAP)?

The AIDS Drug Assistance Program (ADAP) helps ADAP-eligible individuals living with HIV/AIDS have access to life-saving HIV medications. Medicare Part D prescription drugs that are also on the ADAP formulary qualify for prescription cost-sharing assistance through the Early Intervention Program (EIP)

Note: To be eligible for the ADAP operating in your State, individuals must meet certain criteria, including proof of State residence and HIV status, low income as defined by the State, and uninsured/under-insured status. If you change plans please notify your local ADAP enrollment worker so you can continue to receive assistance. For information on eligibility criteria, covered drugs, or how to enroll in the program, please call Early Intervention Program (EIP) toll free 1-877-376-9316, fax 1-360-664-2216, or email Ask.EIP@doh.wa.gov.

State Pharmaceutical Assistance Programs

Many states have State Pharmaceutical Assistance Programs that help some people pay for prescription drugs based on financial need, age, medical condition, or disabilities. Each state has different rules to provide drug coverage to its members.

In Washington, the State Pharmaceutical Assistance Program is Washington State Health Insurance Pool (WSHIP).

CHAPTER 3:

Using the plan for your medical services

SECTION 1 Things to know about getting your medical care as a member of our plan

This chapter explains what you need to know about using the plan to get your medical care covered. It gives definitions of terms and explains the rules you will need to follow to get the medical treatments, services, equipment, prescription drugs, and other medical care that are covered by the plan.

For the details on what medical care by our plan use the benefits chart in the next chapter, Chapter 4 (*Medical Benefits Chart, what is covered*).

Section 1.1	What are network providers and covered services?
--------------------	---

- **Providers** are doctors and other health care professionals licensed by the state to provide medical services and care. The term providers also include hospitals and other health care facilities.
- **Network providers** are the doctors and other health care professionals, medical groups, hospitals, and other health care facilities that have an agreement with us to accept our payment as payment in full. We have arranged for these providers to deliver covered services to members in our plan. The providers in our network bill us directly for care they give you. When you see a network provider, you pay nothing for covered services.
- **Covered services** include all the medical care, health care services, supplies equipment, and Prescription Drugs that are covered by our plan. Your covered services for medical care are listed in the benefits chart in Chapter 4. Your covered services for prescription drugs are discussed in Chapter 5.

Section 1.2	Basic rules for getting your medical care covered by the plan
--------------------	--

As a Medicare health plan, CHPW Dual Complete must cover all services covered by Original Medicare.

CHPW Dual Complete will generally cover your medical care as long as:

- **The care you receive is included in the plan's Medical Benefits Chart** (this chart is in Chapter 4 of this document).
- **The care you receive is considered medically necessary.** Medically necessary means that the services, supplies, equipment, or drugs are needed for the prevention, diagnosis, or treatment of your medical condition and meet accepted standards of medical practice.

- **You have a network primary care provider (a PCP) who is providing and overseeing your care.** As a member of our plan, you must choose a network PCP (for more information about this, see Section 2.1 in this chapter).
 - In most situations, your network PCP must give you approval in advance before you can use other providers in the plan's network, such as specialists, hospitals, skilled nursing facilities, or home health care agencies. This is called giving you a referral. For more information about this, see Section 2.3 of this chapter.
 - Referrals from your PCP are not required for emergency care or urgently needed services. There are also some other kinds of care you can get without having approval in advance from your PCP (for more information about this, see Section 2.2 of this chapter).

- **You must receive your care from a network provider** (for more information about this, see Section 2 in this chapter). In most cases, care you receive from an out-of-network provider (a provider who is not part of our plan's network) will not be covered. This means that you will have to pay the provider in full for the services furnished. *Here are three exceptions:*
 - The plan covers emergency care or urgently needed services that you get from an out-of-network provider. For more information about this, and to see what emergency or urgently needed services means, see Section 3 in this chapter.
 - If you need medical care that Medicare requires our plan to cover but there are no specialists in our network that provide this care, you can get this care from an out-of-network provider at the same cost sharing you normally pay in-network. In this situation, we will cover these services as if you got the care from a network provider. For information about getting approval to see an out-of-network doctor, see Section 2.4 in this chapter.
 - The plan covers kidney dialysis services that you get at a Medicare-certified dialysis facility when you are temporarily outside the plan's service area or when your provider for this service is temporarily unavailable or inaccessible. The cost sharing you pay the plan for dialysis can never exceed the cost sharing in Original Medicare. If you are outside the plan's service area and obtain the dialysis from a provider that is outside the plan's network, your cost sharing cannot exceed the cost sharing you pay in-network. However, if your usual in-network provider for dialysis is temporarily unavailable and you choose to obtain services inside the service area from a provider outside the plan's network the cost sharing for the dialysis may be higher.

SECTION 2 Use providers in the plan’s network to get your medical care

Section 2.1	You must choose a Primary Care Provider (PCP) to provide and oversee your care
--------------------	---

What is a PCP and what does the PCP do for you?

You will go to a Primary Care Provider (PCP) for routine and basic care. Your relationship with your PCP is important and the key to maintaining your health and receiving proper medical care. Your PCP can be a physician, nurse practitioner, physician assistant, or other health care professional who meets state and Medicare requirements and is trained to give you basic medical care.

- Routine and preventive care
- X-rays
- Laboratory tests
- Follow-up care

If you need care from a specialist or other provider, your PCP will help you find the right provider and coordinate your care. Coordinating the services you receive includes checking in with or consulting with other plan providers about your care. For some services, you may need a referral from your PCP and/or authorization from our plan before you get the services. Prior Authorization is an approval you must get before you receive certain treatments, services, medical equipment, or certain medication. Your treating provider will submit prior authorization requests on your behalf to the health plan.

How do you choose your PCP?

You may choose a PCP from the Community Health Plan of Washington Dual Complete network list in the Primary Care Provider & Hospital Directory. We strongly recommend that you choose a PCP who meets your specific health care needs and is easy for you to get to. You should visit your PCP for routine preventive care and establish a good relationship with your PCP before you need serious medical attention.

To search for a PCP online, please visit our website at medicare.chpw.org/find-a-doctor. You can also see or download the Primary Care Provider & Hospital Directory at medicare.chpw.org/find-a-doctor.

You can always ask Customer Service for help in selecting your PCP by calling 1-800-942-0247 (TTY Relay: Dial 711), 8:00 a.m. to 8:00 p.m., 7 days a week. You can also request the name, title, professional, and educational qualifications of any network physician.

Changing your PCP

You may change your PCP for any reason, at any time. Also, it's possible that your PCP might leave our plan's network of providers and you would have to find a new PCP.

In most cases, a change in PCP will not be effective until the 1st of the following month. If you are seeing specialists or getting covered services that need your PCP's approval (such as home health services or durable medical equipment), Customer Service can assist you with getting authorizations and referrals from your new PCP. They will also check to be sure the PCP you want is accepting new patients. Customer Service will change your membership record to show the name of your PCP and confirm when the PCP change will take effect.

Section 2.2	What kinds of medical care can you get without a referral from your PCP?
--------------------	---

You can get the services listed below without getting approval in advance from your PCP.

- Routine women's health care, which includes breast exams, screening mammograms (x-rays of the breast), Pap tests, and pelvic exams as long as you get them from a network provider
- Flu shots (or vaccines), COVID-19 vaccinations, Hepatitis B vaccinations, and pneumonia vaccinations as long as you get them from a network provider
- Emergency services from network providers or from out-of-network providers
- Urgently needed plan-covered services, which are services requiring immediate medical attention that are not emergencies, provided you are temporarily outside the service area of the plan, or it is unreasonable given your time, place, and circumstances to obtain this service from network providers with whom the plan contracts. Examples of urgently needed services are unforeseen medical illnesses and injuries or unexpected flare-ups of existing conditions. However, medically necessary routine provider visits, such as annual checkups, are not considered urgently needed even if you are outside the service area of the plan or the plan network is temporarily unavailable.
- Kidney dialysis services that you get at a Medicare-certified dialysis facility when you are temporarily outside the plan's service area. If possible, please call Customer Service before you leave the service area so we can help arrange for you to have maintenance dialysis while you are away.
- Select supplemental comprehensive dental services (see "Dental services (supplemental)" in the Medical Benefit Chart, Chapter 4, Section 2.1)
- Select vision benefits (see "Vision care (supplemental)" in the Medical Benefit Chart, Chapter 4, Section 2.1)
- Supplemental health and wellbeing benefits (see "Health and Wellbeing (Supplemental)" in the Medical Benefits Chart, Chapter 4, Section 2.1)

Section 2.3	How to get care from specialists and other network providers
--------------------	---

A specialist is a doctor who provides health care services for a specific disease or part of the body. There are many kinds of specialists. Here are a few examples:

- Oncologists care for patients with cancer
- Cardiologists care for patients with heart conditions
- Orthopedists care for patients with certain bone, joint, or muscle conditions

Benefits are provided for medically necessary health care services only when your PCP, along with CHPW, provides or arranges the services. Your PCP will provide most of your health care and when medically appropriate refer you to a CHPW network specialist.

Services such as elective surgical procedures, hospitalizations, and skilled nursing care must be approved by CHPW before you receive care. The provider delivering your care is responsible for getting approval from CHPW for these services.

If there is a specialist or hospital that you want to use, check first to be sure your PCP makes referrals to that specialist or uses that hospital. Please refer to Chapter 4, Section 2.1 for information about which services require prior authorization. You can also see the Prior Authorization List online at medicare.chpw.org/provider-center/prior-authorization for a complete list of services that require approval in advance or call Customer Service. If you don't obtain a referral or a prior authorization before services are provided, you may have to pay for the cost of those services.

What if a specialist or another network provider leaves our plan?

We may make changes to the hospitals, doctors, and specialists (providers) that are part of your plan during the year. If your doctor or specialist leaves your plan you have certain rights and protections that are summarized below:

- Even though our network of providers may change during the year, Medicare requires that we furnish you with uninterrupted access to qualified doctors and specialists.
- We will notify you that your provider is leaving our plan so that you have time to select a new provider.
 - If your primary care or behavioral health provider leaves our plan, we will notify you if you have seen that provider within the past three years.
 - If any of your other providers leave our plan, we will notify you if you are assigned to the provider, currently receive care from them, or have seen them within the past three months.

- We will assist you in selecting a new qualified in-network provider that you may access for continued care.
- If you are currently undergoing medical treatment or therapies with your current provider, you have the right to request, and we will work with you to ensure, that the medically necessary treatment or therapies you are receiving continues.
- We will provide you with information about the different enrollment periods available to you and options you may have for changing plans.
- We will arrange for any medically necessary covered benefit outside of our provider network, but at in-network cost sharing, when an in-network provider or benefit is unavailable or inadequate to meet your medical needs. Contact Customer Service to see whether prior authorization is needed.
- If you find out your doctor or specialist is leaving your plan, please contact us so we can assist you in finding a new provider to manage your care.
- If you believe we have not furnished you with a qualified provider to replace your previous provider or that your care is not being appropriately managed, you have the right to file a quality of care complaint to the QIO, a quality of care grievance to the plan, or both. Please see Chapter 9.

Section 2.4	How to get care from out-of-network providers
--------------------	--

In general, CHPW does not allow an out-of-network benefit. Exceptions are listed below. Any other out-of-network services may be your financial responsibility.

- Emergency services from network providers or from out-of-network providers.
- Urgently needed services when the network providers are temporarily unavailable or inaccessible or when the enrollee is out of the service area. For example, you need immediate care during the weekend. Services must be immediately needed and medically necessary.
- Kidney dialysis services that you get at a Medicare-certified dialysis facility when you are temporarily outside the plan's service area. (Please call Customer Service before you leave the service area so we can help arrange for you to have maintenance dialysis while you are away. Phone numbers for Customer Service are printed on the back cover of this document.)
- When a specialist is not available and you obtain a referral from your PCP to the out-of-network specialist. You **may** need a plan-approved referral.

For times that a plan approved referral is required, your PCP must submit a request to CHPW for approval. If approved, CHPW will send you a letter with the name of the provider, the date range of the approval, and the number of approved visits or services.

SECTION 3 How to get services when you have an emergency or urgent need for care or during a disaster

Section 3.1 Getting care if you have a medical emergency

What is a medical emergency and what should you do if you have one?

A **medical emergency** is when you, or any other prudent layperson with an average knowledge of health and medicine, believe that you have medical symptoms that require immediate medical attention to prevent your loss of life (and, if you are a pregnant woman, loss of an unborn child), loss of a limb or function of a limb, or loss of or serious impairment to a bodily function. The medical symptoms may be an illness, injury, severe pain, or a medical condition that is quickly getting worse.

If you have a medical emergency:

- **Get help as quickly as possible.** Call 911 for help or go to the nearest emergency room or hospital. Call for an ambulance if you need it. You do *not* need to get approval or a referral first from your PCP. You do not need to use a network doctor. You may get covered emergency medical care whenever you need it, anywhere in the United States or its territories, and from any provider with an appropriate state license even if they are not part of our network. Our plan covers limited emergency/urgent services outside the United States. For more information, see “Worldwide emergency/urgent services” in the Medical Benefits Chart in Chapter 4 of this document.

What is covered if you have a medical emergency?

Our plan covers ambulance services in situations where getting to the emergency room in any other way could endanger your health. We also cover medical services during the emergency.

The doctors who are giving you emergency care will decide when your condition is stable and the medical emergency is over.

After the emergency is over, you are entitled to follow-up care to be sure your condition continues to be stable. Your doctors will continue to treat you until your doctors contact us and make plans for additional care. Your follow-up care will be covered by our plan. If your emergency care is provided by out-of-network providers, we will try to arrange for network providers to take over your care as soon as your medical condition and the circumstances allow. Please contact Customer Service for assistance with arranging for network providers to take over your care.

What if it wasn't a medical emergency?

Sometimes it can be hard to know if you have a medical emergency. For example, you might go in for emergency care – thinking that your health is in serious danger – and the doctor may say that it wasn't a medical emergency after all. If it turns out that it was not an emergency, as long as you reasonably thought your health was in serious danger, we will cover your care.

However, after the doctor has said that it was *not* an emergency, we will cover additional care *only* if you get the additional care in one of these two ways:

- You go to a network provider to get the additional care.
- – *or* – The additional care you get is considered urgently needed services and you follow the rules for getting this urgent care (for more information about this, see Section 3.2 below).

Section 3.2	Getting care when you have an urgent need for services
--------------------	---

What are urgently needed services?

A plan-covered service requiring immediate medical attention that is not an emergency is an urgently needed service if either you are temporarily outside the service area of the plan, or it is unreasonable given your time, place, and circumstances to obtain this service from network providers with whom the plan contracts. Examples of urgently needed services are unforeseen medical illnesses and injuries, or unexpected flare-ups of existing conditions. However, medically necessary routine provider visits, such as annual checkups, are not considered urgently needed even if you are outside the service area of the plan or the plan network is temporarily unavailable.

If you have an urgent medical situation, you can contact your PCP. Some providers offer same-day urgent care appointments, and many are associated with urgent care centers. The 24-hour Nurse Advice Line is available at 1-866-418-2920 (TTY 711). You can also call our Customer Service department at 1-800-942-0247 (TTY Relay: Dial 711) from 8:00 a.m. to 8:00 p.m., 7 days a week. Calls to these numbers are free. **If you feel you need emergency care, you should dial 911 immediately.**

Section 3.3 Getting care during a disaster

If the Governor of your state, the U.S. Secretary of Health and Human Services, or the President of the United States declares a state of disaster or emergency in your geographic area, you are still entitled to care from your plan.

Please visit the following website: medicare.chpw.org for information on how to obtain needed care during a disaster.

If you cannot use a network provider during a disaster, your plan will allow you to obtain care from out-of-network providers at in-network cost sharing. If you cannot use a network pharmacy during a disaster, you may be able to fill your prescription drugs at an out-of-network pharmacy. Please see Chapter 5, Section 2.5 for more information.

SECTION 4 What if you are billed directly for the full cost of your services?

Section 4.1 You can ask us to pay for covered services

If you have paid for your covered services, or if you have received a bill for covered medical services, go to Chapter 7 (Asking us to pay our share of a bill you have received for covered medical services or drugs) for information about what to do.

Section 4.2 What should you do if services are not covered by our plan?

CHPW Dual Complete covers all medically necessary services as listed in the Medical Benefits Chart in Chapter 4 of this document. If you receive services not covered by our plan or services obtained out-of-network and were not authorized, you are responsible for paying the full cost of services.

For covered services that have a benefit limitation, you also pay the full cost of any services you get after you have used up your benefit for that type of covered service. Payment for costs once a benefit limit has been reached will not count toward an out-of-pocket maximum.

SECTION 5 How are your medical services covered when you are in a clinical research study?

Section 5.1	What is a clinical research study?
--------------------	---

A clinical research study (also called a *clinical trial*) is a way that doctors and scientists test new types of medical care, like how well a new cancer drug works. Certain clinical research studies are approved by Medicare. Clinical research studies approved by Medicare typically request volunteers to participate in the study.

Once Medicare approves the study, and you express interest, someone who works on the study will contact you to explain more about the study and see if you meet the requirements set by the scientists who are running the study. You can participate in the study as long as you meet the requirements for the study *and* you have a full understanding and acceptance of what is involved if you participate in the study.

If you participate in a Medicare-approved study, Original Medicare pays most of the costs for the covered services you receive as part of the study. If you tell us that you are in a qualified clinical trial, then you are only responsible for the in-network cost sharing for the services in that trial. If you paid more, for example, if you already paid the Original Medicare cost-sharing amount, we will reimburse the difference between what you paid and the in-network cost sharing. However, you will need to provide documentation to show us how much you paid. When you are in a clinical research study, you may stay enrolled in our plan and continue to get the rest of your care (the care that is not related to the study) through our plan.

If you want to participate in any Medicare-approved clinical research study, you do *not* need to tell us or to get approval from us or your PCP. The providers that deliver your care as part of the clinical research study do *not* need to be part of our plan's network of providers. Please note that this does not include benefits for which our plan is responsible that include, as a component, a clinical trial or registry to assess the benefit. These include certain benefits specified under national coverage determinations requiring coverage with evidence development (NCDs-CED) and investigational device exemption (IDE) studies and may be subject to prior authorization and other plan rules.

Although you do not need to get our plan's permission to be in a clinical research study, covered for Medicare Advantage enrollees by Original Medicare, we encourage you to notify us in advance when you choose to participate in Medicare-qualified clinical trials.

If you participate in a study that Medicare has *not* approved, *you will be responsible for paying all costs for your participation in the study.*

Section 5.2 **When you participate in a clinical research study, who pays for what?**

Once you join a Medicare-approved clinical research study, Original Medicare covers the routine items and services you receive as part of the study, including:

- Room and board for a hospital stay that Medicare would pay for even if you weren't in a study
- An operation or other medical procedure if it is part of the research study
- Treatment of side effects and complications of the new care

After Medicare has paid its share of the cost for these services, our plan will pay the difference between the cost sharing in Original Medicare and your in-network cost sharing as a member of our plan. This means you will pay the same amount for the services you receive as part of the study as you would if you received these services from our plan. However, you are required to submit documentation showing how much cost sharing you paid. Please see Chapter 7 for more information for submitting requests for payments.

Here's an example of how the cost sharing works: Let's say that you have a lab test that costs \$100 as part of the research study. Let's also say that your share of the costs for this test is \$20 under Original Medicare, but the test would be \$10 under our plan's benefits. In this case, Original Medicare would pay \$80 for the test and you would pay the \$20 copay required under Original Medicare. You would then notify your plan that you received a qualified clinical trial service and submit documentation such as a provider bill to the plan. The plan would then directly pay you \$10. Therefore, your net payment is \$10, the same amount you would pay under our plan's benefits. Please note that in order to receive payment from your plan, you must submit documentation to your plan such as a provider bill.

When you are part of a clinical research study, **neither Medicare nor our plan will pay for any of the following:**

- Generally, Medicare will *not* pay for the new item or service that the study is testing unless Medicare would cover the item or service even if you were *not* in a study.
- Items or services provided only to collect data, and not used in your direct health care. For example, Medicare would not pay for monthly CT scans done as part of the study if your medical condition would normally require only one CT scan.
- Items and services customarily provided by the research sponsors free-of-charge for any enrollee in the trial.

Do you want to know more?

You can get more information about joining a clinical research study by visiting the Medicare website to read or download the publication *Medicare and Clinical Research Studies*. (The publication is available at: [medicare.gov/Pubs/pdf/02226-Medicare-and-Clinical-Research-Studies.pdf](https://www.medicare.gov/Pubs/pdf/02226-Medicare-and-Clinical-Research-Studies.pdf).) You can also call 1-800-MEDICARE (1-800-633-4227), 24 hours a day, 7 days a week. TTY users should call 1-877-486-2048.

SECTION 6 Rules for getting care in a religious non-medical health care institution

Section 6.1	What is a religious non-medical health care institution?
--------------------	---

A religious non-medical health care institution is a facility that provides care for a condition that would ordinarily be treated in a hospital or skilled nursing facility. If getting care in a hospital or a skilled nursing facility is against a member's religious beliefs, we will instead provide coverage for care in a religious non-medical health care institution. This benefit is provided only for Part A inpatient services (non-medical health care services).

Section 6.2	Receiving Care from a Religious Non-Medical Health Care Institution
--------------------	--

To get care from a religious non-medical health care institution, you must sign a legal document that says you are conscientiously opposed to getting medical treatment that is **non-excepted**.

- **Non-excepted** medical care or treatment is any medical care or treatment that is *voluntary* and *not required* by any federal, state, or local law.
- **Excepted** medical treatment is medical care or treatment that you get that is *not* voluntary or *is required* under federal, state, or local law.

To be covered by our plan, the care you get from a religious non-medical health care institution must meet the following conditions:

- The facility providing the care must be certified by Medicare.
- Our plan's coverage of services you receive is limited to *non-religious* aspects of care.
- If you get services from this institution that are provided to you in a facility, the following conditions apply :
 - You must have a medical condition that would allow you to receive covered services for inpatient hospital care or skilled nursing facility care.
 - – *and* – You must get approval in advance from our plan before you are admitted to the facility or your stay will not be covered.

The Medicare inpatient hospital coverage limits apply. This means regular coverage ends after day 90. After day 90, you begin using your 60 “lifetime reserve days.” These are “extra” days that we cover. If your hospital stay is longer than 90 days, you can use these extra days. But once you have used up these extra 60 days, your inpatient hospital coverage will be limited to 90 days. See Medical Benefits Chart in Chapter 4 for more information.

SECTION 7 Rules for ownership of durable medical equipment

Section 7.1	Will you own the durable medical equipment after making a certain number of payments under our plan?
--------------------	---

Durable medical equipment (DME) includes items such as oxygen equipment and supplies, wheelchairs, walkers, powered mattress systems, crutches, diabetic supplies, speech generating devices, IV infusion pumps, nebulizers, and hospital beds ordered by a provider for use in the home. The member always owns certain items, such as prosthetics. In this section, we discuss other types of DME that you must rent.

In Original Medicare, people who rent certain types of DME own the equipment after paying copayments for the item for 13 months. As a member of CHPW Dual Complete, however, you usually will not acquire ownership of rented DME items no matter how many copayments you make for the item while a member of our plan, even if you made up to 12 consecutive payments for the DME item under Original Medicare before you joined our plan. Under certain limited circumstances, we will transfer ownership of the DME item to you. Call Customer Service for more information.

What happens to payments you made for durable medical equipment if you switch to Original Medicare?

If you did not acquire ownership of the DME item while in our plan, you will have to make 13 new consecutive payments after you switch to Original Medicare in order to own the item. The payments made while enrolled in your plan do not count.

Example 1: You made 12 or fewer consecutive payments for the item in Original Medicare and then joined our plan. The payments you made in Original Medicare do not count.

Example 2: You made 12 or fewer consecutive payments for the item in Original Medicare and then joined our plan. You were in our plan but did not obtain ownership while in our plan. You then go back to Original Medicare. You will have to make 13 consecutive new payments to own the item once you join Original Medicare again. All previous payments (whether to our plan or to Original Medicare) do not count.

Section 7.2 Rules for oxygen equipment, supplies, and maintenance

What oxygen benefits are you entitled to?

If you qualify for Medicare oxygen equipment coverage CHPW Dual Complete will cover:

- Rental of oxygen equipment
- Delivery of oxygen and oxygen contents
- Tubing and related oxygen accessories for the delivery of oxygen and oxygen contents
- Maintenance and repairs of oxygen equipment

If you leave CHPW Dual Complete or no longer medically require oxygen equipment, then the oxygen equipment must be returned.

What happens if you leave your plan and return to Original Medicare?

Original Medicare requires an oxygen supplier to provide you services for five years. During the first 36 months you rent the equipment. The remaining 24 months the supplier provides the equipment and maintenance (you are still responsible for the copayment for oxygen). After five years you may choose to stay with the same company or go to another company. At this point, the five-year cycle begins again, even if you remain with the same company, requiring you to pay copayments for the first 36 months. If you join or leave our plan, the five-year cycle starts over.

CHAPTER 4:

Medical Benefits Chart (what is covered)

SECTION 1 Understanding covered services

This chapter provides a Medical Benefits Chart that lists your covered services as a member of CHPW Dual Complete. Later in this chapter, you can find information about medical services that are not covered. It also explains limits on certain services.

Section 1.1	You pay nothing for your covered services
--------------------	--

Because you get assistance from Medicaid, you pay nothing for your covered services as long as you follow the plans' rules for getting your care. (See Chapter 3 for more information about the plans' rules for getting your care.)

To understand the payment information we give you in this chapter, you need to know about the types of out-of-pocket costs you may pay for your covered services.

- **Copayment** is the fixed amount you pay each time you receive certain medical services. You pay a copayment at the time you get the medical service. (The Medical Benefits Chart in Section 2 tells you more about your copayments.)
- **Coinsurance** is the percentage you pay of the total cost of certain medical services. You pay a coinsurance at the time you get the medical service. (The Medical Benefits Chart in Section 2 tells you more about your coinsurance.)

Section 1.2	What is the most you will pay for Medicare Part A and Part B covered medical services?
--------------------	---

Note: Because our members also get assistance from Medicaid, very few members ever reach this out-of-pocket maximum. You are not responsible for paying any out-of-pocket costs toward the maximum out-of-pocket amount for covered Part A and Part B services

Because you are enrolled in a Medicare Advantage Plan, there is a limit on the amount you have to pay out-of-pocket each year for medical services that are covered under Medicare Part A and Part B. This limit is called the maximum out-of-pocket (MOOP) amount for medical services. For calendar year 2025 this amount is \$9,350.

The amounts you pay for copayments, and coinsurance for covered services count toward this maximum out-of-pocket amount. The amounts you pay for your plan premiums and for your Part D prescription drugs do not count toward your maximum out-of-pocket amount. If you reach the maximum out-of-pocket amount of \$9,350, you will not have to pay any out-of-pocket costs for the rest of the year for covered Part A and Part B services. However, you must continue to pay your plan premium and the Medicare Part B premium (unless your Part B premium is paid for you by Medicaid or another third party).

SECTION 2 **Use the *Medical Benefits Chart* to find out what is covered**

Section 2.1 **Your medical benefits as a member of the plan**

The Medical Benefits Chart on the following pages lists the services CHPW Dual Complete covers Part D prescription drug coverage is in Chapter 5. The services listed in the Medical Benefits Chart are covered only when the following coverage requirements are met:

- Your Medicare covered services must be provided according to the coverage guidelines established by Medicare
- Your services (including medical care, services, supplies, equipment, and Part B prescription drugs) *must* be medically necessary. Medically necessary means that the services, supplies, or drugs are needed for the prevention, diagnosis, or treatment of your medical condition and meet accepted standards of medical practice.
- For new enrollees, your MA coordinated care plan must provide a minimum 90-day transition period, during which time the new MA plan may not require prior authorization for any active course of treatment, even if the course of treatment was for a service that commenced with an out-of-network provider.
- You receive your care from a network provider. In most cases, care you receive from an out-of-network provider will not be covered unless it is emergent or urgent care or unless your plan or a network provider has given you a referral. This means that you will have to pay the provider in full for the services furnished.
- You have a primary care provider (a PCP) who is providing and overseeing your care. In most situations, your PCP must give you approval in advance before you can see other providers in the plan's network. This is called giving you a referral.
- Some of the services listed in the Medical Benefits Chart are covered *only* if your doctor or other network provider gets approval in advance (sometimes called prior authorization) from us. Covered services that need approval in advance are marked in the Medical Benefits Chart: by an asterisk
- If your coordinated care plan provides approval of a prior authorization request for a course of treatment, the approval must be valid for as long as medically reasonable and necessary to avoid disruptions in care in accordance with applicable coverage criteria, your medical history, and the treating provider's recommendation.

Other important things to know about our coverage:

- You are covered by both Medicare and Medicaid. Medicare covers health care and prescription drugs. Medicaid covers your cost sharing for Medicare services. Medicaid also covers services Medicare does not cover.

- Like all Medicare health plans, we cover everything that Original Medicare covers. (If you want to know more about the coverage and costs of Original Medicare, look in your *Medicare & You 2025* handbook. View it online at [medicare.gov](https://www.medicare.gov) or ask for a copy by calling 1-800-MEDICARE (1-800-633-4227), 24 hours a day, 7 days a week. TTY users should call 1-877-486-2048.)
- For all preventive services that are covered at no cost under Original Medicare, we also cover the service at no cost to you. However, if you also are treated or monitored for an existing medical condition during the visit when you receive the preventive service, a copayment will apply for the care received for the existing medical condition.
- If Medicare adds coverage for any new services during 2025, either Medicare or our plan will cover those services.
- If you are within our plan's 6-month period of deemed continued eligibility, we will continue to provide all Medicare Advantage plan-covered Medicare benefits. However, during this period, sharing amounts for Medicare basic and supplemental benefits do not change. You do not pay anything for the services listed in the Benefits Chart, as long as you meet the coverage requirements described above.

Important Benefit Information for Enrollees with Certain Chronic Conditions

- If you are diagnosed by a plan provider with any of the following chronic condition(s) identified below and meet certain medical criteria, you may be eligible for targeted supplemental benefits and/or reduced cost sharing:
 - Diabetes
 - Congestive heart failure (CHF); morbid obesity; or obesity with co-occurring disorders
 - Pre-hypertension; Refractory hypertension; or hypertension with at least one other chronic condition

Important Benefit Information for Enrollees Who Qualify for "Extra Help":

- If you receive "Extra Help" to pay your Medicare prescription drug program costs, such as premiums, deductibles, and coinsurance, you may be eligible for other targeted supplemental benefits and/or targeted reduced cost sharing.
- For further detail, please go to the **VBID** row in the Medical Benefits Chart below.
- Members qualify for the elimination of their cost sharing for Part D prescription drugs. See Chapter 6 for further detail.

Medicare approved CHPW to provide these benefits as part of the Value-Based Insurance Design program. This program lets Medicare try new ways to improve Medicare Advantage plans.

Important Benefit Information for Enrollees Who Qualify for the Health Homes Program:

- Community Health Plan of Washington Dual Complete offers Health Homes for qualifying members who are already engaged in Health Homes at the time of enrollment.
- The Health Home program is for qualifying enrollees with complex conditions and high service needs. As defined by the Centers for Medicare and Medicaid Services (CMS), health home services include six specific services beyond usual clinical care:
 - Comprehensive care management
 - Care coordination
 - Transitional care and follow-up
 - Patient and family support
 - Referral to community support services
 - Health promotion

Health Home services can be provided in primary care settings and through community-based organizations, depending on the particular care needs of an enrollee.

For those joining Medicare Advantage, you may already have been engaged in the Health Homes program. The program is also offered for people with Washington State Apple Health (Medicaid) or dual coverage with Washington State Apple Health (Medicaid) and Medicare who have certain chronic conditions.

- For those who join CHPW Dual Complete and are actively engaged in Health Homes through one of these programs at the time of enrollment, CHPW will continue your program. Our Health Home services are provided by an established and growing network of care coordination organizations throughout Washington State.
- For more information, please contact Customer Service at 1-800-942-0247 (TTY Relay: 711) 8:00 a.m. – 8:00 p.m., 7 days a week.

You will see this apple next to the preventive services in the benefits chart.

Colorectal cancer screening

The following screening tests are covered:

- Colonoscopy has no minimum or maximum age limitation and is covered once every 120 months (10 years) for patients not at high risk, or 48 months after a previous flexible sigmoidoscopy for patients who are not at high risk for colorectal cancer, and once every 24 months for high-risk patients after a previous screening colonoscopy or barium enema.
- Flexible sigmoidoscopy for patients 45 years and older. Once every 120 months for patients not at high risk after the patient received a screening colonoscopy. Once every 48 months for high-risk patients from the last flexible sigmoidoscopy or barium enema.
- Screening fecal-occult blood tests for patients 45 years and older. Once every 12 months.
- Multitarget stool DNA for patients 45 to 85 years of age and not meeting high risk criteria. Once every 3 years.
- Blood-based Biomarker Tests for patients 45 to 85 years of age and not meeting high risk criteria. Once every 3 years.
- Barium Enema as an alternative to colonoscopy for patients at high risk and 24 months since the last screening barium enema or the last screening colonoscopy.
- Barium Enema as an alternative to flexible sigmoidoscopy for patient not at high risk and 45 years or older. Once at least 48 months following the last screening barium enema or screening flexible sigmoidoscopy.

There is no coinsurance, copayment, or deductible for a Medicare-covered colorectal cancer screening exam, excluding barium enemas, for which coinsurance applies. If your doctor finds and removes a polyp or other tissue during the colonoscopy or flexible sigmoidoscopy, the screening exam becomes a diagnostic exam.

For diagnostic colonoscopies, please see “Outpatient diagnostic tests and therapeutic services and supplies” and “Outpatient surgery, including services provided at hospital outpatient facilities and ambulatory surgical centers.”

Pharmacy colonoscopy supplies and preparation are not covered by this benefit.

If additional services are provided, please see “Physician/Practitioner services.”

Colorectal cancer screening tests include a follow-on screening colonoscopy after a Medicare covered non-invasive stool-based colorectal cancer screening test returns a positive result.

Dental services

In general, preventive dental services (such as cleaning, routine dental exams, and dental x-rays) are not covered by Original Medicare. However, Medicare currently pays for dental services in a limited number of circumstances, specifically when that service is an integral part of specific treatment of a beneficiary's primary medical condition. Some examples include reconstruction of the jaw following fracture or injury, tooth extractions done in preparation for radiation treatment for cancer involving the jaw, or oral exams preceding kidney transplantation. In addition, we cover:

- Preventive and comprehensive dental benefits listed below "Dental services (Supplemental)"

Dental services (Supplemental)

Our supplemental benefit includes preventive and comprehensive dental benefits not generally covered by Medicare. Supplemental comprehensive dental services are limited to a total of \$5,000 per year.

Our supplemental preventive dental benefits include:

- Oral exams
- Cleanings
- Fluoride treatments
- Preventive dental X-rays

Our supplemental comprehensive dental benefits include:

- Non-routine services
- Diagnostic services
- Restorative services
- Endodontics/Periodontics/Extractions
- Prosthodontics, other oral/maxillofacial surgery
- Diagnostic dental X-rays
- Dentures
- Other services

20% of the cost for Medicare-covered dental benefits.

Medicare-covered benefits do not count towards plan supplemental coverage limit.

You pay nothing for supplemental preventive and comprehensive services.

Supplemental preventive and comprehensive dental services are limited to \$5,000 per year. You pay for any costs over the plan benefit limit.

Covered supplemental dental services are provided through Delta Dental of Washington and are only covered when provided by a Delta Dental network dentist. To find the most current listing of Delta Dental PPO Plus Premier network dentists, visit DeltaDentalWA.com. Delta Dental Network Providers must submit claims for these dental services to Delta Dental of Washington. You will be responsible for all, or most, services provided by out of network dentists.

Hospice care

You are eligible for the hospice benefit when your doctor and the hospice medical director have given you a terminal prognosis certifying that you're terminally ill and have 6 months or less to live if your illness runs its normal course. You may receive care from any Medicare-certified hospice program. Your plan is obligated to help you find Medicare-certified hospice programs in the plan's service area, including those the MA organization owns, controls, or has a financial interest in. Your hospice doctor can be a network provider or an out-of-network provider.

Covered services include:

- Drugs for symptom control and pain relief
- Short-term respite care
- Home care

For hospice services and for services that are covered by Medicare Part A or B and are related to your terminal prognosis: Original Medicare (rather than our plan) will pay your hospice provider for your hospice services related to your terminal prognosis. While you are in the hospice program, your hospice provider will bill Original Medicare for the services that Original Medicare pays for. You will be billed Original Medicare cost sharing.

For services that are covered by Medicare Part A or B and are not related to your terminal prognosis: If you need non-emergency, non-urgently needed services that are covered under Medicare Part A or B and that are not related to your terminal prognosis, your cost for these services depends on whether you use a provider in our plan's network and follow plan rules (such as if there is a requirement to obtain prior authorization).

- If you obtain the covered services from a network provider and follow plan rules for obtaining service, you only pay the plan cost-sharing amount for in-network services
- If you obtain the covered services from an out-of-network provider, you pay the cost sharing under Fee-for-Service Medicare (Original Medicare)

When you enroll in a Medicare-certified hospice program, your hospice services and your Part A and Part B services related to your terminal prognosis are paid for by Original Medicare, not CHPW Dual Complete.

Hospice Care (continued)

For services that are covered by CHPW Dual Complete but are not covered by Medicare Part A or B: CHPW Dual Complete will continue to cover plan-covered services that are not covered under Part A or B whether or not they are related to your terminal prognosis. You pay your plan cost-sharing amount for these services.

For drugs that may be covered by the plan's Part D benefit: If these drugs are unrelated to your terminal hospice condition you pay cost sharing. If they are related to your terminal hospice condition then you pay Original Medicare cost sharing. Drugs are never covered by both hospice and our plan at the same time. For more information, please see Chapter 5, Section 9.4 (*What if you're in Medicare-certified hospice*).

Note: If you need non-hospice care (care that is not related to your terminal prognosis), you should contact us to arrange the services.

<p>Inpatient hospital care* Includes inpatient acute, inpatient rehabilitation, long-term care hospitals and other types of inpatient hospital services. Inpatient hospital care starts the day you are formally admitted to the hospital with a doctor’s order. The day before you are discharged is your last inpatient day. Covered services include but are not limited to:</p> <ul style="list-style-type: none">• Semi-private room (or a private room if medically necessary)• Meals including special diets• Regular nursing services• Costs of special care units (such as intensive care or coronary care units)• Drugs and medications• Lab tests• X-rays and other radiology services• Necessary surgical and medical supplies• Use of appliances, such as wheelchairs• Operating and recovery room costs• Physical, occupational, and speech language therapy• Under certain conditions, the following types of transplants are covered: corneal, kidney, kidney-pancreatic, heart, liver, lung, heart/lung, bone marrow, stem cell, and intestinal/multivisceral. If you need a transplant, we will arrange to have your case reviewed by a Medicare-approved transplant center that will decide whether you are a candidate for a transplant. Transplant providers may be local or outside of the service area. If our in-network transplant services are outside the community pattern of care, you may choose to go locally as long as the local transplant providers are willing to accept the Original Medicare rate. If CHPW Dual Complete provides transplant services at a location outside the pattern of care for transplants in your community and you choose to obtain transplants at this distant location, we will arrange or pay for appropriate lodging and transportation costs for you and a companion.	<p>With full Medicaid cost share assistance, you pay a \$0 copayment.</p> <p>Our plan covers 90 days for an inpatient hospital stay. Our plan also covers 60 “lifetime reserve days.” These are “extra” days that we cover. If your hospital stay is longer than 90 days, you can use these extra days. Once you have used up these extra 60 days, your inpatient hospital coverage will be limited to 90 days per benefit period.</p> <p>A benefit period begins the first day you go into a hospital or skilled nursing facility. The benefit period ends when you haven’t received any inpatient hospital care (or skilled care in a SNF) for 60 days in a row. If you go into a hospital or a skilled nursing facility after one benefit period has ended, a new benefit period begins. There is no limit to the number of benefit periods</p> <p>If you get authorized inpatient care at an out-of-network hospital after your emergency condition is stabilized, your cost is the cost sharing you would pay at a network hospital.</p>

Inpatient hospital care (continued)

- Blood - including storage and administration. Coverage of whole blood and packed red cells begins only with the fourth pint of blood that you need - you must either pay the costs for the first 3 pints of blood you get in a calendar year or have the blood donated by you or someone else. All other components of blood are covered beginning with the first pint used
- Physician services

Note: To be an inpatient, your provider must write an order to admit you formally as an inpatient of the hospital. Even if you stay in the hospital overnight, you might still be considered an outpatient. If you are not sure if you are an inpatient or an outpatient, you should ask the hospital staff.

You can also find more information in a Medicare fact sheet called *Are You a Hospital Inpatient or Outpatient? If You Have Medicare – Ask!* This fact sheet is available on the Web at [es.medicare.gov/publications/11435-Medicare-Hospital-Benefits.pdf](https://www.es.medicare.gov/publications/11435-Medicare-Hospital-Benefits.pdf) or by calling 1-800-MEDICARE (1-800-633-4227). TTY users call 1-877-486-2048. You can call these numbers for free, 24 hours a day, 7 days a week.

SECTION 3 What services are covered outside of CHPW Dual Complete?

Section 3.1 Services *not* covered by CHPW Dual Complete

The following services are not covered by *CHPW Dual Complete* but are available through Medicare or Washington State Apple Health (Medicaid). For more information on these and other benefits covered outside of *CHPW Dual Complete*, please contact Medicare (Contact information for Medicare can be found in Chapter 2, Section 2) or Washington State Apple Health (Medicaid) (Contact information for Washington State Apple Health (Medicaid) can be found in Chapter 2, Section 6).

- **Hospice Care.** When you enroll in a Medicare-certified hospice program, your hospice services and your Part A and Part B services related to your terminal prognosis are paid for by Original Medicare, not *CHPW Dual Complete*.
- **Nondurable Medical Supplies and Equipment (MSE).** Washington State Apple Health (Medicaid) may cover MSE such as incontinence supplies for eligible members.
- **Interpreter Services for Medical Visits.** Washington State Apple Health (Medicaid) may cover the cost of interpreter services for medical visits at a physician office only.

SECTION 4 What services are not covered by the plan?

Section 4.1 Services *not* covered by: the plan

This section tells you what services are excluded.

The chart below describes some services and items that aren't covered by plan under any conditions or are covered by the plan only under specific conditions.

If you get services that are excluded (not covered), you must pay for them yourself except under the specific conditions listed below. Even if you receive the excluded services at an emergency facility, the excluded services are still not covered, and our plan will not pay for them. The only exception is if the service is appealed and decided: upon appeal to be a medical service that we should have paid for or covered because of your specific situation. (For information about appealing a decision we have made to not cover a medical service, go to Chapter 9, Section 6.3 in this document.)

CHAPTER 5:

*Using the plan's coverage for Part D
prescription drugs*

Chapter 5 Using the plan's coverage for Part D prescription drugs

**How can you get information about your drug costs if you're receiving "Extra Help" with your Part D prescription drug costs?**

Most of our members qualify for and are getting "Extra Help" from Medicare to pay for their prescription drug plan costs. If you are in the "Extra Help" program, **some information in this Evidence of Coverage about the costs for Part D prescription drugs may not apply to you.** We sent you a separate insert, called the *Evidence of Coverage Rider for People Who Get "Extra Help" Paying for Prescription Drugs* (also known as the *Low-Income Subsidy Rider* or the *LIS Rider*), which tells you about your drug coverage. If you don't have this insert, please call Customer Service and ask for the *LIS Rider*. (Phone numbers for Customer Service are printed on the back cover of this document.)

SECTION 1 Introduction

This chapter **explains rules for using your coverage for Part D drugs.** Please see Chapter 4 for Medicare Part B drug benefits and hospice drug benefits.

In addition to the drugs covered by Medicare, some prescription drugs are covered for you under your Medicaid benefits.

Section 1.1 Basic rules for the plan's Part D drug coverage
--

The plan will generally cover your drugs as long as you follow these basic rules:

- You must have a provider (a doctor, dentist, or other prescriber) write you a prescription, which must be valid under applicable state law.
- Your prescriber must not be on Medicare's Exclusion or Preclusion Lists.
- You generally must use a network pharmacy to fill your prescription. (See Section 2 in this chapter.) *You can fill your prescription through the plan's mail-order service.*
- Your drug must be on the plan's *List of Covered Drugs (Formulary)* (we call it the Drug List for short). (See Section 3 in this chapter.)
- Your drug must be used for a medically accepted indication. A "medically accepted indication" is a use of the drug that is either approved by the Food and Drug Administration or supported by certain references. (See Section 3 in this chapter for more information about a medically accepted indication.)
- Your drug may require approval before we will cover it. (See Section 4 in this chapter for more information about restrictions on your coverage.)

SECTION 2 Fill your prescription at a network pharmacy or through the plan's mail-order service

Section 2.1 Use a network pharmacy
--

In most cases, your prescriptions are covered *only* if they are filled at the plan's network pharmacies. (See Section 2.5 for information about when we would cover prescriptions filled at out-of-network pharmacies.)

A network pharmacy is a pharmacy that has a contract with the plan to provide your covered prescription drugs. The term covered drugs means all of the Part D prescription drugs that are on the plan's Drug List.

Section 2.2 Network pharmacies
--

How do you find a network pharmacy in your area?

To find a network pharmacy, you can look in your *Pharmacy Directory*, visit our website medicare.chpw.org/member-center/member-resources/prescription-drug-coverage and/or call Customer Service.

You may go to any of our network pharmacies.

What if the pharmacy you have been using leaves the network?

If the pharmacy you have been using leaves the plan's network, you will have to find a new pharmacy that is in the network. To find another pharmacy in your area, you can get help from Customer Service or use the *Pharmacy Directory*. You can also find information on our website at medicare.chpw.org/member-center/member-resources/prescription-drug-coverage.

What if you need a specialized pharmacy?

Some prescriptions must be filled at a specialized pharmacy. Specialized pharmacies include:

- Pharmacies that supply drugs for home infusion therapy.
- Pharmacies that supply drugs for residents of a long-term care (LTC) facility. Usually, a LTC facility (such as a nursing home) has its own pharmacy. If you have any difficulty accessing your Part D benefits in an LTC facility, please contact Customer Service.
- Pharmacies that serve the Indian Health Service / Tribal / Urban Indian Health Program (not available in Puerto Rico). Except in emergencies, only Native Americans or Alaska Natives have access to these pharmacies in our network

Chapter 5 Using the plan's coverage for Part D prescription drugs

- Pharmacies that dispense drugs that are restricted by the FDA to certain locations or that require special handling, provider coordination, or education on their use. To locate a specialized pharmacy, look in your *Pharmacy Directory* medicare.chpw.org/member-center/member-resources/prescription-drug-coverage or call Customer Service.

Section 2.3	Using the plan's mail-order service
--------------------	--

Our plan's mail-order service allows you to order **up to a 90-day supply**.

To get order forms and information about filling your prescriptions by mail please contact Customer Service. If you use mail-order pharmacy not in the plan's network, your prescription will not be covered.

Usually, a mail-order pharmacy order will be delivered to you in no more than 14 days. However, sometimes your mail-order may be delayed. If for some reason your order cannot be delivered within 14 days, a CHPW or Express Scripts representative may contact you. For more information about home delivery or to get an order form, please call Customer Service.

New prescriptions the pharmacy receives directly from your doctor's office.

The pharmacy will automatically fill and deliver new prescriptions it receives from health care providers, without checking with you first, if either:

- You used mail-order services with this plan in the past, or
- You sign up for automatic delivery of all new prescriptions received directly from health care providers. You may request automatic delivery of all new prescriptions at any time by calling Customer Service.

If you receive a prescription automatically by mail that you do not want, and you were not contacted to see if you wanted it before it shipped, you may be eligible for a refund.

If you used mail order in the past and do not want the pharmacy to automatically fill and ship each new prescription, please contact us by calling Customer Service.

If you have never used our mail-order delivery and/or decide to stop automatic fills of new prescriptions, the pharmacy will contact you each time it gets a new prescription from a health care provider to see if you want the medication filled and shipped immediately. It is important that you respond each time you are contacted by the pharmacy, to let them know whether to ship, delay, or cancel the new prescription.

To opt out of automatic deliveries of new prescriptions received directly from your health care provider's office, please contact Customer Service.

Chapter 5 Using the plan's coverage for Part D prescription drugs

Refills on mail-order prescriptions. For refills, please contact your pharmacy 15 days before your current prescription will run out to make sure your next order is shipped to you in time.

Section 2.4	How can you get a long-term supply of drugs?
--------------------	---

When you get a long-term supply of drugs, your cost sharing may be lower. The plan offers two ways to get a long-term supply (also called an extended supply) of maintenance drugs on our plan's Drug List. (Maintenance drugs are drugs that you take on a regular basis, for a chronic or long-term medical condition.)

1. Some retail pharmacies in our network allow you to get a long-term supply of maintenance a lower cost-sharing amount. Your *Pharmacy Directory* medicare.chpw.org/member-center/member-resources/prescription-drug-coverage tells you which pharmacies in our network can give you a long-term supply of maintenance drugs. You can also call Customer Service for more information
2. You may also receive maintenance drugs through our mail-order program. Please see Section 2.3 for more information.

Section 2.5	When can you use a pharmacy that is not in the plan's network?
--------------------	---

Your prescription may be covered in certain situations

Generally, we cover drugs filled at an out-of-network pharmacy *only* when you are not able to use a network pharmacy. To help you, we have network pharmacies outside of our service area where you can get your prescriptions filled as a member of our plan. **Please check first with Customer Service** to see if there is a network pharmacy nearby. You may be required to pay the difference between what you pay for the drug at the out-of-network pharmacy and the cost that we would cover at an in-network pharmacy.

Here are the circumstances when we would cover prescriptions filled at an out-of-network pharmacy:

You will be allowed a total of two fills for out-of-network pharmacy within a plan year. If you fill a prescription out-of-network, you will receive a message on your monthly Explanation of Benefits (EOB) that will state "Non-network pharmacy." If you request a third fill at an out-of-network pharmacy, your request for coverage will be denied. If you feel that the out-of-network claim should have been covered, contact Customer Service at the number printed on the back cover of this document.

How do you ask for reimbursement from the plan?

If you must use an out-of-network pharmacy, you will generally have to pay the full cost at the time you fill your prescription. You can ask us to reimburse you. (Chapter 7, Section 2 explains how to ask the plan to pay you back.)

SECTION 3 Your drugs need to be on the plan's Drug List

Section 3.1	The Drug List tells which Part D drugs are covered
-------------	--

The plan has a *List of Covered Drugs (Formulary)*. In this *Evidence of Coverage*, we call it the **Drug List for short**.

The drugs on this list are selected by the plan with the help of a team of doctors and pharmacists. The list meets Medicare's requirements and has been approved by Medicare.

The Drug List includes the drugs covered under Medicare Part D. In addition to the drugs covered by Medicare, some prescription drugs are covered for you under your Medicaid benefits.

We will generally cover a drug on the plan's Drug List as long as you follow the other coverage rules explained in this chapter and the drug is used for a medically accepted indication. A medically accepted indication is a use of the drug that is *either*:

- Approved by the Food and Drug Administration for the diagnosis or condition for which it is being prescribed, or
- Supported by certain references, such as the American Hospital Formulary Service Drug Information and the Micromedex DRUGDEX Information System.

The Drug List includes brand name drugs, generic drugs, and biological products (which may include biosimilars).

A brand name drug is a prescription drug that is sold under a trademarked name owned by the drug manufacturer. Biological products are drugs that are more complex than typical drugs. On the Drug List, when we refer to drugs, this could mean a drug or a biological product.

A generic drug is a prescription drug that has the same active ingredients as the brand name drug. Biological products have alternatives that are called biosimilars. Generally, generics and biosimilars work just as well as the brand name or original biological product and usually cost less. There are generic drug substitutes available for many brand name drugs and biosimilar alternatives for some original biological products. Some biosimilars are interchangeable biosimilars and, depending on state law, may be substituted for the original biological product

Chapter 5 Using the plan's coverage for Part D prescription drugs

at the pharmacy without needing a new prescription, just like generic drugs can be substituted for brand name drugs.

See Chapter 12 for definitions of the types of drugs that may be on the "Drug List."

What is *not* on the Drug List?

The plan does not cover all prescription drugs.

- In some cases, the law does not allow any Medicare plan to cover certain types of drugs. (For more information about this, see Section 7.1 in this chapter.)
- In other cases, we have decided not to include a particular drug on the Drug List. In some cases, you may be able to obtain a drug that is not on the Drug List. (For more information, please see Chapter 9.)

Section 3.2**How can you find out if a specific drug is on the Drug List?**

You have five ways to find out:

1. Check the most recent Drug List we provided electronically.
2. Visit the plan's website (chpw.org/member-center/member-resources/plan-and-coverage/prescription-drug-benefits). The Drug List on the website is always the most current.
3. Call Customer Service to find out if a particular drug is on the plan's Drug List or to ask for a copy of the list.
4. Use the plan's "Real-Time Benefit Tool" (chpw.org/member-center/member-resources/plan-and-coverage/prescription-drug-benefits or by calling Customer Service). With this tool you can search for drugs on the Drug List to see an estimate of what you will pay and if there are alternative drugs on the Drug List that could treat the same condition.
5. Visit the Express Scripts website (express-scripts.com). Once you create an account through the site, you will have access to view the Drug List, your claims, and more.

SECTION 4 There are restrictions on coverage for some drugs

Section 4.1	Why do some drugs have restrictions?
--------------------	---

For certain prescription drugs, special rules restrict how and when the plan covers them. A team of doctors and pharmacists developed these rules to encourage you and your provider to use drugs in the most effective way. To find out if any of these restrictions apply to a drug you take or want to take, check the Drug List.

If a safe, lower-cost drug will work just as well medically as a higher-cost drug, the plan's rules are designed to encourage you and your provider to use that lower-cost option.

Please note that sometimes a drug may appear more than once in our Drug List. This is because the same drugs can differ based on the strength, amount, or form of the drug prescribed by your health care provider, and different restrictions or cost sharing may apply to the different versions of the drug (for instance, 10 mg versus 100 mg; one per day versus two per day; tablet versus liquid).

Section 4.2	What kinds of restrictions?
--------------------	------------------------------------

The sections below tell you more about the types of restrictions we use for certain drugs.

If there is a restriction for your drug, it usually means that you or your provider will have to take extra steps in order for us to cover the drug. Contact Customer Service to learn what you or your provider would need to do to get coverage for the drug. **If you want us to waive the restriction for you, you will need to use the coverage decision process and ask us to make an exception.** We may or may not agree to waive the restriction for you. (See Chapter 9.)

Getting plan approval in advance

For certain drugs, you or your provider need to get approval from the plan before we will agree to cover the drug for you. This is called **prior authorization**. This is put in place to ensure medication safety and help guide appropriate use of certain drugs. If you do not get this approval, your drug might not be covered by the plan.

Trying a different drug first

This requirement encourages you to try less costly but usually just as effective drugs before the plan covers another drug. For example, if Drug A and Drug B treat the same medical condition and Drug A is less costly, the plan may require you to try Drug A first. If Drug A does not work for you, the plan will then cover Drug B. This requirement to try a different drug first is called **step therapy**.

Quantity limits

For certain drugs, we limit how much of a drug you can get each time you fill your prescription. For example, if it is normally considered safe to take only one pill per day for a certain drug, we may limit coverage for your prescription to no more than one pill per day.

SECTION 5 What if one of your drugs is not covered in the way you'd like it to be covered?

Section 5.1	There are things you can do if your drug is not covered in the way you'd like it to be covered
--------------------	---

There are situations where there is a prescription drug you are taking, or one that you and your provider think you should be taking, that is not on our formulary or is on our formulary with restrictions. For example:

- The drug might not be covered at all. Or maybe a generic version of the drug is covered but the brand name version you want to take is not covered.
- The drug is covered, but there are extra rules or restrictions on coverage for that drug, as explained in Section 4.
- There are things you can do if your drug is not covered in the way that you'd like it to be covered. **If your drug is not on the Drug List or if your drug is restricted, go to Section 5.2 to learn what you can do.**

Section 5.2	What can you do if your drug is not on the Drug List or if the drug is restricted in some way?
--------------------	---

If your drug is not on the Drug List or is restricted, here are options:

- You may be able to get a temporary supply of the drug.
- You can change to another drug.
- You can request an **exception** and ask the plan to cover the drug or remove restrictions from the drug.

You may be able to get a temporary supply

Under certain circumstances, the plan must provide a temporary supply of a drug that you are already taking. This temporary supply gives you time to talk with your provider about the change.

Chapter 5 Using the plan's coverage for Part D prescription drugs

To be eligible for a temporary supply, the drug you have been taking **must no longer be on the plan's Drug List OR is now restricted in some way.**

- **If you are a new member**, we will cover a temporary supply of your drug during the first **90 days** of your membership in the plan.
- **If you were in the plan last year**, we will cover a temporary supply of your drug during the first **least 90 days** of the calendar year.
- This temporary supply will be for a maximum of 30-day supply. If your prescription is written for fewer days, we will allow multiple fills to provide up to a maximum of 30-day supply of medication. The prescription must be filled at a network pharmacy. (Please note that the long-term care pharmacy may provide the drug in smaller amounts at a time to prevent waste.)
- **For those members who have been in the plan for more than 90 days and reside in a long-term care facility and need a supply right away:**

We will cover one 31-day emergency supply of a particular drug, or less if your prescription is written for fewer days. This is in addition to the above temporary supply.

For questions about a temporary supply, call Customer Service.

During the time when you are using a temporary supply of a drug, you should talk with your provider to decide what to do when your temporary supply runs out. You have two options:

1) You can change to another drug

Talk with your provider about whether there is a different drug covered by the plan that may work just as well for you. You can call Customer Service to ask for a list of covered drugs that treat the same medical condition. This list can help your provider find a covered drug that might work for you.

2) You can ask for an exception

You and your provider can ask the plan to make an exception and cover the drug in the way you would like it covered. If your provider says that you have medical reasons that justify asking us for an exception, your provider can help you request an exception. For example, you can ask the plan to cover a drug even though it is not on the plan's Drug List. Or you can ask the plan to make an exception and cover the drug without restrictions.

If you and your provider want to ask for an exception, Chapter 9, Section 7.4 tells you what to do. It explains the procedures and deadlines that have been set by Medicare to make sure your request is handled promptly and fairly.

SECTION 6 What if your coverage changes for one of your drugs?

Section 6.1 The Drug List can change during the year
--

Most of the changes in drug coverage happen at the beginning of each year (January 1). However, during the year, the plan can make some changes to the Drug List. For example, the plan might:

- **Add or remove drugs from the Drug List.**
- **Add or remove a restriction on coverage for a drug.**
- **Replace a brand name drug with a generic version of the drug.**

We must follow Medicare requirements before we change the plan's Drug List.

See Chapter 12 for definitions of the drug types discussed in this chapter.

Section 6.2 What happens if coverage changes for a drug you are taking?

Information on changes to drug coverage

When changes to the Drug List occur, we post information on our website about those changes. We also update our online Drug List regularly. This section describes the types of changes we may make to the Drug List and when you will get direct notice if changes were made for a drug that you are taking.

Changes we may make to the Drug List that affect you during the current plan year

- **Adding new drugs to the Drug List and immediately removing or making changes to a like drug on the Drug List.**
 - When adding a new version of a drug to the Drug List, we may immediately remove a like drug from the Drug List, move the like drug to a different cost-sharing tier, add new restrictions, or both. The new version of the drug will be on the same or a lower cost-sharing tier and with the same or fewer restrictions.
 - We will make these immediate changes only if we are adding a new generic version of a brand name or adding certain new biosimilar versions of an original biological product that was already on the Drug List.
 - We may make these changes immediately and tell you later, even if you are taking the drug that we are removing or making changes to. If you are taking the like drug at the time we make the change, we will tell you about any specific change we made.

Chapter 5 Using the plan's coverage for Part D prescription drugs

- **Adding drugs to the Drug List and removing or making changes to a like drug on the Drug List.**
 - When adding another version of a drug to the Drug List, we may remove a like drug from the Drug List, move it to a different cost-sharing tier, add new restrictions, or both. The version of the drug that we add will be with the same or fewer restrictions.
 - We will make these changes only if we are adding a new generic version of a brand name drug or adding certain new biosimilar versions of an original biological product that was already on the Drug List.
 - We will tell you at least 30 days before we make the change, or tell you about the change and cover a 30-day fill of the version of the drug you are taking.
- **Removing unsafe drugs and other drugs on the Drug List that are withdrawn from the market.**
 - Sometimes a drug may be deemed unsafe or taken off the market for another reason. If this happens, we may immediately remove the drug from the Drug List. If you are taking that drug, we will tell you after we make the change.
- **Making other changes to drugs on the Drug List.**
 - We may make other changes once the year has started that affect drugs you are taking. For example, we based on FDA boxed warnings or new clinical guidelines recognized by Medicare.
 - We will tell you at least 30 days before we make these changes or tell you about the change and cover an additional 30-day fill of the drug you are taking.

If we make any of these changes to any of the drugs you are taking, talk with your prescriber about the options that would work best for you, including changing to a different drug to treat your condition, or requesting a coverage decision to satisfy any new restrictions on the drug you are taking. You or your prescriber can ask us for an exception to continue covering the drug or version of the drug you have been taking. For more information on how to ask for a coverage decision, including an exception, see Chapter 9.

Changes to the Drug List that do not affect you during the current plan year

We may make certain changes to the Drug List that are not described above. In these cases, the change will not apply to you if you are taking the drug when the change is made; however, these changes will likely affect you starting January 1 of the next plan year if you stay in the same plan.

Chapter 5 Using the plan's coverage for Part D prescription drugs

In general, changes that will not affect you during the current plan year are:

- We put a new restriction on the use of your drug.
- We remove your drug from the Drug List.

If any of these changes happen for a drug you are taking (except for market withdrawal, a generic drug replacing a brand name drug, or other change noted in the sections above), the change won't affect your use or what you pay as your share of the cost until January 1 of the next year.

We will not tell you about these types of changes directly during the current plan year. You will need to check the Drug List for the next plan year (when the list is available during the open enrollment period) to see if there are any changes to the drugs you are taking that will impact you during the next plan year.

SECTION 7 What types of drugs are *not* covered by the plan?

Section 7.1 Types of drugs we do not cover
--

This section tells you what kinds of prescription drugs are **excluded**. This means Medicare does not pay for these drugs.

If you appeal and the requested drug is found not to be excluded under Part D, we will pay for or cover it. (For information about appealing a decision, go to Chapter 9.) If the drug excluded by our plan is also excluded by Medicaid, you must pay for it yourself *OR* If the drug is excluded, you must pay for it yourself.

Here are three general rules about drugs that Medicare drug plans will not cover under Part D:

- Our plan's Part D drug coverage cannot cover a drug that would be covered under Medicare Part A or Part B.
- Our plan cannot cover a drug purchased outside the United States or its territories.
- Our plan cannot cover *off-label* use of a drug when the use is not supported by certain references, such as the American Hospital Formulary Service Drug Information and the Micromedex DRUGDEX Information System. *Off-label* use is any use of the drug other than those indicated on a drug's label as approved by the Food and Drug Administration.

Chapter 5 Using the plan's coverage for Part D prescription drugs

In addition, by law, the following categories of drugs listed below are not covered by Medicare. However, some of these drugs may be covered for you under your Medicaid drug coverage. Please contact Washington State Apple Health (Medicaid) to determine what drug coverage may be available to you. (You can find phone numbers and contact information for Washington State Apple Health (Medicaid) in Chapter 2, Section 6.)

- Non-prescription drugs (also called over-the-counter drugs)
- Drugs used to promote fertility
- Drugs used for the relief of cough or cold symptoms
- Drugs used for cosmetic purposes or to promote hair growth
- Prescription vitamins and mineral products, except prenatal vitamins and fluoride preparations
- Drugs used for the treatment of sexual or erectile dysfunction
- Drugs used for treatment of anorexia, weight loss, or weight gain
- Outpatient drugs for which the manufacturer seeks to require that associated tests or monitoring services be purchased exclusively from the manufacturer as a condition of sale

If you are receiving “Extra Help” to pay for your prescriptions, the “Extra Help” program will not pay for the drugs not normally covered. However, if you have drug coverage through Medicaid, your state Medicaid program may cover some prescription drugs not normally covered in a Medicare drug plan. Please contact your state Medicaid program to determine what drug coverage may be available to you. (You can find phone numbers and contact information for Medicaid in Chapter 2, Section 6.)

SECTION 8 Filling a prescription

Section 8.1 Provide your membership information

To fill your prescription, provide your plan membership information, which can be found on your membership card, at the network pharmacy you choose. The network pharmacy will automatically bill the plan for your drug. You will need to pay the pharmacy *your* share of the cost when you pick up your prescription.

Section 8.2	What if you don't have your membership information with you?
--------------------	---

If you don't have your plan membership information with you when you fill your prescription, you or the pharmacy can call the plan to get the necessary information, or you can ask the pharmacy to look up your plan enrollment information.

If the pharmacy is not able to get the necessary information, **you may have to pay the full cost of the prescription when you pick it up.** (You can then **ask us to reimburse you.** See Chapter 7, Section 2 for information about how to ask the plan for reimbursement.)

SECTION 9	Part D drug coverage in special situations
------------------	---

Section 9.1	What if you're in a hospital or a skilled nursing facility for a stay that is covered by the plan?
--------------------	---

If you are admitted to a hospital or to a skilled nursing facility for a stay covered by the plan, we will generally cover the cost of your prescription drugs during your stay. Once you leave the hospital or skilled nursing facility, the plan will cover your prescription drugs as long as the drugs meet all of our rules for coverage described in this Chapter.

Section 9.2	What if you're a resident in a long-term care (LTC) facility?
--------------------	--

Usually, a long-term care (LTC) facility (such as a nursing home) has its own pharmacy or uses a pharmacy that supplies drugs for all of its residents. If you are a resident of an LTC facility, you may get your prescription drugs through the facility's pharmacy or the one it uses, as long as it is part of our network.

Check your *Pharmacy Directory* medicare.chpw.org/member-center/member-resources/prescription-drug-coverage to find out if your LTC facility's pharmacy or the one that it uses is part of our network. If it isn't, or if you need more information or assistance, please contact Customer Service. If you are in an LTC facility, we must ensure that you are able to routinely receive your Part D benefits through our network of LTC pharmacies.

What if you're a resident in a long-term care (LTC) facility and need a drug that is not on our Drug List or is restricted in some way?

Please refer to Section 5.2 about a temporary or emergency supply.

Section 9.3	What if you're also getting drug coverage from an employer or retiree group plan?
--------------------	--

If you currently have other prescription drug coverage through your (or your spouse or domestic partner's) employer or retiree group, please contact **that group's benefits administrator**. They can help you determine how your current prescription drug coverage will work with our plan.

In general, if you have employee or retiree group coverage, the drug coverage you get from us will be *secondary* to your group coverage. That means your group coverage would pay first.

Special note about creditable coverage:

Each year your employer or retiree group should send you a notice that tells if your prescription drug coverage for the next calendar year is creditable.

If the coverage from the group plan is creditable, it means that the plan has drug coverage that is expected to pay, on average, at least as much as Medicare's standard prescription drug coverage.

Keep this notice about creditable coverage, because you may need it later. If you enroll in a Medicare plan that includes Part D drug coverage, you may need this notice to show that you have maintained creditable coverage. If you didn't get the creditable coverage notice, request a copy from your employer or retiree plan's benefits administrator or the employer or union.

Section 9.4	What if you're in Medicare-certified hospice?
--------------------	--

Hospice and our plan do not cover the same drug at the same time. If you are enrolled in Medicare hospice and require certain drugs (e.g., anti-nausea drugs, laxatives, pain medication or anti-anxiety drugs) that are not covered by your hospice because it is unrelated to your terminal illness and related conditions, our plan must receive notification from either the prescriber or your hospice provider that the drug is unrelated before our plan can cover the drug. To prevent delays in receiving these drugs that should be covered by our plan, ask your hospice provider or prescriber to provide notification before your prescription is filled.

In the event you either revoke your hospice election or are discharged from hospice, our plan should cover your drugs as explained in this document. To prevent any delays at a pharmacy when your Medicare hospice benefit ends, bring documentation to the pharmacy to verify your revocation or discharge.

SECTION 10 Programs on drug safety and managing medications

Section 10.1 Programs to help members use drugs safely
--

We conduct drug use reviews for our members to help make sure that they are getting safe and appropriate care.

We do a review each time you fill a prescription. We also review our records on a regular basis. During these reviews, we look for potential problems such as:

- Possible medication errors
- Drugs that may not be necessary because you are taking another similar drug to treat the same condition
- Drugs that may not be safe or appropriate because of your age or gender
- Certain combinations of drugs that could harm you if taken at the same time
- Prescriptions for drugs that have ingredients you are allergic to
- Possible errors in the amount (dosage) of a drug you are taking
- Unsafe amounts of opioid pain medications

If we see a possible problem in your use of medications, we will work with your provider to correct the problem.

Section 10.2 Drug Management Program (DMP) to help members safely use their opioid medications
--

We have a program that helps make sure members safely use prescription opioids and other frequently abused medications. This program is called a Drug Management Program (DMP). If you use opioid medications that you get from several prescribers or pharmacies, or if you had a recent opioid overdose, we may talk to your prescribers to make sure your use of opioid medications is appropriate and medically necessary. Working with your prescribers, if we decide your use of prescription opioid or benzodiazepine medications may not be safe, we may limit how you can get those medications. If we place you in our DMP, the limitations may be:

- Requiring you to get all your prescriptions for opioid or benzodiazepine medications from a certain pharmacy(ies)
- Requiring you to get all your prescriptions for opioid or benzodiazepine medications from a certain prescriber(s)
- Limiting the amount of opioid: or benzodiazepine medications we will cover for you

Chapter 5 Using the plan's coverage for Part D prescription drugs

If we plan on limiting how you may get these medications or how much you can get, we will send you a letter in advance. The letter will tell you if we limit coverage of these drugs for you, or if you'll be required to get the prescriptions for these drugs only from a specific prescriber or pharmacy. You will have an opportunity to tell us which prescribers or pharmacies you prefer to use, and about any other information you think is important for us to know. After you've had the opportunity to respond, if we decide to limit your coverage for these medications, we will send you another letter confirming the limitation. If you think we made a mistake or you disagree with our decision or with the limitation, you and your prescriber have the right to appeal. If you appeal, we will review your case and give you a new decision. If we continue to deny any part of your request related to the limitations that apply to your access to medications, we will automatically send your case to an independent reviewer outside of our plan. See Chapter 9 for information about how to ask for an appeal.

You will not be placed in our DMP if you have certain medical conditions, such as cancer-related pain or sickle cell disease, you are receiving hospice, palliative, or end-of-life care, or live in a long-term care facility.

Section 10.3	Medication Therapy Management (MTM) program to help members manage their medications
---------------------	---

We have a that can help our members with complex health needs. Our program is called a Medication Therapy Management (MTM) program. This program is voluntary and free. A team of pharmacists and doctors developed the program for us to help make sure that our members get the most benefit from the drugs they take.

Some members who have certain chronic diseases and take medications that exceed a specific amount of drug costs or are in a DMP to help members use their opioids safely, may be able to get services through an MTM program. If you qualify for the program, a pharmacist or other health professional will give you a comprehensive review of all your medications. During the review, you can talk about your medications, your costs, and any problems or questions you have about your prescription and over-the-counter medications. You'll get a written summary which has a recommended to-do list that includes steps you should take to get the best results from your medications. You'll also get a medication list that will include all the medications you're taking, how much you take, and when and why you take them. In addition, members in the MTM program will receive information on the safe disposal of prescription medications that are controlled substances.

It's a good idea to talk to your doctor about your recommended to-do list and medication list. Bring the summary with you to your visit or anytime you talk with your doctors, pharmacists, and other health care providers. Also, keep your medication list up to date and with you (for example, with your ID) in case you go to the hospital or emergency room.

Chapter 5 Using the plan's coverage for Part D prescription drugs

If we have a program that fits your needs, we will automatically enroll you in the program and send you information. If you decide not to participate, please notify us and we will withdraw you. If you have any questions about this program please contact Customer Service.

Section 11: We send you reports that explain payments for your drugs and which payment stage you are in

Section 11.1	We send you a monthly summary called the <i>Part D Explanation of Benefits</i> (the Part D EOB)
---------------------	--

Our plan keeps track of the costs of your prescription drugs and the payments you have made when you get your prescriptions filled or refilled at the pharmacy. This way, we can tell you when you have moved from one drug payment stage to the next. In particular, there are two types of costs we keep track of:

- We keep track of how much you have paid. This is called your **Out-of-Pocket Costs**.
- We keep track of your **Total Drug Costs**. This is the amount you pay out-of-pocket or others pay on your behalf plus the amount paid by the plan.

If you have had one or more prescriptions filled through the plan during the previous month we will send you a Part D EOB. The Part D EOB includes:

- **Information for that month.** This report gives the payment details about the prescriptions you have filled during the previous month. It shows the total drug costs, what the plan paid, and what you and others on your behalf paid.
- **Totals for the year since January 1.** This is called year-to-date information. It shows the total drug costs and total payments for your drugs since the year began.
- **Drug price information.** This information will display the total drug price, and information about increases in price from first fill for each prescription claim of the same quantity.
- **Available lower cost alternative prescriptions.** This will include information about other available drugs with lower cost sharing for each prescription claim.

Section 11.2 Help us keep our information about your drug payments up to date

To keep track of your drug costs and the payments you make for drugs, we use records we get from pharmacies. Here is how you can help us keep your information correct and up to date:

- **Show your membership card every time you get a prescription filled.** This helps us make sure we know about the prescriptions you are filling and what you are paying.
- **Make sure we have the information we need.** There are times you may pay for the entire cost of a prescription drug. In these cases, we will not automatically get the information we need to keep track of your out-of-pocket costs. To help us keep track of your out-of-pocket costs, give us copies of your receipts. Here are examples of when you should give us copies of your drug receipts:
 - When you purchase a covered drug at a network pharmacy at a special price or using a discount card that is not part of our plan's benefit
 - When you made a copayment for drugs that are provided under a drug manufacturer patient assistance program
 - Any time you have purchased covered drugs at out-of-network pharmacies or other times you have paid the full price for a covered drug under special circumstances

If you are billed for a covered drug, you can ask our plan to pay our share of the cost. For instructions on how to do this, go to Chapter 7, Section 2.

- **Send us information about the payments others have made for you.** Payments made by certain other individuals and organizations also count toward your out-of-pocket costs. For example, payments made by a State Pharmaceutical Assistance Program, an AIDS drug assistance program (ADAP), the Indian Health Service, and most charities count toward your out-of-pocket costs. Keep a record of these payments and send them to us so we can track your costs.
- **Check the written report we send you.** When you receive the Part D EOB, look it over to be sure the information is complete and correct. If you think something is missing or you have any questions, please call us at Customer Service. Be sure to keep these reports.

CHAPTER 6:

*What you pay for your Part D
prescription drugs*

How can you get information about your drug costs if you're receiving "Extra Help" with your Part D prescription drug costs?

Because you are eligible for Medicaid, you qualify for and are getting "Extra Help" from Medicare to pay for your prescription drug plan costs. Most of our members qualify for and are getting "Extra Help" from Medicare to pay for their prescription drug plan costs. If you are in the "Extra Help" program, **some information in this *Evidence of Coverage* about the costs for Part D prescription drugs may not apply to you.** We sent you a separate insert, called the *Evidence of Coverage Rider for People Who Get "Extra Help" Paying for Prescription Drugs* (also known as the *Low-Income Subsidy Rider* or the *LIS Rider*), which tells you about your drug coverage. If you don't have this insert, please call Customer Service and ask for the *LIS Rider*.

CHAPTER 7:

*Asking us to pay a bill you have received
for covered medical services or drugs*

SECTION 1 Situations in which you should ask us to pay for your covered services or drugs

Our network providers bill the plan directly for your covered services and drugs – you should not receive a bill for covered services or drugs. If you get a bill for medical care or drugs you have received, you should send this bill to us so that we can pay it. When you send us the bill, we will look at the bill and decide whether the services and drugs should be covered. If we decide they should be covered, we will pay the provider directly.

If you have already paid for a Medicare service or item covered by the plan, you can ask our plan to pay you back (paying you back is often called **reimbursing** you). It is your right to be paid back by our plan whenever you've paid for medical services or drugs that are covered by our plan. There may be deadlines that you must meet to get paid back. Please see Section 2 of this chapter. When you send us a bill you have already paid, we will look at the bill and decide whether the services or drugs should be covered. If we decide they should be covered, we will pay you back for the services or drugs.

There may also be times when you get a bill from a provider for the full cost of medical care you have received or possibly for more than your share of cost sharing as discussed in this document. First try to resolve the bill with the provider. If that does not work, send the bill to us instead of paying it. We will look at the bill and decide whether the services should be covered. If we decide they should be covered, we will pay the provider directly. If we decide not to pay it, we will notify the provider. You should never pay more than plan-allowed cost-sharing. If this provider is contracted, you still have the right to treatment.

Here are examples of situations in which you may need to ask our plan to pay you back or to pay a bill you have received:

1. When you've received emergency or urgently needed medical care from a provider who is not in our plan's network

You can receive emergency or urgently needed services from any provider, whether or not the provider is a part of our network. In these cases, ask the provider to bill the plan.

- If you pay the entire amount yourself at the time you receive the care, ask us to pay you back. Send us the bill, along with documentation of any payments you have made.
- You may get a bill from the provider asking for payment that you think you do not owe. Send us this bill, along with documentation of any payments you have already made.
 - If the provider is owed anything, we will pay the provider directly.
 - If you have already paid for the service, we will pay you back.

2. When a network provider sends you a bill you think you should not pay

Network providers should always bill the plan directly. But sometimes they make mistakes, and ask you to pay for your services

- You only have to pay your cost-sharing amount when you get covered services. We do not allow providers to add additional separate charges, called **balance billing**. This protection (that you never pay more than your cost-sharing amount) applies even if we pay the provider less than the provider charges for a service and even if there is a dispute and we don't pay certain provider charges. We do not allow providers to bill you for covered services. We pay our providers directly, and we protect you from any charges. This is true even if we pay the provider less than the provider charges for a service.
- Whenever you get a bill from a network provider send us the bill. We will contact the provider directly and resolve the billing problem.
- If you have already paid a bill to a network provider, send us the bill along with documentation of any payment you have made. You should ask us to pay you back for your covered services.

3. If you are retroactively enrolled in our plan

Sometimes a person's enrollment in the plan is retroactive. (This means that the first day of their enrollment has already passed. The enrollment date may even have occurred last year.)

If you were retroactively enrolled in our plan and you paid out of pocket for any of your covered services or drugs after your enrollment date, you can ask us to pay you back. You will need to submit paperwork such as receipts and bills for us to handle the reimbursement.

4. When you use an out-of-network pharmacy to get a prescription filled

If you go to an out-of-network pharmacy, the pharmacy may not be able to submit the claim directly to us. When that happens, you will have to pay the full cost of your prescription.

Save your receipt and send a copy to us when you ask us to pay you. Remember that we only cover out-of-network pharmacies in limited circumstances. See Chapter 5, Section 2.5 for a discussion of these circumstances. We may not pay you back the difference between what you paid for the drug at the out-of-network pharmacy and the amount that we would pay at an in-network pharmacy.

5. When you pay the full cost for a prescription because you don't have your plan membership card with you

If you do not have your plan membership card with you, you can ask the pharmacy to call the plan or to look up your plan enrollment information. However, if the pharmacy cannot get the enrollment information they need right away, you may need to pay the full cost of the prescription yourself. Save your receipt and send a copy to us when you ask us to pay you back. We may not pay you back the full cost you paid if the cash price you paid is higher than our negotiated price for the prescription.

6. When you pay the full cost for a prescription in other situations

You may pay the full cost of the prescription because you find that the drug is not covered for some reason.

- For example, the drug may not be on the plan's Drug List or it could have a requirement or restriction that you didn't know about or don't think should apply to you. If you decide to get the drug immediately, you may need to pay the full cost for it.
- Save your receipt and send a copy to us when you ask us to pay you back. In some situations, we may need to get more information from your doctor in order to pay you back for the drug. We may not pay you back the full cost you paid if the cash price you paid is higher than our negotiated price for the prescription.

7. When you pay the cost of covered plan supplemental benefits or medical supplies

You may receive services for some plan supplemental benefits or medical supplies from providers outside of our network. This may include acupuncture, naturopathy, vision care, and for covered medical supplies (such as compression socks or post-mastectomy bras) from drug or department stores (such as Walmart and Nordstrom). You or your provider should contact us to determine how much of your benefit amount is remaining before receiving services. When you receive these services, you should ask the provider to bill the plan.

- If you pay the entire amount yourself at the time you receive the care, you need to ask us to pay you back for our share of the cost. Send us the bill, along with documentation of any payments you have made.
- At times you may get a bill from the provider asking for payment that you think you do not owe. Send us this bill, along with documentation of any payments you have already made.
 - If the provider is owed anything, we will pay the provider directly.
 - If you have already paid more than your share of the cost for the service, we will determine how much you owed and pay you back our share of the cost.
- Plan supplemental benefits have a coverage limit. We will not pay for any of these services beyond the benefit limit. Please see Chapter 4 for benefit details.

Chapter 7 Asking us to pay a bill you have received for covered medical services or drugs

When you send us a request for payment, we will review your request and decide whether the service or drug should be covered. This is called making a **coverage decision**. If we decide it should be covered, we will pay for the service or drug. If we deny your request for payment, you can appeal our decision. Chapter 9 of this document has information about how to make an appeal.

SECTION 2 How to ask us to pay you back or to pay a bill you have received

You may request us to pay you back by either calling us or sending us a request in writing. If you send a request in writing, send your bill and documentation of any payment you have made. It's a good idea to make a copy of your bill and receipts for your records. **You must submit your claim to us within 365 days** of the date you received the service, item, or drug.

Mail your request for payment together with any bills or paid receipts to us at this address:

Requests for Prescription Drug Coverage payments: Mail your request for payment together with any bills or paid receipts to us at this address:

Express Scripts
Attn: Medicare Part D
P.O. Box 14718
Lexington, KY 40512-4718

Requests for Medical, Dental, and Part B Drugs Coverage payments: Mail your request for payment with any bills or paid receipts to:

Community Health Plan of Washington Medicare Advantage – Claims
P.O. Box 269002
Plano, TX 75026-9002

SECTION 3 We will consider your request for payment and say yes or no

Section 3.1 We check to see whether we should cover the service or drug

When we receive your request for payment, we will let you know if we need any additional information from you. Otherwise, we will consider your request and make a coverage decision.

- If we decide that the medical care or drug is covered and you followed all the rules, we will pay for the service or drug. If you have already paid for the service or drug, we will mail your reimbursement to you. If you paid the full cost of a drug, you might not be reimbursed the full amount you paid (for example, if you obtained a drug at an out-of-network pharmacy or if the cash price you paid for a drug is higher than our negotiated price). If you have not paid for the service or drug yet, we will mail the payment directly to the provider.
- If we decide that the medical care or drug is *not* covered, or you did *not* follow all the rules, we will not pay for the care or drug. We will send you a letter explaining the reasons why we are not sending the payment and your rights to appeal that decision.

Section 3.2 If we tell you that we will not pay for the medical care or drug, you can make an appeal

If you think we have made a mistake in turning down your request for payment or the amount we are paying, you can make an appeal. If you make an appeal, it means you are asking us to change the decision we made when we turned down your request for payment. The appeals process is a formal process with detailed procedures and important deadlines. For the details on how to make this appeal, go to Chapter 9 of this document.

CHAPTER 8:

Your rights and responsibilities

SECTION 1 Our plan must honor your rights and cultural sensitivities as a member of the plan

Section 1.1	We must provide information in a way that works for you and consistent with your cultural sensitivities (in languages other than English, in braille, in large print, or other alternate formats, etc.)
--------------------	--

Your plan is required to ensure that all services, both clinical and non-clinical, are provided in a culturally competent manner and are accessible to all enrollees, including those with limited English proficiency, limited reading skills, hearing incapacity, or those with diverse cultural and ethnic backgrounds. Examples of how a plan may meet these accessibility requirements include, but are not limited to provision of translator services, interpreter services, teletypewriters, or TTY (text telephone or teletypewriter phone) connection.

Our plan has free interpreter services available to answer questions from non-English speaking members. We can also give you information in braille, in large print, or other alternate formats at no cost if you need it. We are required to give you information about the plan's benefits in a format that is accessible and appropriate for you. To get information from us in a way that works for you, please call Customer Service.

Our plan is required to give female enrollees the option of direct access to a women's health specialist within the network for women's routine and preventive health care services.

If providers in the plan's network for a specialty are not available, it is the plan's responsibility to locate specialty providers outside the network who will provide you with the necessary care. In this case, you will only pay in-network cost sharing. If you find yourself in a situation where there are no specialists in the plan's network that cover a service you need, call the plan for information on where to go to obtain this service at in-network cost sharing.

If you have any trouble getting information from our plan in a format that is accessible and appropriate for you, please call to file a grievance with Community Health Plan of Washington Medicare Advantage Grievance Coordinator at 1-800-942-0247 (TTY 711), 8:00 a.m. to 8:00 p.m., 7 days a week. You may also file a complaint with Medicare by calling 1-800-MEDICARE (1-800-633-4227) or directly with the Office for Civil Rights 1-800-368-1019 or TTY 1-800-537-7697.

Se requiere que su plan garantice que todos los servicios, tanto clínicos como no clínicos, se brinden de una manera culturalmente competente y sean accesibles para todos los afiliados, incluidos aquellos con dominio limitado del inglés, habilidades limitadas de lectura, discapacidad auditiva o aquellos con diversidad cultural. y orígenes étnicos. Los ejemplos de cómo un plan puede cumplir con estos requisitos de accesibilidad incluyen, entre otros: provisión de servicios de traducción, servicios de interpretación, teletipos o conexión TTY (teléfono de texto o teletipo).

Chapter 8 Your rights and responsibilities

Nuestro plan tiene servicios de interpretación gratuitos disponibles para responder preguntas de los miembros que no hablan inglés. También podemos brindarle información en braille, en letra grande u otros formatos alternativos sin costo alguno si lo necesita. Estamos obligados a brindarle información sobre los beneficios del plan en un formato que sea accesible y apropiado para usted. Para obtener información de nosotros de una manera que funcione para usted, llame a Servicio al Cliente.

Nuestro plan está obligado a brindar a las mujeres inscritas la opción de acceso directo a un especialista en salud de la mujer dentro de la red para los servicios de atención médica preventiva y de rutina de la mujer.

Si los proveedores de la red del plan para una especialidad no están disponibles, es responsabilidad del plan ubicar proveedores especializados fuera de la red que le brindarán la atención necesaria. En este caso, solo pagará el costo compartido dentro de la red. Si se encuentra en una situación en la que no hay especialistas en la red del plan que cubran un servicio que necesita, llame al plan para obtener información sobre dónde acudir para obtener este servicio con costos compartidos dentro de la red.

Si tiene algún problema para obtener información de nuestro plan en un formato que sea accesible y apropiado para usted, consultar a especialistas en salud de la mujer o encontrar un especialista de la red, llame para presentar una queja ante el Departamento de quejas y apelaciones de CHPW Medicare Advantage. También puede presentar una queja ante Medicare llamando al 1-800-MEDICARE (1-800-633-4227) o directamente a la Oficina de Derechos Civiles al 1-800-368-1019 o TTY 1-800-537-7697.

Section 1.2**We must ensure that you get timely access to your covered services and drugs**

You have the right to choose a primary care provider (PCP) in the plan's network to provide and arrange for your covered services. You also have the right to go to a women's health specialist (such as a gynecologist) without a referral.

You have the right to get appointments and covered services from the plan's network of providers *within a reasonable amount of time*. This includes the right to get timely services from specialists when you need that care. You also have the right to get your prescriptions filled or refilled at any of our network pharmacies without long delays.

If you think that you are not getting your medical care or Part D drugs within a reasonable amount of time, Chapter 9 tells what you can do.

Section 1.3	We must protect the privacy of your personal health information
--------------------	--

Federal and state laws protect the privacy of your medical records and personal health information. We protect your personal health information as required by these laws.

- Your personal health information includes the **personal information** you gave us when you enrolled in this plan as well as your medical records and other medical and health information.
- You have rights related to your information and controlling how your health information is used. We give you a written notice, called a *Notice of Privacy Practice*, that talks about these rights and explains how we protect the privacy of your health information.

How do we protect the privacy of your health information?

- We make sure that unauthorized people don't see or change your records.
- Except for the circumstances noted below, if we intend to give your health information to anyone who isn't providing your care or paying for your care, *we are required to get written permission from you or someone you have given legal power to make decisions for you first.*
- There are certain exceptions that do not require us to get your written permission first. These exceptions are allowed or required by law.
 - We are required to release health information to government agencies that are checking on quality of care.
 - Because you are a member of our plan through Medicare, we are required to give Medicare your health information including information about your Part D prescription drugs. If Medicare releases your information for research or other uses, this will be done according to Federal statutes and regulations; typically, this requires that information that uniquely identifies you not be shared.

You can see the information in your records and know how it has been shared with others

You have the right to look at your medical records held at the plan, and to get a copy of your records. We are allowed to charge you a fee for making copies. You also have the right to ask us to make additions or corrections to your medical records. If you ask us to do this, we will work with your health care provider to decide whether the changes should be made.

You have the right to know how your health information has been shared with others for any purposes that are not routine.

If you have questions or concerns about the privacy of your personal health information, please call Customer Service. To obtain a copy of our Notice of Privacy Practices, please call Customer Service or you can visit us at [medicare.chpw.org/member-center/member-rights](https://www.medicare.chpw.org/member-center/member-rights) for an electronic copy.

Section 1.4	We must give you information about the plan, its network of providers, and your covered services
--------------------	---

As a member of CHPW Dual Complete, you have the right to get several kinds of information from us.

If you want any of the following kinds of information, please call Customer Service:

- **Information about our plan.** This includes, for example, information about the plan's financial condition.
- **Information about our network providers and pharmacies.** You have the right to get information about the qualifications of the providers and pharmacies in our network and how we pay the providers in our network.
- **Information about your coverage and the rules you must follow when using your coverage.** Chapters 3 and 4 provide information regarding medical services. Chapters 5 and 6 provide information about Part D prescription drug coverage.
- **Information about why something is not covered and what you can do about it.** Chapter 9 provides information on asking for a written explanation on why a medical service or Part D drug is not covered or if your coverage is restricted. Chapter 9 also provides information on asking us to change a decision, also called an appeal.

Section 1.5	We must support your right to make decisions about your care
--------------------	---

You have the right to know your treatment options and participate in decisions about your health care

You have the right to get full information from your doctors and other health care providers. Your providers must explain your medical condition and your treatment choices *in a way that you can understand*.

You also have the right to participate fully in decisions about your health care. To help you make decisions with your doctors about what treatment is best for you, your rights include the following:

- **To know about all of your choices.** You have the right to be told about all of the treatment options that are recommended for your condition, no matter what they cost or whether they are covered by our plan. It also includes being told about programs our plan offers to help members manage their medications and use drugs safely.
- **To know about the risks.** You have the right to be told about any risks involved in your care. You must be told in advance if any proposed medical care or treatment is part of a research experiment. You always have the choice to refuse any experimental treatments.
- **The right to say “no.”** You have the right to refuse any recommended treatment. This includes the right to leave a hospital or other medical facility, even if your doctor advises you not to leave. You also have the right to stop taking your medication. Of course, if you refuse treatment or stop taking medication, you accept full responsibility for what happens to your body as a result.

You have the right to give instructions about what is to be done if you are not able to make medical decisions for yourself

Sometimes people become unable to make health care decisions for themselves due to accidents or serious illness. You have the right to say what you want to happen if you are in this situation. This means that, *if you want to*, you can:

- Fill out a written form to give **someone the legal authority to make medical decisions for you** if you ever become unable to make decisions for yourself.
- **Give your doctors written instructions** about how you want them to handle your medical care if you become unable to make decisions for yourself.

The legal documents that you can use to give your directions in advance in these situations are called **advance directives**. There are different types of advance directives and different names for them. Documents called **living will** and **power of attorney for health care** are examples of advance directives.

If you want to use an advance directive to give your instructions, here is what to do:

- **Get the form.** You can get an advance directive form from your lawyer, from a social worker, or from some office supply stores. You can sometimes get advance directive forms from organizations that give people information about Medicare. You can also contact Customer Service to ask for the forms.
 - To download an advance directive form or obtain one by mail, go here: wsma.org/advance-directives
 - To get more information on making healthcare decisions online, go here: honoringchoicespnw.org
- **Fill it out and sign it.** Regardless of where you get this form, keep in mind that it is a legal document. You should consider having a lawyer help you prepare it.
- **Give copies to appropriate people.** You should give a copy of the form to your doctor and to the person you name on the form who can make decisions for you if you can't. You may want to give copies to close friends or family members. Keep a copy at home.

If you know ahead of time that you are going to be hospitalized, and you have signed an advance directive, **take a copy with you to the hospital.**

- The hospital will ask you whether you have signed an advance directive form and whether you have it with you.
- If you have not signed an advance directive form, the hospital has forms available and will ask if you want to sign one.

Remember, it is your choice whether you want to fill out an advance directive (including whether you want to sign one if you are in the hospital). According to law, no one can deny you care or discriminate against you based on whether or not you have signed an advance directive.

What if your instructions are not followed?

If you have signed an advance directive, and you believe that a doctor or hospital did not follow the instructions in it, you may file a complaint with the Washington State Department of Health (DOH).

Section 1.6 **You have the right to make complaints and to ask us to reconsider decisions we have made**

If you have any problems, concerns, or complaints and need to request coverage, or make an appeal, Chapter 9 of this document tells what you can do. Whatever you do—ask for a coverage decision, make an appeal, or make a complaint—we are required to treat you fairly.

Section 1.7 **What can you do if you believe you are being treated unfairly or your rights are not being respected?**

If it is about discrimination, call the Office for Civil Rights

If you believe you have been treated unfairly or your rights have not been respected due to your race, disability, religion, sex, health, ethnicity, creed (beliefs), age, sexual orientation, or national origin, you should call the Department of Health and Human Services' **Office for Civil Rights** at 1-800-368-1019 or TTY 1-800-537-7697 or call your local Office for Civil Rights.

Is it about something else?

If you believe you have been treated unfairly or your rights have not been respected, *and it's not* about discrimination, you can get help dealing with the problem you are having:

- You can **call Customer Service**.
- You can **call the SHIP**. For details, go to Chapter 2, Section 3.
- Or, **you can call Medicare** at 1-800-MEDICARE (1-800-633-4227), 24 hours a day, 7 days a week (TTY 1-877-486-2048).

Section 1.8 **How to get more information about your rights**

There are several places where you can get more information about your rights:

- You can **call Customer Service**.
- You can **call the SHIP**. For details, go to Chapter 2, Section 3.
- You can contact **Medicare**.
 - You can visit the Medicare website to read or download the publication *Medicare Rights & Protections*. (The publication is available at: [medicare.gov/Pubs/pdf/11534-Medicare-Rights-and-Protections.pdf](https://www.medicare.gov/Pubs/pdf/11534-Medicare-Rights-and-Protections.pdf).)
 - Or, you can call 1-800-MEDICARE (1-800-633-4227), 24 hours a day, 7 days a week (TTY 1-877-486-2048).

SECTION 2 You have some responsibilities as a member of the plan

Things you need to do as a member of the plan are listed below. If you have any questions, please call Customer Service.

- **Get familiar with your covered services and the rules you must follow to get these covered services.** Use this *Evidence of Coverage* to learn what is covered for you and the rules you need to follow to get your covered services.
 - Chapters 3 and 4 give the details about your medical services.
 - Chapters 5 and 6 give the details about your Part D prescription drug coverage.
- **If you have any other health insurance coverage or prescription drug coverage in addition to our plan, you are required to tell us.** Chapter 1 tells you about coordinating these benefits.
- **Tell your doctor and other health care providers that you are enrolled in our plan.** Show your plan membership card: and your Medicaid card whenever you get your medical care or Part D prescription drugs.
- **Help your doctors and other providers help you by giving them information, asking questions, and following through on your care.**
 - To help get the best care, tell your doctors and other health providers about your health problems. Follow the treatment plans and instructions that you and your doctors agree upon.
 - Make sure your doctors know all of the drugs you are taking, including over-the-counter drugs, vitamins, and supplements.
 - If you have any questions, be sure to ask and get an answer you can understand.
- **Be considerate.** We expect all our members to respect the rights of other patients. We also expect you to act in a way that helps the smooth running of your doctor's office, hospitals, and other offices.
- **Pay what you owe.** As a plan member, you are responsible for these payments:
 - You must continue to pay your Medicare premiums to remain a member of the plan.
 - If you are required to pay the extra amount for Part D because of your higher income (as reported on your last tax return), you must continue to pay the extra amount directly to the government to remain a member of the plan.
- **If you move *within* our plan service area, we need to know** so we can keep your membership record up to date and know how to contact you.

- **If you move *outside* of our plan service area, you cannot remain a member of our plan.**
- If you move, it is also important to tell Social Security (or the Railroad Retirement Board).

CHAPTER 9:

*What to do if you have a problem
or complaint (coverage decisions,
appeals, complaints)*

Chapter 9 What to do if you have a problem or complaint (coverage decisions, appeals, complaints)

SECTION 1 Introduction

Section 1.1 What to do if you have a problem or concern

This chapter explains the processes for handling problems and concerns. The process you use to handle your problem depends on two things:

1. Whether your problem is about benefits covered by **Medicare** or **Medicaid**. If you would like help deciding whether to use the Medicare process or the Medicaid process, or both, please contact Customer Service.
2. The type of problem you are having:
 - For some problems, you need to use the **process for coverage decisions and appeals**.
 - For other problems, you need to use the **process for making complaints**; also called grievances.

These processes have been approved by Medicare. Each process has a set of rules, procedures, and deadlines that must be followed by us and by you.

The guide in Section 3 will help you identify the right process to use and what you should do.

Section 1.2 What about the legal terms?

There are legal terms for some of the rules, procedures, and types of deadlines explained in this chapter. Many of these terms are unfamiliar to most people and can be hard to understand. To make things easier, this chapter:

- Uses simpler words in place of certain legal terms. For example, this chapter generally says making a complaint rather than filing a grievance, coverage decision rather than organization determination or coverage determination or at-risk determination, and independent review organization instead of Independent Review Entity.
- It also uses abbreviations as little as possible.

However, it can be helpful—and sometimes quite important—for you to know the correct legal terms. Knowing which terms to use will help you communicate more accurately to get the right help or information for your situation. To help you know which terms to use, we include legal terms when we give the details for handling specific types of situations.

Chapter 9 What to do if you have a problem or complaint (coverage decisions, appeals, complaints)

SECTION 2 Where to get more information and personalized assistance

We are always available to help you. Even if you have a complaint about our treatment of you, we are obligated to honor your right to complain. Therefore, you should always reach out to customer service for help. But in some situations, you may also want help or guidance from someone who is not connected with us. Below are two entities that can assist you.

State Health Insurance Assistance Program (SHIP).

Each state has a government program with trained counselors. The program is not connected with us or with any insurance company or health plan. The counselors at this program can help you understand which process you should use to handle a problem you are having. They can also answer your questions, give you more information, and offer guidance on what to do.

The services of SHIP counselors are free. You will find phone numbers and website URLs in Chapter 2, Section 3 of this document.

Medicare

You can also contact Medicare to get help. To contact Medicare:

- You can call 1-800-MEDICARE (1-800-633-4227), 24 hours a day, 7 days a week. TTY users should call 1-877-486-2048.
- You can also visit the Medicare website (medicare.gov).

You can get help and information from Medicaid

Call the Washington State Health Care Authority (HCA) at 1-800-562-3022. Representatives are available Monday through Friday, 7:00 a.m. to 5:00 p.m. Long waits are sometimes required, but self-service options are available on the phone and the Internet. For more contact information, see Chapter 2, Section 6.

SECTION 3 To deal with your problem, which process should you use?

Because you have Medicare and get assistance from Medicaid, you have different processes that you can use to handle your problem or complaint. Which process you use depends on whether the problem is about Medicare benefits or Medicaid benefits. If your problem is about a benefit covered by Medicare, then you should use the Medicare process. If your problem is about a benefit covered by Medicaid, then you should use the Medicaid process. If you would like help deciding whether to use the Medicare process or the Medicaid process, please contact Customer Service.

Chapter 9 What to do if you have a problem or complaint (coverage decisions, appeals, complaints)

The Medicare process and Medicaid process are described in different parts of this chapter. To find out which part you should read, use the chart below.

Is your problem about Medicare benefits or Medicaid benefits?

If you would like help deciding whether your problem is about Medicare benefits or Medicaid benefits, please contact Customer Service.

My problem is about **Medicare** benefits.

Go to the next section of this chapter, **Section 4, Handling problems about your Medicare benefits.**

My problem is about **Medicaid** coverage.

Skip ahead to **Section 12** of this chapter, **Handling problems about your Medicaid benefits.**

PROBLEMS ABOUT YOUR MEDICARE BENEFITS

SECTION 4 Handling problems about your Medicare benefits

Section 4.1	Should you use the process for coverage decisions and appeals? Or should you use the process for making complaints?
-------------	---

If you have a problem or concern, you only need to read the parts of this chapter that apply to your situation. The chart below will help you find the right section of this chapter for problems or complaints about **benefits covered by Medicare.**

Chapter 9 What to do if you have a problem or complaint (coverage decisions, appeals, complaints)

To figure out which part of this chapter will help with your problem or concern about your **Medicare** benefits, use this chart:

Is your problem or concern about your benefits or coverage?

This includes problems about whether medical care (medical items, services and/or Part B prescription drugs) are covered or not, the way they are covered, and problems related to payment for medical care.

Yes.

Go on to the next section of this chapter, **Section 5, A guide to the basics of coverage decisions and appeals.**

No.

Skip ahead to **Section 11** at the end of this chapter: **How to make a complaint about quality of care, waiting times, customer service, or other concerns.**

SECTION 5 A guide to the basics of coverage decisions and appeals

Section 5.1 Asking for coverage decisions and making appeals: the big picture

Coverage decisions and appeals deal with problems related to your benefits and coverage for your medical care (services, items, and Part B prescription drugs, including payment). To keep things simple, we generally refer to medical items, services, and Medicare Part B prescription drugs as **medical care**. You use the coverage decision and appeals process for issues such as whether something is covered or not and the way in which something is covered.

Asking for coverage decisions prior to receiving benefits

A coverage decision is a decision we make about your benefits and coverage or about the amount we will pay for your medical care. For example, if your plan network doctor refers you to a medical specialist not inside the network, this referral is considered a favorable coverage decision unless either your network doctor can show that you received a standard denial notice for this medical specialist, or the *Evidence of Coverage* makes it clear that the referred service is never covered under any condition. You or your doctor can also contact us and ask for a coverage decision if your doctor is unsure whether we will cover a particular medical service or refuses to provide medical care you think that you need. In other words, if you want to know if

Chapter 9 What to do if you have a problem or complaint (coverage decisions, appeals, complaints)

we will cover a medical care before you receive it, you can ask us to make a coverage decision for you. In limited circumstances a request for a coverage decision will be dismissed, which means we won't review the request. Examples of when a request will be dismissed include if the request is incomplete, if someone makes the request on your behalf but isn't legally authorized to do so or if you ask for your request to be withdrawn. If we dismiss a request for a coverage decision, we will send a notice explaining why the request was dismissed and how to ask for a review of the dismissal.

We are making a coverage decision for you whenever we decide what is covered for you and how much we pay. In some cases, we might decide medical care is not covered or is no longer covered by Medicare for you. If you disagree with this coverage decision, you can make an appeal.

Making an appeal

If we make a coverage decision and you are not satisfied, whether before or after a benefit is received, you can **appeal** the decision. An appeal is a formal way of asking us to review and change a coverage decision we have made. Under certain circumstances, which we discuss later, you can request an expedited or **fast appeal** of a coverage decision. Your appeal is handled by different reviewers than those who made the original decision.

When you appeal a decision for the first time, this is called a Level 1 appeal. In this appeal, we review the coverage decision we made to check to see if we were properly following the rules. When we have completed the review, we give you our decision.

In limited circumstances, a request for a Level 1 appeal will be dismissed, which means we won't review the request. Examples of when a request will be dismissed include if the request is incomplete, if someone makes the request on your behalf but isn't legally authorized to do so, or if you ask for your request to be withdrawn. If we dismiss a request for a Level 1 appeal, we will send a notice explaining why the request was dismissed and how to ask for a review of the dismissal.

If we say no to all or part of your Level 1 appeal for medical care, your appeal will automatically go on to a Level 2 appeal conducted by an independent review organization that is not connected to us.

- You do not need to do anything to start a Level 2 appeal. Medicare rules require we automatically send your appeal for medical care to Level 2 if we do not fully agree with your Level 1 appeal.
- See **Section 6.4** of this chapter for more information about Level 2 appeals for medical care.
- Part D appeals are discussed further in Section 7 of this chapter.

Chapter 9 What to do if you have a problem or complaint (coverage decisions, appeals, complaints)

If you are not satisfied with the decision at the Level 2 appeal, you may be able to continue through additional levels of appeal (Section 10 in this chapter explains the Level 3, 4, and 5 appeals processes).

Section 5.2	How to get help when you are asking for a coverage decision or making an appeal
--------------------	--

Here are resources if you decide to ask for any kind of coverage decision or appeal a decision:

- **You can call us at Customer Service.**
- **You can get free help** from your State Health Insurance Assistance Program.
- **Your doctor can make a request for you.** If your doctor helps with an appeal past Level 2, they will need to be appointed as your representative. Please call Customer Service and ask for the *Appointment of Representative* form. (The form is also available on Medicare's website at cms.gov/Medicare/CMS-Forms/CMS-Forms/downloads/cms1696.pdf or on our website at medicare.chpw.org/member-center/member-resources/medicare-plan-documents
 - For medical care, your doctor can request a coverage decision or a Level 1 appeal on your behalf. If your appeal is denied at Level 1, it will be automatically forwarded to Level 2.
 - For Part D prescription drugs, your doctor or other prescriber can request a coverage decision or a Level 1 appeal on your behalf. If your Level 1 appeal is denied your doctor or prescriber can request a Level 2 appeal.
- **You can ask someone to act on your behalf.** If you want to, you can name another person to act for you as your **representative** to ask for a coverage decision or make an appeal.
 - If you want a friend, relative, or other person to be your representative, call Customer Service and ask for the *Appointment of Representative* form. (The form is also available on Medicare's website at cms.gov/Medicare/CMS-Forms/CMS-Forms/downloads/cms1696.pdf or on our website at medicare.chpw.org/member-center/member-resources/medicare-plan-documents) The form gives that person permission to act on your behalf. It must be signed by you and by the person who you would like to act on your behalf. You must give us a copy of the signed form.

Chapter 9 What to do if you have a problem or complaint (coverage decisions, appeals, complaints)

- While we can accept an appeal request without the form, we cannot begin or complete our review until we receive it. If we do not receive the form before our deadline for making a decision on your appeal, your appeal request will be dismissed. If this happens, we will send you a written notice explaining your right to ask the independent review organization to review our decision to dismiss your appeal.
- **You also have the right to hire a lawyer.** You may contact your own lawyer, or get the name of a lawyer from your local bar association or other referral service. There are also groups that will give you free legal services if you qualify. However, **you are not required to hire a lawyer** to ask for any kind of coverage decision or appeal a decision.

Section 5.3	Which section of this chapter gives the details for your situation?
--------------------	--

There are four different situations that involve coverage decisions and appeals. Since each situation has different rules and deadlines, we give the details for each one in a separate section:

- **Section 6** of this chapter: Your medical care: How to ask for a coverage decision or make an appeal
- **Section 7** of this chapter: Your Part D prescription drugs: How to ask for a coverage decision or make an appeal
- **Section 8** of this chapter: How to ask us to cover a longer inpatient hospital stay if you think the doctor is discharging you too soon
- **Section 9** of this chapter: How to ask us to keep covering certain medical services if you think your coverage is ending too soon (*Applies only to these services*: home health care, skilled nursing facility care, and Comprehensive Outpatient Rehabilitation Facility (CORF) services)

If you're not sure which section you should be using, please call Customer Service. You can also get help or information from government organizations such as your State Health Insurance Assistance Program.

SECTION 6 Your medical care: How to ask for a coverage decision or make an appeal of a coverage decision

Section 6.1	This section tells what to do if you have problems getting coverage for medical care or if you want us to pay you back for your care
--------------------	---

This section is about your benefits for medical care. These benefits are described in Chapter 4 of this document: *Medical Benefits Chart (what is covered)* in some cases, different rules apply to a request for a Part B prescription drug. In those cases, we will explain how the rules for Part B prescription drugs are different from the rules for medical items and services.

This section tells what you can do if you are in any of the five following situations:

1. You are not getting certain medical care you want, and you believe that this care is covered by our plan. **Ask for a coverage decision. Section 6.2.**
2. Our plan will not approve the medical care your doctor or other medical provider wants to give you, and you believe that this care is covered by the plan. **Ask for a coverage decision. Section 6.2.**
3. You have received medical care that you believe should be covered by the plan, but we have said we will not pay for this care. **Make an appeal. Section 6.3.**
4. You have received and paid for medical care that you believe should be covered by the plan, and you want to ask our plan to reimburse you for this care. **Send us the bill. Section 6.5.**
5. You are being told that coverage for certain medical care you have been getting that we previously approved will be reduced or stopped, and you believe that reducing or stopping this care could harm your health. **Make an appeal. Section 6.3.**

Note: If the coverage that will be stopped is for hospital care, home health care, skilled nursing facility care, or Comprehensive Outpatient Rehabilitation Facility (CORF) services, you need to read Sections 7 and 8 of this Chapter. Special rules apply to these types of care.

Section 6.2**Step-by-step: How to ask for a coverage decision****Legal Terms**

When a coverage decision involves your medical care, it is called an **organization determination**.

A fast coverage decision is called an **expedited determination**.

Step 1: Decide if you need a standard coverage decision or a fast coverage decision.

A standard coverage decision is usually made within 14 days or 72 hours for Part B drugs. A fast coverage decision is generally made within 72 hours, for medical services, or 24 hours for Part B drugs. In order to get a fast coverage decision, you must meet two requirements:

- You may *only ask* for coverage for medical items and/or services (not requests for payment for items and/or services already received).
- You can get a fast coverage decision *only* if using the standard deadlines could *cause serious harm to your health or hurt your ability to function*.
- **If your doctor tells us that your health requires a fast coverage decision, we will automatically agree to give you a fast coverage decision.**
- **If you ask for a fast coverage decision on your own, without your doctor's support, we will decide whether your health requires that we give you a fast coverage decision.** If we do not approve a fast coverage decision, we will send you a letter that:
 - Explains that we will use the standard deadlines
 - Explains if your doctor asks for the fast coverage decision, we will automatically give you a fast coverage decision
 - Explains that you can file a fast complaint about our decision to give you a standard coverage decision instead of the fast coverage decision you requested

Step 2: Ask our plan to make a coverage decision or fast coverage decision.

- Start by calling, writing, or faxing our plan to make your request for us to authorize or provide coverage for the medical care you want. You, your doctor, or your representative can do this. Chapter 2 has contact information.

Chapter 9 What to do if you have a problem or complaint (coverage decisions, appeals, complaints)

Step 3: We consider your request for medical care coverage and give you our answer.

For standard coverage decisions we use the standard deadlines.

This means we will give you an answer within 14 calendar days after we receive your request for a medical item or service. If your request is for a **Medicare Part B prescription drug**, we will give you an answer **within 72 hours** after we receive your request.

- **However**, if you ask for more time, or if we need more information that may benefit you, **we can take up to 14 more calendar days** if your request is for a medical item or service. If we take extra days, we will tell you in writing. We can't take extra time to make a decision if your request is for a Medicare Part B prescription drug.
- If you believe we should *not* take extra days, you can file a fast complaint. We will give you an answer to your complaint as soon as we make the decision. (The process for making a complaint is different from the process for coverage decisions and appeals. See Section 11 of this chapter for information on complaints.)

For fast coverage decisions we use an expedited timeframe.

A fast coverage decision means we will answer within 72 hours if your request is for a medical item or service. If your request is for a Medicare Part B prescription drug, we will answer within 24 hours.

- **However**, if you ask for more time, or if we need more information that may benefit you, **we can take up to 14 more calendar days**. If we take extra days, we will tell you in writing. We can't take extra time to make a decision if your request is for a Medicare Part B prescription drug.
- If you believe we should not take extra days, you can file a fast complaint. (See Section 11 of this chapter for information on complaints.) We will call you as soon as we make the decision.
- **If our answer is no to part or all of what you requested**, we will send you a written statement that explains why we said no.

Step 4: If we say no to your request for coverage for medical care, you can appeal.

If we say no, you have the right to ask us to reconsider this decision by making an appeal. This means asking again to get the medical care coverage you want. If you make an appeal, it means you are going on to Level 1 of the appeals process.

Section 6.3 Step-by-step: How to make a Level 1 appeal**Legal Terms**

An appeal to the plan about a medical care coverage decision is called a plan **reconsideration**.

A fast appeal is also called an **expedited reconsideration**.

Step 1: Decide if you need a standard appeal or a fast appeal.

A standard appeal is usually made within 30 calendar days or 7 calendar days for Part B drugs. A fast appeal is generally made within 72 hours.

- If you are appealing a decision we made about coverage for care that you have not yet received, you and/or your doctor will need to decide if you need a fast appeal. If your doctor tells us that your health requires a fast appeal, we will give you a fast appeal.
- The requirements for getting a fast appeal are the same as those for getting a fast coverage decision in Section 6.2 of this chapter.

Step 2: Ask our plan for an appeal or a fast appeal

- **If you are asking for a standard appeal, submit your standard appeal in writing.** Chapter 2 has contact information.
- **If you are asking for a fast appeal, make your appeal in writing or call us.** Chapter 2 has contact information.
- **You must make your appeal request within 65 calendar days** from the date on the written notice we sent to tell you our answer on the coverage decision. If you miss this deadline and have a good reason for missing it, explain the reason your appeal is late when you make your appeal. We may give you more time to make your appeal. Examples of good cause may include a serious illness that prevented you from contacting us or if we provided you with incorrect or incomplete information about the deadline for requesting an appeal.
- **You can ask for a copy of the information regarding your medical decision. You and your doctor may add more information to support your appeal.** We are allowed to charge a fee for copying and sending this information to you.

Chapter 9 What to do if you have a problem or complaint (coverage decisions, appeals, complaints)

Step 3: We consider your appeal, and we give you our answer.

- When we are reviewing your appeal, we take a careful look at all of the information. We check to see if we were following all the rules when we said no to your request.
- We will gather more information if needed, possibly contacting you or your doctor.

Deadlines for a fast appeal

- For fast appeals, we must give you our answer **within 72 hours after we receive your appeal**. We will give you our answer sooner if your health requires us to.
 - If you ask for more time, or if we need more information that may benefit you, we **can take up to 14 more calendar days** if your request is for a medical item or service. If we take extra days, we will tell you in writing. We can't take extra time if your request is for a Medicare Part B prescription drug.
 - If we do not give you an answer within 72 hours (or by the end of the extended time period if we took extra days), we are required to automatically send your request on to Level 2 of the appeals process, where it will be reviewed by an independent review organization. Section 6.4 explains the Level 2 appeal process.
- **If our answer is yes to part or all of what you requested**, we must authorize or provide the coverage we have agreed to provide within 72 hours after we receive your appeal.
- **If our answer is no to part or all of what you requested**, we will send you our decision in writing and automatically forward your appeal to the independent review organization for a Level 2 appeal. The independent review organization will notify you in writing when it receives your appeal.

Deadlines for a standard appeal

- For standard appeals, we must give you our answer **within 30 calendar days** after we receive your appeal. If your request is for a Medicare Part B prescription drug you have not yet received, we will give you our answer **within 7 calendar days** after we receive your appeal. We will give you our decision sooner if your health condition requires us to.
 - **However**, if you ask for more time, or if we need more information that may benefit you, **we can take up to 14 more calendar days** if your request is for a medical item or service. If we take extra days, we will tell you in writing. We can't take extra time to make a decision if your request is for a Medicare Part B prescription drug.
 - If you believe we should *not* take extra days, you can file a fast complaint. When you file a fast complaint, we will give you an answer to your complaint within 24 hours. (See Section 11 of this chapter for information on complaints.)
 - If we do not give you an answer by the deadline (or by the end of the extended time period), we will send your request to a Level 2 appeal where an independent review organization will review the appeal. Section 6.4 explains the Level 2 appeal process.

Chapter 9 What to do if you have a problem or complaint (coverage decisions, appeals, complaints)

- **If our answer is yes to part or all of what you requested**, we must authorize or provide the coverage within 30 calendar days if your request is for a medical item or service, or **within 7 calendar days** if your request is for a Medicare Part B prescription drug.

If our plan says no to part or all of your appeal, we will automatically send your appeal to the independent review organization for a Level 2 appeal.

Section 6.4**Step-by-step: How a Level 2 appeal is done****Legal Term**

The formal name for the independent review organization is the **Independent Review Entity**. It is sometimes called the **IRE**.

The **independent review organization is an independent organization hired by Medicare**. It is not connected with us and is not a government agency. This organization decides whether the decision we made is correct or if it should be changed. Medicare oversees its work.

Step 1: The independent review organization reviews your appeal.

- We will send the information about your appeal to this organization. This information is called your **case file**. **You have the right to ask us for a copy of your case file.**
- You have a right to give the independent review organization additional information to support your appeal.
- Reviewers at the independent review organization will take a careful look at all of the information related to your appeal.

If you had a fast appeal at Level 1, you will also have a fast appeal at Level 2.

- For the fast appeal the review organization must give you an answer to your Level 2 appeal **within 72 hours** of when it receives your appeal.
- If your request is for a medical item or service and the independent review organization needs to gather more information that may benefit you, **it can take up to 14 more calendar days**. The independent review organization can't take extra time to make a decision if your request is for a Medicare Part B prescription drug.

If you had a standard appeal at Level 1, you will also have a standard appeal at Level 2.

- For the standard appeal if your request is for a medical item or service, the review organization must give you an answer to your Level 2 appeal **within 30 calendar days** of when it receives your appeal.

Chapter 9 What to do if you have a problem or complaint (coverage decisions, appeals, complaints)

- If your request is for a Medicare Part B prescription drug, the review organization must give you an answer to your Level 2 appeal **within 7 calendar days** of when it receives your appeal.
- If your request is for a medical item or service and the independent review organization needs to gather more information that may benefit you, **it can take up to 14 more calendar days**. The independent review organization can't take extra time to make a decision if your request is for a Medicare Part B prescription drug.

Step 2: The independent review organization gives you their answer.

The independent review organization will tell you about its decision in writing and explain the reasons for it.

- **If the independent review organization says yes to part or all of a request for a medical item or service**, we must authorize the medical care coverage **within 72 hours** or provide the service within **14 calendar days** after we receive the independent review organization's decision for **standard requests** or provide the service **within 72 hours** from the date the plan receives the independent review organization's decision for **expedited requests**.
- **If the independent review organization says yes to part or all of a request for a Medicare Part B prescription drug**, we must authorize or provide the Medicare Part B prescription drug **within 72 hours** after we receive the independent review organization's decision for **standard requests** or **within 24 hours** from the date we receive the independent review organization's decision for **expedited requests**.
- **If this organization says no to part or all of your appeal**, it means they agree with our plan that your request (or part of your request) for coverage for medical care should not be approved. (This is called **upholding the decision** or **turning down your appeal**.) In this case, the independent review organization will send you a letter:
 - Explaining its decision.
 - Notifying you of the right to a Level 3 appeal if the dollar value of the medical care coverage you are requesting meets a certain minimum. The written notice you get from the independent review organization will tell you the dollar amount you must meet to continue the appeals process.
 - Telling you how to file a Level 3 appeal.

Chapter 9 What to do if you have a problem or complaint (coverage decisions, appeals, complaints)

Step 3: If your case meets the requirements, you choose whether you want to take your appeal further.

- There are three additional levels in the appeals process after Level 2 (for a total of five levels of appeal). If you want to go to a Level 3 appeal the details on how to do this are in the written notice you get after your Level 2 appeal.
- The Level 3 appeal is handled by an Administrative Law Judge or attorney adjudicator. Section 10 in this chapter explains the Levels 3, 4, and 5 appeals processes.

Section 6.5**What if you are asking us to pay you back for a bill you have received for medical care?**

If you have already paid for a Medicaid service or item covered by the plan, you can ask our plan to pay you back (paying you back is often called **reimbursing** you). It is your right to be paid back by our plan whenever you've paid for medical services or drugs that are covered by our plan. When you send us a bill you have already paid, we will look at the bill and decide whether the services or drugs should be covered. If we decide they should be covered, we will pay you back for the services or drugs.

Asking for reimbursement is asking for a coverage decision from us

If you send us the paperwork asking for reimbursement, you are asking for a coverage decision. To make this decision, we will check to see if the medical care you paid for is a covered service. We will also check to see if you followed all the rules for using your coverage for medical care.

- **If we say yes to your request:** If the medical care is covered and you followed all the rules, we will send you the payment for the cost typically within 30 calendar days, but no later than 60 calendar days after we receive your request. If you haven't paid for the medical care, we will send the payment directly to the provider.
- **If we say no to your request:** If the medical care is *not* covered, or you did *not* follow all the rules, we will not send payment. Instead, we will send you a letter that says we will not pay for the medical care and the reasons why.

If you do not agree with our decision to turn you down, **you can make an appeal**. If you make an appeal, it means you are asking us to change the coverage decision we made when we turned down your request for payment.

Chapter 9 What to do if you have a problem or complaint (coverage decisions, appeals, complaints)

To make this appeal, follow the process for appeals that we describe in Section 6.3. For appeals concerning reimbursement, please note:

- We must give you our answer within 60 calendar days after we receive your appeal. If you are asking us to pay you back for medical care you have already received and paid for, you are not allowed to ask for a fast appeal.
- If the independent review organization decides we should pay, we must send you or the provider the payment within 30 calendar days. If the answer to your appeal is yes at any stage of the appeals process after Level 2, we must send the payment you requested to you or to the provider within 60 calendar days.

SECTION 7 Your Part D prescription drugs: How to ask for a coverage decision or make an appeal

Section 7.1	This section tells you what to do if you have problems getting a Part D drug or you want us to pay you back for a Part D drug
--------------------	--

Your benefits include coverage for many prescription drugs. To be covered, the drug must be used for a medically accepted indication. (See Chapter 5 for more information about a medically accepted indication.) For details about Part D drugs, rules, restrictions, and costs please see Chapters 5 and 6. **This section is about your Part D drugs only.** To keep things simple, we generally say *drug* in the rest of this section, instead of repeating *covered outpatient prescription drug* or *Part D drug* every time. We also use the term Drug List instead of *List of Covered Drugs* or *Formulary*.

- If you do not know if a drug is covered or if you meet the rules, you can ask us. Some drugs require that you get approval from us before we will cover it.
- If your pharmacy tells you that your prescription cannot be filled as written, the pharmacy will give you a written notice explaining how to contact us to ask for a coverage decision.

Chapter 9 What to do if you have a problem or complaint (coverage decisions, appeals, complaints)

Part D coverage decisions and appeals

Legal Term
An initial coverage decision about your Part D drugs is called a coverage determination .

A coverage decision is a decision we make about your benefits and coverage or about the amount we will pay for your drugs. This section tells what you can do if you are in any of the following situations:

- Asking to cover a Part D drug that is not on the plan's *List of Covered Drugs*. **Ask for an exception. Section 7.2**
- Asking to waive a restriction on the plan's coverage for a drug (such as limits on the amount of the drug you can get) **Ask for an exception. Section 7.2**
- Asking to get pre-approval for a drug. **Ask for a coverage decision. Section 7.4**
- Pay for a prescription drug you already bought. **Ask us to pay you back. Section 7.4**

If you disagree with a coverage decision we have made, you can appeal our decision.

This section tells you both how to ask for coverage decisions and how to request an appeal.

Section 7.2	What is an exception?
--------------------	------------------------------

Legal Terms
Asking for coverage of a drug that is not on the Drug List is sometimes called asking for a formulary exception .
Asking for removal of a restriction on coverage for a drug is sometimes called asking for a formulary exception .
Asking to pay a lower price for a covered non-preferred drug is sometimes called asking for a tiering exception .

If a drug is not covered in the way you would like it to be covered, you can ask us to make an **exception**. An exception is a type of coverage decision.

For us to consider your exception request, your doctor or other prescriber will need to explain the medical reasons why you need the exception approved. Here are two examples of exceptions that you or your doctor or other prescriber can ask us to make:

Chapter 9 What to do if you have a problem or complaint (coverage decisions, appeals, complaints)

- 1. Covering a Part D drug for you that is not on our Drug List.** If we agree to cover a drug not on the Drug List, you will need to pay the cost-sharing amount that applies to our drugs. You cannot ask for an exception to the cost-sharing amount we require you to pay for the drug.
- 2. Removing a restriction for a covered drug.** Chapter 5 describes the extra rules or restrictions that apply to certain drugs on our Drug List.

Section 7.3	Important things to know about asking for exceptions
--------------------	---

Your doctor must tell us the medical reasons

Your doctor or other prescriber must give us a statement that explains the medical reasons for requesting an exception. For a faster decision, include this medical information from your doctor or other prescriber when you ask for the exception.

Typically, our Drug List includes more than one drug for treating a particular condition. These different possibilities are called **alternative** drugs. If an alternative drug would be just as effective as the drug you are requesting and would not cause more side effects or other health problems, we will generally *not* approve your request for an exception.

We can say yes or no to your request

- If we approve your request for an exception, our approval usually is valid until the end of the plan year. This is true as long as your doctor continues to prescribe the drug for you and that drug continues to be safe and effective for treating your condition.
- If we say no to your request, you can ask for another review of our decision by making an appeal.

Chapter 9 What to do if you have a problem or complaint (coverage decisions, appeals, complaints)

Section 7.4	Step-by-step: How to ask for a coverage decision, including an exception
--------------------	---

Legal Term

A fast coverage decision is called an expedited coverage determination .

Step 1: Decide if you need a standard coverage decision or a fast coverage decision.

Standard coverage decisions are made within **72 hours** after we receive your doctor's statement.

Fast coverage decisions are made within **24 hours** after we receive your doctor's statement.

If your health requires it, ask us to give you a fast coverage decision. To get a fast coverage decision, you must meet two requirements:

- You must be asking for a drug you have not yet received. (You cannot ask for fast coverage decision to be paid back for a drug you have already bought.)
- Using the standard deadlines could cause serious harm to your health or hurt your ability to function.
- **If your doctor or other prescriber tells us that your health requires a fast coverage decision, we will automatically give you a fast coverage decision.**
- **If you ask for a fast coverage decision on your own, without your doctor or prescriber's support, we will decide whether your health requires that we give you a fast coverage decision.** If we do not approve a fast coverage decision, we will send you a letter that:
 - Explains that we will use the standard deadlines.
 - Explains if your doctor or other prescriber asks for the fast coverage decision, we will automatically give you a fast coverage decision.
 - Tells you how you can file a fast complaint about our decision to give you a standard coverage decision instead of the fast coverage decision you requested. We will answer your complaint within 24 hours of receipt.

Step 2: Request a standard coverage decision or a fast coverage decision.

- Start by calling, writing, or faxing our plan to make your request for us to authorize or provide coverage for the medical care you want. You can also access the coverage decision process through our website. We must accept any written request, including a request submitted on the *CMS Model Coverage Determination Request Form*, which is available on our website medicare.chpw.org/member-center/member-rights/grievances-appeals. Chapter 2 has

Chapter 9 What to do if you have a problem or complaint (coverage decisions, appeals, complaints)

contact information. To assist us in processing your request, please be sure to include your name, contact information, and information identifying which denied claim is being appealed.

You, your doctor, (or other prescriber) or your representative can do this. You can also have a lawyer act on your behalf. Section 4 of this chapter tells how you can give written permission to someone else to act as your representative.

- **If you are requesting an exception, provide the supporting statement**, which is the medical reasons for the exception. Your doctor or other prescriber can fax or mail the statement to us. Or your doctor or other prescriber can tell us on the phone and follow up by faxing or mailing a written statement if necessary.

Step 3: We consider your request and give you our answer.***Deadlines for a fast coverage decision***

- We must generally give you our answer **within 24 hours** after we receive your request.
 - For exceptions, we will give you our answer within 24 hours after we receive your doctor's supporting statement. We will give you our answer sooner if your health requires us to.
 - If we do not meet this deadline, we are required to send your request on to Level 2 of the appeals process, where it will be reviewed by an independent review organization.
- **If our answer is yes to part or all of what you requested**, we must provide the coverage we have agreed to provide within 24 hours after we receive your request or doctor's statement supporting your request.
- **If our answer is no to part or all of what you requested**, we will send you a written statement that explains why we said no. We will also tell you how you can appeal.

Deadlines for a standard coverage decision about a drug you have not yet received

- We must generally give you our answer **within 72 hours** after we receive your request.
 - For exceptions, we will give you our answer within 72 hours after we receive your doctor's supporting statement. We will give you our answer sooner if your health requires us to.
 - If we do not meet this deadline, we are required to send your request on to Level 2 of the appeals process, where it will be reviewed by an independent review organization.
- **If our answer is yes to part or all of what you requested**, we must **provide the coverage** we have agreed to provide **within 72 hours** after we receive your request or doctor's statement supporting your request.
- **If our answer is no to part or all of what you requested**, we will send you a written statement that explains why we said no. We will also tell you how you can appeal.

Chapter 9 What to do if you have a problem or complaint (coverage decisions, appeals, complaints)

Deadlines for a standard coverage decision about payment for a drug you have already bought

- We must give you our answer **within 14 calendar days** after we receive your request.
 - If we do not meet this deadline, we are required to send your request on to Level 2 of the appeals process, where it will be reviewed by an independent review organization.
- **If our answer is yes to part or all of what you requested**, we are also required to make payment to you within 14 calendar days after we receive your request.
- **If our answer is no to part or all of what you requested**, we will send you a written statement that explains why we said no. We will also tell you how you can appeal.

Step 4: If we say no to your coverage request, you can make an appeal.

- If we say no, you have the right to ask us to reconsider this decision by making an appeal. This means asking again to get the drug coverage you want. If you make an appeal, it means you are going on to Level 1 of the appeals process.

Section 7.5	Step-by-step: How to make a Level 1 appeal
--------------------	---

Legal Terms
An appeal to the plan about a Part D drug coverage decision is called a plan redetermination .
A fast appeal is also called an expedited redetermination .

Step 1: Decide if you need a standard appeal or a fast appeal.

A standard appeal is usually made within 7 calendar days. A fast appeal is generally made within 72 hours. If your health requires it, ask for a fast appeal.

- If you are appealing a decision we made about a drug you have not yet received, you and your doctor or other prescriber will need to decide if you need a fast appeal.
- The requirements for getting a fast appeal are the same as those for getting a fast coverage decision in Section 6.4 of this chapter.

Step 2: You, your representative, doctor or other prescriber must contact us and make your Level 1 appeal. If your health requires a quick response, you must ask for a **fast appeal**.

- **For standard appeals, submit a written request.** Chapter 2 has contact information.
- **For fast appeals either submit your appeal in writing or call us at 1-800-942-0247** Chapter 2 has contact information.

Chapter 9 What to do if you have a problem or complaint (coverage decisions, appeals, complaints)

- **We must accept any written request**, including a request submitted on the *CMS Model Redetermination Request Form*, which is available on our website medicare.chpw.org/member-center/member-rights/grievances-appeals. Please be sure to include your name, contact information, and information regarding your claim to assist us in processing your request.
- **You must make your appeal request within 65 calendar days** from the date on the written notice we sent to tell you our answer on the coverage decision. If you miss this deadline and have a good reason for missing it, explain the reason your appeal is late when you make your appeal. We may give you more time to make your appeal. Examples of good cause may include a serious illness that prevented you from contacting us or if we provided you with incorrect or incomplete information about the deadline for requesting an appeal.
- **You can ask for a copy of the information in your appeal and add more information.** You and your doctor may add more information to support your appeal.

Step 3: We consider your appeal and we give you our answer.

- When we are reviewing your appeal, we take another careful look at all of the information about your coverage request. We check to see if we were following all the rules when we said no to your request. We may contact you or your doctor or other prescriber to get more information.

Deadlines for a fast appeal

- For fast appeals, we must give you our answer **within 72 hours after we receive your appeal**. We will give you our answer sooner if your health requires us to.
 - If we do not give you an answer within 72 hours, we are required to send your request on to Level 2 of the appeals process, where it will be reviewed by an independent review organization. Section 6.6 explains the Level 2 appeal process.
- **If our answer is yes to part or all of what you requested**, we must provide the coverage we have agreed to provide within 72 hours after we receive your appeal.
- **If our answer is no to part or all of what you requested**, we will send you a written statement that explains why we said no and how you can appeal our decision.

Deadlines for a standard appeal for a drug you have not yet received

- For standard appeals, we must give you our answer **within 7 calendar days** after we receive your appeal. We will give you our decision sooner if you have not received the drug yet and your health condition requires us to do so.
 - If we do not give you a decision within 7 calendar days, we are required to send your request on to Level 2 of the appeals process, where it will be reviewed by an independent review organization. Section 7.6 explains the Level 2 appeal process.

Chapter 9 What to do if you have a problem or complaint (coverage decisions, appeals, complaints)

- **If our answer is yes to part or all of what you requested**, we must provide the coverage as quickly as your health requires, but no later than **7 calendar days** after we receive your appeal. **If our answer is no to part or all of what you requested**, we will send you a written statement that explains why we said no and how you can appeal our decision.

Deadlines for a standard appeal about payment for a drug you have already bought

- We must give you our answer **within 14 calendar days** after we receive your request.
 - If we do not meet this deadline, we are required to send your request on to Level 2 of the appeals process, where it will be reviewed by an independent review organization.
- **If our answer is yes to part or all of what you requested**, we are also required to make payment to you within 30 calendar days after we receive your request.
- **If our answer is no to part or all of what you requested**, we will send you a written statement that explains why we said no. We will also tell you how you can appeal.

Step 4: If we say no to your appeal, you decide if you want to continue with the appeals process and make *another* appeal.

- If you decide to make another appeal, it means your appeal is going on to Level 2 of the appeals process.

Section 7.6

Step-by-step: How to make a Level 2 appeal

Legal Term

The formal name for the independent review organization is the **Independent Review Entity**. It is sometimes called the **IRE**.

The **independent review organization** is an **independent organization hired by Medicare**. It is not connected with us and is not a government agency. This organization decides whether the decision we made is correct or if it should be changed. Medicare oversees its work.

Step 1: You (or your representative or your doctor or other prescriber) must contact the independent review organization and ask for a review of your case.

- If we say no to your Level 1 appeal, the written notice we send you will include **instructions on how to make a Level 2 appeal** with the independent review organization. These instructions will tell who can make this Level 2 appeal, what deadlines you must follow, and how to reach the review organization. If, however, we did not complete our review within the applicable timeframe, or make an unfavorable

Chapter 9 What to do if you have a problem or complaint (coverage decisions, appeals, complaints)

decision regarding **at-risk** determination under our drug management program, we will automatically forward your claim to the IRE.

- We will send the information about your appeal to this organization. This information is called your **case file**. **You have the right to ask us for a copy of your case file.**
- You have a right to give the independent review organization additional information to support your appeal.

Step 2: The independent review organization reviews your appeal.

Reviewers at the independent review organization will take a careful look at all of the information related to your appeal.

Deadlines for fast appeal

- If your health requires it, ask the independent review organization for a fast appeal.
- If the organization agrees to give you a fast appeal, the organization must give you an answer to your Level 2 appeal **within 72 hours** after it receives your appeal request.

Deadlines for standard appeal

- For standard appeals, the review organization must give you an answer to your Level 2 appeal **within 7 calendar days** after it receives your appeal if it is for a drug you have not yet received. If you are requesting that we pay you back for a drug you have already bought, the review organization must give you an answer to your Level 2 appeal **within 14 calendar days** after it receives your request.

Step 3: The independent review organization gives you their answer.

- **For fast appeals:**
 - **If the independent review organization says yes to part or all of what you requested,** we must provide the drug coverage that was approved by the review organization **within 24 hours** after we receive the decision from the review organization.
- **For standard appeals:**
 - **If the independent review organization says yes to part or all of your request for coverage,** we must **provide the drug coverage** that was approved by the review organization **within 72 hours** after we receive the decision from the review organization.
 - **If the independent review organization says yes to part or all of your request to pay you back** for a drug you already bought, we are required to **send payment to you within 30 calendar days** after we receive the decision from the review organization.

Chapter 9 What to do if you have a problem or complaint (coverage decisions, appeals, complaints)

What if the review organization says no to your appeal?

If this organization says **no to part or all of your appeal**, it means they agree with our decision not to approve your request (or part of your request). (This is called **upholding the decision**. It is also called **turning down your appeal**.) In this case, the independent review organization will send you a letter:

- Explaining its decision.
- Notifying you of the right to a Level 3 appeal if the dollar value of the drug coverage you are requesting meets a certain minimum. If the dollar value of the drug coverage you are requesting is too low, you cannot make another appeal and the decision at Level 2 is final.
- Telling you the dollar value that must be in dispute to continue with the appeals process.

Step 4: If your case meets the requirements, you choose whether you want to take your appeal further.

- There are three additional levels in the appeals process after Level 2 (for a total of five levels of appeal).
- If you want to go on to Level 3 appeal, the details on how to do this are in the written notice you get after your Level 2 appeal decision.
- The Level 3 appeal is handled by an Administrative Law Judge or attorney adjudicator. Section 10 of this chapter talks more about Levels 3, 4, and 5 of the appeals process.

SECTION 8 How to ask us to cover a longer inpatient hospital stay if you think you are being discharged too soon

When you are admitted to a hospital, you have the right to get all of your covered hospital services that are necessary to diagnose and treat your illness or injury.

During your covered hospital stay, your doctor and the hospital staff will be working with you to prepare for the day when you will leave the hospital. They will help arrange for care you may need after you leave.

- The day you leave the hospital is called your **discharge date**.
- When your discharge date is decided, your doctor or the hospital staff will tell you.
- If you think you are being asked to leave the hospital too soon, you can ask for a longer hospital stay and your request will be considered.

Chapter 9 What to do if you have a problem or complaint (coverage decisions, appeals, complaints)**Section 8.1 During your inpatient hospital stay, you will get a written notice from Medicare that tells about your rights**

Within two calendar days of being admitted to the hospital, you will be given a written notice called *An Important Message from Medicare about Your Rights*. Everyone with Medicare gets a copy of this notice. If you do not get the notice from someone at the hospital (for example, a caseworker or nurse), ask any hospital employee for it. If you need help, please call Customer Service or 1-800-MEDICARE (1-800-633-4227), 24 hours a day, 7 days a week. (TTY 1-877-486-2048).

1. Read this notice carefully and ask questions if you don't understand it. It tells you:

- Your right to receive Medicare-covered services during and after your hospital stay, as ordered by your doctor. This includes the right to know what these services are, who will pay for them, and where you can get them.
- Your right to be involved in any decisions about your hospital stay.
- Where to report any concerns you have about quality of your hospital care.
- Your right to **request an immediate review** of the decision to discharge you if you think you are being discharged from the hospital too soon. This is a formal, legal way to ask for a delay in your discharge date so that we will cover your hospital care for a longer time.

2. You will be asked to sign the written notice to show that you received it and understand your rights.

- You or someone who is acting on your behalf will be asked to sign the notice.
- Signing the notice shows *only* that you have received the information about your rights. The notice does not give your discharge date. Signing the notice **does not mean** you are agreeing on a discharge date.

3. Keep your copy of the notice handy so you will have the information about making an appeal (or reporting a concern about quality of care) if you need it.

- If you sign the notice more than two calendar days before your discharge date, you will get another copy before you are scheduled to be discharged.
- To look at a copy of this notice in advance, you can call Customer Service or 1-800 MEDICARE (1-800-633-4227), 24 hours a day, 7 days a week. TTY users should call 1-877-486-2048. You can also see the notice online at cms.gov/Medicare/Medicare-General-Information/BNI/HospitalDischargeAppealNotices.

Chapter 9 What to do if you have a problem or complaint (coverage decisions, appeals, complaints)**Section 8.2 Step-by-step: How to make a Level 1 appeal to change your hospital discharge date**

If you want to ask for your inpatient hospital services to be covered by us for a longer time, you will need to use the appeals process to make this request. Before you start, understand what you need to do and what the deadlines are.

- **Follow the process.**
- **Meet the deadlines.**
- **Ask for help if you need it.** If you have questions or need help at any time, please call Customer Service. Or call your State Health Insurance Assistance Program, a government organization that provides personalized assistance.

During a Level 1 appeal, the Quality Improvement Organization reviews your appeal. It checks to see if your planned discharge date is medically appropriate for you.

The **Quality Improvement Organization** is a group of doctors and other health care professionals paid by the Federal government to check on and help improve the quality of care for people with Medicare. This includes reviewing hospital discharge dates for people with Medicare. These experts are not part of our plan.

Step 1: Contact the Quality Improvement Organization for your state and ask for an immediate review of your hospital discharge. You must act quickly.

How can you contact this organization?

- The written notice you received (*An Important Message from Medicare About Your Rights*) tells you how to reach this organization. Or find the name, address, and phone number of the Quality Improvement Organization for your state in Chapter 2.

Act quickly:

- To make your appeal, you must contact the Quality Improvement Organization *before* you leave the hospital and **no later than midnight the day of your discharge**.
 - **If you meet this deadline**, you may stay in the hospital *after* your discharge date *without paying for it* while you wait to get the decision from the Quality Improvement Organization.
 - **If you do not meet this deadline**, and you decide to stay in the hospital after your planned discharge date, *you may have to pay all of the costs* for hospital care you receive after your planned discharge date.

Once you request an immediate review of your hospital discharge the Quality Improvement Organization will contact us. By noon of the day after we are contacted we will give you a **Detailed Notice of Discharge**. This notice gives your planned discharge date and explains in

Chapter 9 What to do if you have a problem or complaint (coverage decisions, appeals, complaints)

detail the reasons why your doctor, the hospital, and we think it is right (medically appropriate) for you to be discharged on that date.

You can get a sample of the Detailed Notice of Discharge by calling Customer Service or 1-800-MEDICARE (1-800-633-4227), 24 hours a day, 7 days a week. (TTY users should call 1-877-486-2048.) Or you can see a sample notice online at [cms.gov/Medicare/Medicare-General-Information/BNI/HospitalDischargeappealNotices](https://www.cms.gov/Medicare/Medicare-General-Information/BNI/HospitalDischargeappealNotices).

Step 2: The Quality Improvement Organization conducts an independent review of your case.

- Health professionals at the Quality Improvement Organization (the reviewers) will ask you (or your representative) why you believe coverage for the services should continue. You don't have to prepare anything in writing, but you may do so if you wish.
- The reviewers will also look at your medical information, talk with your doctor, and review information that the hospital and we have given to them.
- By noon of the day after the reviewers told us of your appeal, you will get a written notice from us that gives your planned discharge date. This notice also explains in detail the reasons why your doctor, the hospital, and we think it is right (medically appropriate) for you to be discharged on that date.

Step 3: Within one full day after it has all the needed information, the Quality Improvement Organization will give you its answer to your appeal.***What happens if the answer is yes?***

- If the review organization says *yes*, **we must keep providing your covered inpatient hospital services for as long as these services are medically necessary.**
- You will have to keep paying your share of the costs (such as deductibles or copayments, if these apply). In addition, there may be limitations on your covered hospital services.

What happens if the answer is no?

- If the review organization says *no*, they are saying that your planned discharge date is medically appropriate. If this happens, **our coverage for your inpatient hospital services will end** at noon on the day *after* the Quality Improvement Organization gives you its answer to your appeal.
- If the review organization says *no* to your appeal and you decide to stay in the hospital, then **you may have to pay the full cost** of hospital care you receive after noon on the day after the Quality Improvement Organization gives you its answer to your appeal.

Chapter 9 What to do if you have a problem or complaint (coverage decisions, appeals, complaints)

Step 4: If the answer to your Level 1 appeal is no, you decide if you want to make another appeal.

- If the Quality Improvement Organization has said *no* to your appeal, *and* you stay in the hospital after your planned discharge date, then you can make another appeal. Making another appeal means you are going on to **Level 2** of the appeals process.

Section 8.3**Step-by-step: How to make a Level 2 appeal to change your hospital discharge date**

During a Level 2 appeal, you ask the Quality Improvement Organization to take another look at their decision on your first appeal. If the Quality Improvement Organization turns down your Level 2 appeal, you may have to pay the full cost for your stay after your planned discharge date.

Step 1: Contact the Quality Improvement Organization again and ask for another review.

- You must ask for this review **within 60 calendar days** after the day the Quality Improvement Organization said *no* to your Level 1 appeal. You can ask for this review only if you stay in the hospital after the date that your coverage for the care ended.

Step 2: The Quality Improvement Organization does a second review of your situation.

- Reviewers at the Quality Improvement Organization will take another careful look at all of the information related to your appeal.

Step 3: Within 14 calendar days of receipt of your request for a Level 2 appeal, the reviewers will decide on your appeal and tell you their decision.

If the review organization says yes:

- **We must reimburse you** for our share of the costs of hospital care you have received since noon on the day after the date your first appeal was turned down by the Quality Improvement Organization. **We must continue providing coverage for your inpatient hospital care for as long as it is medically necessary.**
- You must continue to pay your share of the costs and coverage limitations may apply.

If the review organization says no:

- It means they agree with the decision they made on your Level 1 appeal.
- The notice you get will tell you in writing what you can do if you wish to continue with the review process.

Chapter 9 What to do if you have a problem or complaint (coverage decisions, appeals, complaints)

Step 4: If the answer is no, you will need to decide whether you want to take your appeal further by going on to Level 3.

- There are three additional levels in the appeals process after Level 2 (for a total of five levels of appeal). If you want to go to a Level 3 appeal, the details on how to do this are in the written notice you get after your Level 2 appeal decision.
- The Level 3 appeal is handled by an Administrative Law Judge or attorney adjudicator. Section 10 of this chapter tells more about Levels 3, 4, and 5 of the appeals process.

SECTION 9 How to ask us to keep covering certain medical services if you think your coverage is ending too soon

Section 9.1	<i>This section is about three services only:</i> Home health care, skilled nursing facility care, and Comprehensive Outpatient Rehabilitation Facility (CORF) services
--------------------	--

When you are getting covered **home health services, skilled nursing care, or rehabilitation care (Comprehensive Outpatient Rehabilitation Facility)**, you have the right to keep getting your services for that type of care for as long as the care is needed to diagnose and treat your illness or injury.

When we decide it is time to stop covering any of the three types of care for you, we are required to tell you in advance. When your coverage for that care ends, *we will stop paying for your care.*

If you think we are ending the coverage of your care too soon, **you can appeal our decision.** This section tells you how to ask for an appeal.

Section 9.2	We will tell you in advance when your coverage will be ending
--------------------	--

Legal Term

<p>Notice of Medicare Non-Coverage. It tells you how you can request a fast-track appeal. Requesting a fast-track appeal is a formal, legal way to request a change to our coverage decision about when to stop your care.</p>
--

Chapter 9 What to do if you have a problem or complaint (coverage decisions, appeals, complaints)

- 1. You receive a notice in writing** at least two calendar days before our plan is going to stop covering your care. The notice tells you:
 - The date when we will stop covering the care for you.
 - How to request a fast-track appeal to request us to keep covering your care for a longer period of time.
- 2. You, or someone who is acting on your behalf, will be asked to sign the written notice to show that you received it.** Signing the notice shows *only* that you have received the information about when your coverage will stop. **Signing it does not mean you agree** with the plan's decision to stop care.

Section 9.3	Step-by-step: How to make a Level 1 appeal to have our plan cover your care for a longer time
--------------------	--

If you want to ask us to cover your care for a longer period of time, you will need to use the appeals process to make this request. Before you start, understand what you need to do and what the deadlines are.

- **Follow the process.**
- **Meet the deadlines.**
- **Ask for help if you need it.** If you have questions or need help at any time, please call Customer Service. Or call your State Health Insurance Assistance Program, a government organization that provides personalized assistance.

During a Level 1 appeal, the Quality Improvement Organization reviews your appeal. It decides if the end date for your care is medically appropriate.

Step 1: Make your Level 1 appeal: contact the Quality Improvement Organization and ask for a fast-track appeal. You must act quickly.

How can you contact this organization?

- The written notice you received (*Notice of Medicare Non-Coverage*) tells you how to reach this organization. (Or find the name, address, and phone number of the Quality Improvement Organization for your state in Chapter 2.)

Act quickly:

- You must contact the Quality Improvement Organization to start your appeal **by noon of the day before the effective date** on the *Notice of Medicare Non-Coverage*.
- If you miss the deadline for contacting the Quality Improvement Organization, you may still have appeal rights. Contact the Quality Improvement Organization.

Chapter 9 What to do if you have a problem or complaint (coverage decisions, appeals, complaints)

Step 2: The Quality Improvement Organization conducts an independent review of your case.

Legal Term
Detailed Explanation of Non-Coverage. Notice that provides details on reasons for ending coverage.

What happens during this review?

- Health professionals at the Quality Improvement Organization (the reviewers) will ask you, or your representative) why you believe coverage for the services should continue. You don't have to prepare anything in writing, but you may do so if you wish.
- The review organization will also look at your medical information, talk with your doctor, and review information that our plan has given to them.
- By the end of the day the reviewers tell us of your appeal, you will get the **Detailed Explanation of Non-Coverage** from us that explains in detail our reasons for ending our coverage for your services.

Step 3: Within one full day after they have all the information they need; the reviewers will tell you their decision.

What happens if the reviewers say yes?

- If the reviewers say *yes* to your appeal, then **we must keep providing your covered services for as long as it is medically necessary.**
- You will have to keep paying your share of the costs (such as deductibles or copayments, if these apply). There may be limitations on your covered services.

What happens if the reviewers say no?

- If the reviewers say *no*, then **your coverage will end on the date we have told you.**
- If you decide to keep getting the home health care, or skilled nursing facility care, or Comprehensive Outpatient Rehabilitation Facility (CORF) services *after* this date when your coverage ends, then **you will have to pay the full cost** of this care yourself.

Step 4: If the answer to your Level 1 appeal is no, you decide if you want to make another appeal.

- If reviewers say *no* to your Level 1 appeal – and you choose to continue getting care after your coverage for the care has ended – then you can make a Level 2 appeal.

Chapter 9 What to do if you have a problem or complaint (coverage decisions, appeals, complaints)

Section 9.4	Step-by-step: How to make a Level 2 appeal to have our plan cover your care for a longer time
--------------------	--

During a Level 2 appeal, you ask the Quality Improvement Organization to take another look at the decision on your first appeal. If the Quality Improvement Organization turns down your Level 2 appeal, you may have to pay the full cost for your home health care, or skilled nursing facility care, or Comprehensive Outpatient Rehabilitation Facility (CORF) services *after* the date when we said your coverage would end.

Step 1: Contact the Quality Improvement Organization again and ask for another review.

- You must ask for this review **within 60 calendar days** after the day when the Quality Improvement Organization said *no* to your Level 1 appeal. You could ask for this review only if you continued getting care after the date that your coverage for the care ended.

Step 2: The Quality Improvement Organization does a second review of your situation.

- Reviewers at the Quality Improvement Organization will take another careful look at all of the information related to your appeal.

Step 3: Within 14 calendar days of receipt of your appeal request, reviewers will decide on your appeal and tell you their decision.***What happens if the review organization says yes?***

- **We must reimburse you** for our share of the costs of care you have received since the date when we said your coverage would end. **We must continue providing coverage** for the care for as long as it is medically necessary.
- You must continue to pay your share of the costs and there may be coverage limitations that apply.

What happens if the review organization says no?

- It means they agree with the decision made to your Level 1 appeal.
- The notice you get will tell you in writing what you can do if you wish to continue with the review process. It will give you the details about how to go on to the next level of appeal, which is handled by an Administrative Law Judge or attorney adjudicator.

Chapter 9 What to do if you have a problem or complaint (coverage decisions, appeals, complaints)

Step 4: If the answer is no, you will need to decide whether you want to take your appeal further.

- There are three additional levels of appeal after Level 2, for a total of five levels of appeal. If you want to go on to a Level 3 appeal, the details on how to do this are in the written notice you get after your Level 2 appeal decision.
- The Level 3 appeal is handled by an Administrative Law Judge or attorney adjudicator. Section 10 of this chapter talks more about Levels 3, 4, and 5 of the appeals process.

SECTION 10 Taking your appeal to Level 3 and beyond

Section 10.1 Appeal Levels 3, 4 and 5 for Medical Service Requests

This section may be appropriate for you if you have made a Level 1 appeal and a Level 2 appeal, and both of your appeals have been turned down.

If the dollar value of the item or medical service you have appealed meets certain minimum levels, you may be able to go on to additional levels of appeal. If the dollar value is less than the minimum level, you cannot appeal any further. The written response you receive to your Level 2 appeal will explain how to make a Level 3 appeal.

For most situations that involve appeals, the last three levels of appeal work in much the same way. Here is who handles the review of your appeal at each of these levels.

Level 3 appeal An Administrative Law Judge or an attorney adjudicator who works for the Federal government will review your appeal and give you an answer.

- **If the Administrative Law Judge or attorney adjudicator says yes to your appeal, the appeals process *may* or *may not* be over.** Unlike a decision at Level 2 appeal, we have the right to appeal a Level 3 decision that is favorable to you. If we decide to appeal it will go to a Level 4 appeal.
 - If we decide *not* to appeal, we must authorize or provide you with the medical care within 60 calendar days after receiving the Administrative Law Judge's or attorney adjudicator's decision.
 - If we decide to appeal the decision, we will send you a copy of the Level 4 appeal request with any accompanying documents. We may wait for the Level 4 appeal decision before authorizing or providing the medical care in dispute.

Chapter 9 What to do if you have a problem or complaint (coverage decisions, appeals, complaints)

- **If the Administrative Law Judge or attorney adjudicator says no to your appeal, the appeals process *may* or *may not* be over.**
 - If you decide to accept this decision that turns down your appeal, the appeals process is over.
 - If you do not want to accept the decision, you can continue to the next level of the review process. The notice you get will tell you what to do for a Level 4 appeal.

Level 4 appeal: The **Medicare Appeals Council** (Council) will review your appeal and give you an answer. The Council is part of the Federal government.

- **If the answer is yes, or if the Council denies our request to review a favorable Level 3 appeal decision, the appeals process *may* or *may not* be over.** Unlike a decision at Level 2, we have the right to appeal a Level 4 decision that is favorable to you. We will decide whether to appeal this decision to Level 5.
 - If we decide *not* to appeal the decision, we must authorize or provide you with the medical care within 60 calendar days after receiving the Council's decision.
 - If we decide to appeal the decision, we will let you know in writing.
- **If the answer is no or if the Council denies the review request, the appeals process *may* or *may not* be over.**
 - If you decide to accept this decision that turns down your appeal, the appeals process is over.
 - If you do not want to accept the decision, you may be able to continue to the next level of the review process. If the Council says no to your appeal, the notice you get will tell you whether the rules allow you to go on to a Level 5 appeal and how to continue with a Level 5 appeal.

Level 5 appeal A judge at the **Federal District Court** will review your appeal.

- A judge will review all of the information and decide *yes* or *no* to your request. This is a final answer. There are no more appeal levels after the Federal District Court.

Section 10.2 Appeal Levels 3, 4 and 5 for Part D Drug Requests

This section may be appropriate for you if you have made a Level 1 appeal and a Level 2 appeal, and both of your appeals have been turned down.

Chapter 9 What to do if you have a problem or complaint (coverage decisions, appeals, complaints)

If the value of the drug you have appealed meets a certain dollar amount, you may be able to go on to additional levels of appeal. If the dollar amount is less, you cannot appeal any further. The written response you receive to your Level 2 appeal will explain who to contact and what to do to ask for a Level 3 appeal.

For most situations that involve appeals, the last three levels of appeal work in much the same way. Here is who handles the review of your appeal at each of these levels.

Level 3 appeal An Administrative Law Judge or attorney adjudicator who works for the Federal government will review your appeal and give you an answer.

- **If the answer is yes, the appeals process is over.** We must **authorize or provide the drug coverage** that was approved by the Administrative Law Judge or attorney adjudicator **within 72 hours (24 hours for expedited appeals) or make payment no later than 30 calendar days** after we receive the decision.
- **If the answer is no, the appeals process *may or may not* be over.**
 - If you decide to accept this decision that turns down your appeal, the appeals process is over.
 - If you do not want to accept the decision, you can continue to the next level of the review process. The notice you get will tell you what to do for a Level 4 appeal.

Level 4 appeal The **Medicare Appeals Council** (Council) will review your appeal and give you an answer. The Council is part of the Federal government.

- **If the answer is yes, the appeals process is over.** We must **authorize or provide the drug coverage** that was approved by the Council **within 72 hours (24 hours for expedited appeals) or make payment no later than 30 calendar days** after we receive the decision.
- **If the answer is no, the appeals process *may or may not* be over.**
 - If you decide to accept this decision that turns down your appeal, the appeals process is over.
 - If you do not want to accept the decision, you may be able to continue to the next level of the review process. If the Council says no to your appeal or denies your request to review the appeal, the notice will tell you whether the rules allow you to go on to a Level 5 appeal. It will also tell you who to contact and what to do next if you choose to continue with your appeal.

Chapter 9 What to do if you have a problem or complaint (coverage decisions, appeals, complaints)

Level 5 appeal A judge at the **Federal District Court** will review your appeal.

- A judge will review all of the information and decide *yes* or *no* to your request. This is a final answer. There are no more appeal levels after the Federal District Court.

SECTION 11 How to make a complaint about quality of care, waiting times, customer service, or other concerns

Section 11.1 What kinds of problems are handled by the complaint process?

The complaint process is *only* used for certain types of problems. This includes problems related to quality of care, waiting times, and the customer service. Here are examples of the kinds of problems handled by the complaint process.

Complaint	Example
Quality of your medical care	<ul style="list-style-type: none"> • Are you unhappy with the quality of the care you have received (including care in the hospital)?
Respecting your privacy	<ul style="list-style-type: none"> • Did someone not respect your right to privacy or share confidential information?
Disrespect, poor customer service, or other negative behaviors	<ul style="list-style-type: none"> • Has someone been rude or disrespectful to you? • Are you unhappy with our Customer Service? • Do you feel you are being encouraged to leave the plan?
Waiting times	<ul style="list-style-type: none"> • Are you having trouble getting an appointment, or waiting too long to get it? • Have you been kept waiting too long by doctors, pharmacists, or other health professionals? Or by our Customer Service or other staff at the plan? <ul style="list-style-type: none"> ○ Examples include waiting too long on the phone, in the waiting or exam room, or getting a prescription.
Cleanliness	<ul style="list-style-type: none"> • Are you unhappy with the cleanliness or condition of a clinic, hospital, or doctor's office?
Information you get from us	<ul style="list-style-type: none"> • Did we fail to give you a required notice? • Is our written information hard to understand?

Chapter 9 What to do if you have a problem or complaint (coverage decisions, appeals, complaints)

Complaint	Example
<p>Timeliness (These types of complaints are all related to the <i>timeliness</i> of our actions related to coverage decisions and appeals)</p>	<p>If you have asked for a coverage decision or made an appeal, and you think that we are not responding quickly enough, you can make a complaint about our slowness. Here are examples:</p> <ul style="list-style-type: none"> • You asked us for a <i>fast coverage decision</i> or a <i>fast appeal</i>, and we have said no; you can make a complaint. • You believe we are not meeting the deadlines for coverage decisions or appeals; you can make a complaint. • You believe we are not meeting deadlines for covering or reimbursing you for certain medical items or services or drugs that were approved; you can make a complaint. • You believe we failed to meet required deadlines for forwarding your case to the independent review organization; you can make a complaint.

Section 11.2 How to make a complaint

Legal Terms

- A **Complaint** is also called a **grievance**.
- **Making a complaint** is also called **filing a grievance**.
- **Using the process for complaints** is also called **using the process for filing a grievance**.
- A **fast complaint** is also called an **expedited grievance**.

Section 11.3 Step-by-step: Making a complaint

Step 1: Contact us promptly – either by phone or in writing.

- **Usually, calling Customer Service is the first step.** If there is anything else you need to do, Customer Service will let you know.

Chapter 9 What to do if you have a problem or complaint (coverage decisions, appeals, complaints)

- **If you do not wish to call (or you called and were not satisfied), you can put your complaint in writing and send it to us.** If you put your complaint in writing, we will respond to your complaint in writing.
- Grievances filed in writing and all quality of care grievance are responded to in writing as follows:
 - The grievance will be acknowledged within 5 calendar days from the date it is received. Responses are made as soon as your case requires, based on your health status, but no later than 30 calendar days from the date the grievance is received.
 - Responses to expedited grievance requests are made within 72 hours from the date the grievance is received.
- Grievances received orally and resolved during the call or point of contact will receive a written response if asked for one.
- Additional information related to specific timeframes is explained further in the remainder of this section. The **deadline** for making a complaint is 60 calendar days from the time you had the problem you want to complain about.

Step 2: We look into your complaint and give you our answer.

- **If possible, we will answer you right away.** If you call us with a complaint, we may be able to give you an answer on the same phone call.
- **Most complaints are answered within 30 calendar days.** If we need more information and the delay is in your best interest or if you ask for more time, we can take up to 14 more calendar days (44 calendar days total) to answer your complaint. If we decide to take extra days, we will tell you in writing.
- **If you are making a complaint because we denied your request for a fast coverage decision or a fast appeal, we will automatically give you a fast complaint.** If you have a fast complaint, it means we will give you **an answer within 24 hours.**
- **If we do not agree** with some or all of your complaint or don't take responsibility for the problem you are complaining about, we will include our reasons in our response to you.

Chapter 9 What to do if you have a problem or complaint (coverage decisions, appeals, complaints)

Section 11.4 You can also make complaints about quality of care to the Quality Improvement Organization

When your complaint is about *quality of care*, you also have two extra options:

- **You can make your complaint directly to the Quality Improvement Organization.** The Quality Improvement Organization is a group of practicing doctors and other health care experts paid by the Federal government to check and improve the care given to Medicare patients. Chapter 2 has contact information.

Or

- **You can make your complaint to both the Quality Improvement Organization and us at the same time.**

Section 11.5 You can also tell Medicare about your complaint

You can submit a complaint about CHPW Dual Complete directly to Medicare. To submit a complaint to Medicare, go to [medicare.gov/MedicareComplaintForm/home.aspx](https://www.medicare.gov/MedicareComplaintForm/home.aspx). You may also call 1-800-MEDICARE (1-800-633-4227). TTY/TDD users can call 1-877-486-2048.

PROBLEMS ABOUT YOUR MEDICAID BENEFITS

SECTION 12 Handling problems about your Medicaid benefits

If you have a problem or complaint regarding your Washington State Apple Health (Medicaid) benefits, you can contact the Washington State Health Care Authority (HCA). Please see Chapter 2, Section 6 of this document for contact information. The Washington State Office of the Insurance Commissioner helps people enrolled in Washington State Apple Health (Medicaid) with service or billing problems. They can help you file a grievance or appeal with our plan.

CHAPTER 10:

Ending your membership in the plan

SECTION 1 Introduction to ending your membership in our plan

Ending your membership in CHPW Dual Complete may be **voluntary** (your own choice) or **involuntary** (not your own choice):

- You might leave our plan because you have decided that you *want* to leave. Sections 2 and 3 provide information on ending your membership voluntarily.
- There are also limited situations where you do not choose to leave, but we are required to end your membership. Section 5 tells you about situations when we must end your membership.

If you are leaving our plan, our plan must continue to provide your medical care and prescription drugs and you will continue to pay your cost share until your membership ends.

SECTION 2 When can you end your membership in our plan?

Section 2.1	You may be able to end your membership because you have Medicare and Medicaid
--------------------	--

- Most people with Medicare can end their membership only during certain times of the year. Because you have Medicaid, you can end your membership in our plan any month of the year. You also have options to enroll in another Medicare plan any month including:
 - Original Medicare *with* a separate Medicare prescription drug plan,
 - Original Medicare *without* a separate Medicare prescription drug plan (If you choose this option, Medicare may enroll you in a drug plan, unless you have opted out of automatic enrollment.), or
 - If eligible, an integrated D-SNP that provides your Medicare and most or all of your Medicaid benefits and services in one plan.

Note: If you disenroll from Medicare prescription drug coverage and go without creditable prescription drug coverage for a continuous period of 63 days or more, you may have to pay a Part D late enrollment penalty if you join a Medicare drug plan later.

Contact your State Medicaid Office to learn about your Medicaid plan options (telephone numbers are in Chapter 2, Section 6 of this document).

- Other Medicare health plan options are available during the **Annual Enrollment Period**. Section 2.2 tells you more about the Annual Enrollment Period.
- **When will your membership end?** Your membership will usually end on the first day of the month after we receive your request to change your plans. Your enrollment in your new plan will also begin on this day.

Section 2.2 **You can end your membership during the Annual Enrollment Period**

You can end your membership during the **Annual Enrollment Period** (also known as the Annual Open Enrollment Period). During this time, review your health and drug coverage and decide about coverage for the upcoming year.

- The **Annual Enrollment Period** is from **October 15 to December 7**.
 - **Choose to keep your current coverage or make changes to your coverage for the upcoming year.** If you decide to change to a new plan, you can choose any of the following types of plans:
 - Another Medicare health plan, with or without prescription drug coverage.
 - Original Medicare *with* a separate Medicare prescription drug plan
- OR*
- Original Medicare *without* a separate Medicare prescription drug plan.
 - **Your membership will end in our plan** when your new plan’s coverage begins on January 1.

If you receive “Extra Help” from Medicare to pay for your prescription drugs: If you switch to Original Medicare and do not enroll in a separate Medicare prescription drug plan, Medicare may enroll you in a drug plan, unless you have opted out of automatic enrollment.

Note: If you disenroll from Medicare prescription drug coverage and go without creditable prescription drug coverage for 63 days or more in a row, you may have to pay a Part D late enrollment penalty if you join a Medicare drug plan later.

Section 2.3 **You can end your membership during the Medicare Advantage Open Enrollment Period**

You have the opportunity to make *one* change to your health coverage during the **Medicare Advantage Open Enrollment Period**.

- **The annual Medicare Advantage Open Enrollment Period** is from January 1 to March 31 and also for new Medicare beneficiaries who are enrolled in an MA plan, from the month of entitlement to Part A and Part B until the last day of the 3rd month of entitlement.
- **During the annual Medicare Advantage Open Enrollment Period** you can:
 - Switch to another Medicare Advantage Plan with or without prescription drug coverage.
 - Disenroll from our plan and obtain coverage through Original Medicare. If you choose to switch to Original Medicare during this period, you can also join a separate Medicare prescription drug plan at that time.

- **Your membership will end** on the first day of the month after you enroll in a different Medicare Advantage plan or we get your request to switch to Original Medicare. If you also choose to enroll in a Medicare prescription drug plan, your membership in the drug plan will begin the first day of the month after the drug plan gets your enrollment request.

Section 2.4	In certain situations, you can end your membership during a Special Enrollment Period
--------------------	--

In certain situations, you may be eligible to end your membership at other times of the year. This is known as a **Special Enrollment Period**.

You may be eligible to end your membership during a Special Enrollment Period if any of the following situations apply to you. These are just examples, for the full list you can contact the plan, call Medicare, or visit the Medicare website (medicare.gov):

- Usually, when you have moved.
- If you have Washington State Apple Health (Medicaid).
- If you are eligible for “Extra Help” with paying for your Medicare prescriptions.
- If we violate our contract with you.
- If you are getting care in an institution, such as a nursing home or long-term care (LTC) hospital.
- If you enroll in the Program of All-inclusive Care for the Elderly (PACE).
- **Note:** Section 2.1 tells you more about the special enrollment period for people with Medicaid.

The enrollment time periods vary depending on your situation.

To find out if you are eligible for a Special Enrollment Period, please call Medicare at 1-800-MEDICARE (1-800-633-4227), 24 hours a day, 7 days a week. TTY users call 1-877-486-2048. If you are eligible to end your membership because of a special situation, you can choose to change both your Medicare health coverage and prescription drug coverage. You can choose:

- Another Medicare health plan with or without prescription drug coverage,
- Original Medicare *with* a separate Medicare prescription drug plan,
- – *or* – Original Medicare *without* a separate Medicare prescription drug plan.

Note: If you disenroll from Medicare prescription drug coverage and go without creditable prescription drug coverage for 63 days or more in a row, you may have to pay a Part D late enrollment penalty if you join a Medicare drug plan later.

If you receive “Extra Help” from Medicare to pay for your prescription drugs: If you switch to Original Medicare and do not enroll in a separate Medicare prescription drug plan, Medicare may enroll you in a drug plan, unless you have opted out of automatic enrollment.

Your membership will usually end on the first day of the month after your request to change your plan is received.

Note: Sections 2.1 and 2.2 tell you more about the special enrollment period for people with Medicaid and “Extra Help”.

Section 2.5	Where can you get more information about when you can end your membership?
--------------------	---

If you have any questions about ending your membership you can:

- **Call Customer Service.**
- Find the information in the *Medicare & You 2025* handbook.
- Contact **Medicare** at 1-800-MEDICARE (1-800-633-4227), 24 hours a day, 7 days a week. (TTY 1-877-486-2048).

SECTION 3 **How do you end your membership in our plan?**

The table below explains how you should end your membership in our plan.

Note: If you disenroll from Medicare prescription drug coverage and go without creditable prescription drug coverage for 63 days or more in a row, you may have to pay a Part D late enrollment penalty if you join a Medicare drug plan later.

For questions about your Washington State Apple Health (Medicaid) benefits, contact Washington State Health Care Authority, 1-800-562-3022, TTY 1-800-848-5429, available 7:00 a.m. to 5:00 p.m., Monday through Friday. Ask how joining another plan or returning to Original Medicare affects how you get your Washington State Apple Health (Medicaid) coverage.

SECTION 4 Until your membership ends, you must keep getting your medical items, services and drugs through our plan

Until your membership CHPW Dual Complete ends, and your new Medicare coverage begins, you must continue to get your medical items, services and prescription drugs through our plan.

- **Continue to use our network providers to receive medical care.**
- **Continue to use our network pharmacies or mail order to get your prescriptions filled.**
- **If you are hospitalized on the day that your membership ends, your hospital stay will be covered by our plan until you are discharged** (even if you are discharged after your new health coverage begins).

SECTION 5 CHPW Dual Complete must end your membership in the plan in certain situations

Section 5.1 When must we end your membership in the plan?

CHPW Dual Complete must end your membership in the plan if any of the following happen:

- If you no longer have Medicare Part A and Part B.
- If you are no longer eligible for Medicaid. As stated in Chapter 1, Section 2.1, our plan is for people who are eligible for both Medicare and Medicaid.
- If CHPW determines you no longer meet the Medicaid eligibility requirements. You will receive a notification letter stating the reason for the possible disenrollment. You will then have 6 months from the date of the letter to respond for reconsideration of your membership eligibility in the Plan.
 - If you do not pay your medical spenddown, if applicable
 - If you move out of our service area.
 - If you are away from our service area for more than six months.
 - If you move or take a long trip, call Customer Service to find out if the place you are moving or traveling to is in our plan's area.
 - If you become incarcerated (go to prison).
 - If you are no longer a United States citizen or lawfully present in the United States.
 - If you lie or withhold information about other insurance you have that provides prescription drug coverage.
 - If you intentionally give us incorrect information when you are enrolling in our plan and that information affects your eligibility for our plan. (We cannot make you leave our plan for this reason unless we get permission from Medicare first.)
 - If you continuously behave in a way that is disruptive and makes it difficult for us to provide medical care for you and other members of our plan. (We cannot make you leave our plan for this reason unless we get permission from Medicare first.)
 - If you let someone else use your membership card to get medical care. (We cannot make you leave our plan for this reason unless we get permission from Medicare first.)
 - If we end your membership because of this reason, Medicare may have your case investigated by the Inspector General.
 - If you are required to pay the extra Part D amount because of your income and you do not pay it, Medicare will disenroll you from our plan.

Where can you get more information?

If you have questions or would like more information on when we can end your membership, call Customer Service.

Section 5.2	We cannot ask you to leave our plan for any health-related reason
--------------------	--

CHPW Dual Complete is not allowed to ask you to leave our plan for any health-related reason.

What should you do if this happens?

If you feel that you are being asked to leave our plan because of a health-related reason, call Medicare at 1-800-MEDICARE (1-800-633-4227) 24 hours a day, 7 days a week (TTY 1-877-486-2048).

Section 5.3	You have the right to make a complaint if we end your membership in our plan
--------------------	---

If we end your membership in our plan, we must tell you our reasons in writing for ending your membership. We must also explain how you can file a grievance or make a complaint about our decision to end your membership.

CHAPTER 11:

Legal notices

SECTION 1 Notice about governing law

The principal law that applies to this *Evidence of Coverage* document is Title XVIII of the Social Security Act and the regulations created under the Social Security Act by the Centers for Medicare & Medicaid Services, or CMS. In addition, other Federal laws may apply and, under certain circumstances, the laws of the state you live in. This may affect your rights and responsibilities even if the laws are not included or explained in this document.

SECTION 2 Notice about nondiscrimination

We don't discriminate based on race, ethnicity, national origin, color, religion, sex, gender, age, sexual orientation, mental or physical disability, health status, claims experience, medical history, genetic information, evidence of insurability, or geographic location within the service area. All organizations that provide Medicare Advantage plans, like our plan, must obey Federal laws against discrimination, including Title VI of the Civil Rights Act of 1964, the Rehabilitation Act of 1973, the Age Discrimination Act of 1975, the Americans with Disabilities Act, Section 1557 of the Affordable Care Act, all other laws that apply to organizations that get Federal funding, and any other laws and rules that apply for any other reason.

If you want more information or have concerns about discrimination or unfair treatment, please call the Department of Health and Human Services' **Office for Civil Rights** at 1-800-368-1019 (TTY 1-800-537-7697) or your local Office for Civil Rights. You can also review information from the Department of Health and Human Services' Office for Civil Rights at [hhs.gov/ocr/index.html](https://www.hhs.gov/ocr/index.html).

If you have a disability and need help with access to care, please call us at Customer Service. If you have a complaint, such as a problem with wheelchair access, Customer Service can help.

SECTION 3 Notice about Medicare Secondary Payer subrogation rights

We have the right and responsibility to collect for covered Medicare services for which Medicare is not the primary payer. According to CMS regulations at 42 CFR sections 422.108 and 423.462, CHPW Dual Complete as a Medicare Advantage Organization, will exercise the same rights of recovery that the Secretary exercises under CMS regulations in subparts B through D of part 411 of 42 CFR and the rules established in this section supersede any State laws.

SECTION 4 Assignment

You may not assign this Evidence of Coverage or any of the rights, interests, claims for money due, benefits, or obligations hereunder without our prior written consent.

SECTION 5 Attorney and Advocate Fees and Expenses

In any dispute between a member and Community Health Plan of Washington, each party will bear its own fees and expenses, including attorneys' fees, advocates' fees, and other expenses.

SECTION 6 Employer Responsibility

For any services that the law requires an employer to provide, we will not pay the employer, and when we cover any such services, we may recover the value of the services from the employer.

SECTION 7 Evidence of Coverage Binding on Members

By electing coverage or accepting benefits under this Evidence of Coverage, all members legally capable of contracting, and the legal representatives of all members incapable of contracting, agree to all provisions of this Evidence of Coverage.

SECTION 8 Government Agency Responsibility

For any services that the law requires be provided only by or received only from a government agency, we will not pay the government agency, and when we cover any such services we may recover the value of the services from the government agency.

SECTION 9 Member Non-liability

Our contracts with network providers provide that you are not liable for amounts we owe. You are, however, liable for the cost of non-covered services you obtain from network providers or out-of-network providers.

SECTION 10 Notice

Our notices to you will be sent to the most recent address we have. You are responsible for notifying us of any change in your address. If you move, please call Customer Service at 1-800-942-0247 as soon as possible to report your address change.

SECTION 11 Overpayment Recovery

We may recover any overpayment we make for services from anyone who receives such overpayment or from any person or organization obligated to pay for the services.

SECTION 12 Notice about Subrogation (Recovery from a Third Party)

Under Medicare law, we have subrogation rights when we have paid benefits for the treatment of your sickness, injury, or condition caused by a third party, and you have a right to recovery or have received recovery from a third party. Subrogation rights mean that we are substitute to and will succeed to any and all legal claims that you may be entitled to pursue against any third party for benefits for which a third party is considered responsible. We also have a right to be reimbursed from any third party recovery in the amount of benefits paid on your behalf. These subrogation rights will not be affected if we do not participate in any legal action you take related to your sickness, injury, or condition.

Our subrogation and reimbursement rights shall have first priority, which means that they are paid before any of your other claims are paid. We may collect from you the proceeds of any full or partial recovery that you or your legal representative obtain, whether in the form of a settlement (either before or after any determination of liability) or judgment, no matter how those proceeds are captioned or characterized.

You agree to promptly notify us of how, when and where an accident or incident resulting in sickness, injury, or condition to you occurred and all information regarding the parties involved. You must notify us promptly if you retain an attorney related to such an accident or incident. You and your legal representative must cooperate with us, do whatever is necessary to enable us to exercise our subrogation and reimbursement rights, and do nothing to prejudice our rights.

CHAPTER 12:

Definitions of important words

Ambulatory Surgical Center – An Ambulatory Surgical Center is an entity that operates exclusively for the purpose of furnishing outpatient surgical services to patients not requiring hospitalization and whose expected stay in the center does not exceed 24 hours.

Appeal – An appeal is something you do if you disagree with our decision to deny a request for coverage of health care services or prescription drugs or payment for services or drugs you already received. You may also make an appeal if you disagree with our decision to stop services that you are receiving.

Balance Billing – When a provider (such as a doctor or hospital) bills a patient more than the plan’s allowed cost-sharing amount. As a member of CHPW Dual Complete, you only have to pay our plan’s cost-sharing amounts when you get services covered by our plan. We do not allow providers to **balance bill** or otherwise charge you more than the amount of cost sharing your plan says you must pay.

Benefit Period –The way that both our plan and Original Medicare measures your use of hospital and skilled nursing facility (SNF) services. A benefit period begins the day you go into a hospital or skilled nursing facility. The benefit period ends when you have not received any inpatient hospital care (or skilled care in a SNF) for 60 days in a row. If you go into a hospital or a skilled nursing facility after one benefit period has ended, a new benefit period begins. There is no limit to the number of benefit periods.

Biological Product – A prescription drug that is made from natural and living sources like animal cells, plant cells, bacteria, or yeast. Biological products are more complex than other drugs and cannot be copied exactly, so alternative forms are called biosimilars. (See also “**Original Biological Product**” and “**Biosimilar**”).

Biosimilar – A biological product that is very similar, but not identical, to the original biological product. Biosimilars are as safe and effective as the original biological product. Some biosimilars may be substituted for the original biological product at the pharmacy without needing a new prescription (See “**Interchangeable Biosimilar**”).

Brand Name Drug – A prescription drug that is manufactured and sold by the pharmaceutical company that originally researched and developed the drug. Brand name drugs have the same active-ingredient formula as the generic version of the drug. However, generic drugs are manufactured and sold by other drug manufacturers and are generally not available until after the patent on the brand name drug has expired.

Catastrophic Coverage Stage – The stage in the Part D Drug Benefit that begins when you (or other qualified parties on your behalf) have spent \$2,000 for Part D covered drugs during the covered year.

Centers for Medicare & Medicaid Services (CMS) – The Federal agency that administers Medicare.

Chronic-Care Special Needs Plan - C-SNPs are SNPs that restrict enrollment to MA eligible individuals who have one or more severe or disabling chronic conditions, as defined under 42 CFR 422.2, including restricting enrollment based on the multiple commonly co-morbid and clinically linked condition groupings specified in 42 CFR 422.4(a)(1)(iv).

Coinsurance – An amount you may be required to pay, expressed as a percentage (for example 20%) as your share of the cost for services or prescription drugs

Complaint — The formal name for making a complaint is **filing a grievance**. The complaint process is used *only* for certain types of problems. This includes problems related to quality of care, waiting times, and the customer service you receive. It also includes complaints if your plan does not follow the time periods in the appeal process.

Comprehensive Outpatient Rehabilitation Facility (CORF) – A facility that mainly provides rehabilitation services after an illness or injury, including physical therapy, social or psychological services, respiratory therapy, occupational therapy and speech-language pathology services, and home environment evaluation services.

Copayment (or copay) – An amount you may be required to pay as your share of the cost for a medical service or supply, like a doctor’s visit, hospital outpatient visit, or a prescription drug. A copayment is a set amount (for example \$10), rather than a percentage.

Cost Sharing – Cost sharing refers to amounts that a member has to pay when services or drugs are received. Cost sharing includes any combination of the following three types of payments: (1) any deductible amount a plan may impose before services or drugs are covered; (2) any fixed copayment amount that a plan requires when a specific service or drug is received; or (3) any coinsurance amount, a percentage of the total amount paid for a service or drug that a plan requires when a specific service or drug is received.

Coverage Determination – A decision about whether a drug prescribed for you is covered by the plan and the amount, if any, you are required to pay for the prescription. In general, if you bring your prescription to a pharmacy and the pharmacy tells you the prescription isn’t covered under your plan, that isn’t a coverage determination. You need to call or write to your plan to ask for a formal decision about the coverage. Coverage determinations are called coverage decisions in this document.

Covered Drugs – The term we use to mean all of the prescription drugs covered by our plan.

Covered Services – The term we use to mean all of the health care services and supplies that are covered by our plan.

Creditable Prescription Drug Coverage – Prescription drug coverage (for example, from an employer or union) that is expected to pay, on average, at least as much as Medicare’s standard prescription drug coverage. People who have this kind of coverage when they become eligible for Medicare can generally keep that coverage without paying a penalty if they decide to enroll in Medicare prescription drug coverage later.

Custodial Care – Custodial care is personal care provided in a nursing home, hospice, or other facility setting when you do not need skilled medical care or skilled nursing care. Custodial care, provided by people who do not have professional skills or training, includes help with activities of daily living like bathing, dressing, eating, getting in or out of a bed or chair, moving around, and using the bathroom. It may also include the kind of health-related care that most people do themselves, like using eye drops. Medicare doesn’t pay for custodial care.

Customer Service – A department within our plan responsible for answering your questions about your membership, benefits, grievances, and appeals.

Daily cost-sharing rate – A daily cost-sharing rate may apply when your doctor prescribes less than a full month’s supply of certain drugs for you and you are required to pay a copayment. A daily cost-sharing rate is the copayment divided by the number of days in a month’s supply. Here is an example: If your copayment for a one-month supply of a drug is \$30, and a one-month’s supply in your plan is 30 days, then your “daily cost-sharing rate” is \$1 per day.

Deductible – The amount you must pay for health care or prescriptions before our plan pays.

Disenroll or Disenrollment – The process of ending your membership in our plan.

Dispensing Fee – A fee charged each time a covered drug is dispensed to pay for the cost of filling a prescription, such as the pharmacist’s time to prepare and package the prescription.

Dual Eligible Special Needs Plans (D-SNP) – A type of plan that enrolls individuals who are entitled to both Medicare (Title XVIII of the Social Security Act) and medical assistance from a state plan under Medicaid (Title XIX). States cover some or all Medicare costs, depending on the state and the individual’s eligibility.

Dually Eligible Individuals – A person who is eligible for Medicare and Medicaid coverage.

Durable Medical Equipment (DME) – Certain medical equipment that is ordered by your doctor for medical reasons. Examples include walkers, wheelchairs, crutches, powered mattress systems, diabetic supplies, IV infusion pumps, speech generating devices, oxygen equipment, nebulizers, or hospital beds ordered by a provider for use in the home.

Emergency – A medical emergency is when you, or any other prudent layperson with an average knowledge of health and medicine, believe that you have medical symptoms that require immediate medical attention to prevent loss of life (and if you are a pregnant woman, loss of an unborn child), loss of a limb, or loss of function of a limb, or loss of or serious impairment to a bodily function. The medical symptoms may be an illness, injury, severe pain, or a medical condition that is quickly getting worse.

Emergency Care – Covered services that are: (1) provided by a provider qualified to furnish emergency services; and (2) needed to treat, evaluate, or stabilize an emergency medical condition.

Evidence of Coverage (EOC) and Disclosure Information – This document, along with your enrollment form and any other attachments, riders, or other optional coverage selected, which explains your coverage, what we must do, your rights, and what you have to do as a member of our plan.

Exception – A type of coverage decision that, if approved, allows you to get a drug that is not on our formulary (a formulary exception), or get a non-preferred drug at a lower cost-sharing level (a tiering exception). You may also request an exception if our plan requires you to try another drug before receiving the drug you are requesting, if our plan requires a prior authorization for a drug and you want us to waive the criteria restriction, or if our plan limits the quantity or dosage of the drug you are requesting (a formulary exception).

Extra Help – A Medicare program to help people with limited income and resources pay Medicare prescription drug program costs, such as premiums, deductibles, and coinsurance.

Generic Drug – A prescription drug that is approved by the Food and Drug Administration (FDA) as having the same active ingredient(s) as the brand name drug. Generally, a generic drug works the same as a brand name drug and usually costs less.

Grievance – A type of complaint you make about our plan, providers, or pharmacies, including a complaint concerning the quality of your care. This does not involve coverage or payment disputes.

Home Health Aide – A person who provides services that do not need the skills of a licensed nurse or therapist, such as help with personal care (e.g., bathing, using the toilet, dressing, or carrying out the prescribed exercises).

Hospice – A benefit that provides special treatment for a member who has been medically certified as terminally ill, meaning having a life expectancy of 6 months or less. We, your plan, must provide you with a list of hospices in your geographic area. If you elect hospice and continue to pay premiums you are still a member of our plan. You can still obtain all medically necessary services as well as the supplemental benefits we offer.

Hospital Inpatient Stay – A hospital stay when you have been formally admitted to the hospital for skilled medical services. Even if you stay in the hospital overnight, you might still be considered an outpatient.

Income Related Monthly Adjustment Amount (IRMAA) –If your modified adjusted gross income as reported on your IRS tax return from 2 years ago is above a certain amount, you'll pay the standard premium amount and an Income Related Monthly Adjustment Amount, also known as IRMAA. IRMAA is an extra charge added to your premium. Less than 5% of people with Medicare are affected, so most people will not pay a higher premium.

Initial Coverage Stage – This is the stage before your out-of-pocket costs for the year have reached the out-of-pocket threshold amount.

Initial Enrollment Period – When you are first eligible for Medicare, the period of time when you can sign up for Medicare Part A and Part B. If you're eligible for Medicare when you turn 65, your Initial Enrollment Period is the 7-month period that begins 3 months before the month you turn 65, includes the month you turn 65, and ends 3 months after the month you turn 65.

Integrated D-SNP – A D-SNP that covers Medicare and most or all Medicaid services under a single health plan for certain groups of individuals eligible for both Medicare and Medicaid. These individuals are also known as full-benefit dually eligible individuals.

Institutional Special Needs Plan (SNP) – A plan that enrolls eligible individuals who continuously reside or are expected to continuously reside for 90 days or longer in a long-term care (LTC) facility. These facilities may include a skilled nursing facility (SNF), nursing facility (NF), (SNF/NF), an Intermediate Care Facility for Individuals with Intellectual Disabilities (ICF/IID), an inpatient psychiatric facility, and/or facilities approved by CMS that furnishes similar long-term, healthcare services that are covered under Medicare Part A, Medicare Part B, or Medicaid; and whose residents have similar needs and healthcare status to the other named facility types. An institutional Special Needs Plan must have a contractual arrangement with (or own and operate) the specific LTC facility(ies).

Institutional Equivalent Special Needs Plan (SNP) –A plan that enrolls eligible individuals living in the community but requiring an institutional level of care based on the State assessment. The assessment must be performed using the same respective State level of care assessment tool and administered by an entity other than the organization offering the plan. This type of Special Needs Plan may restrict enrollment to individuals that reside in a contracted assisted living facility (ALF) if necessary to ensure uniform delivery of specialized care.

Interchangeable Biosimilar – A biosimilar that may be used as a substitute for an original biosimilar product at the pharmacy without needing a new prescription because it meets additional requirements related to the potential for automatic substitution. Automatic substitution at the pharmacy is subject to state law.

List of Covered Drugs (Formulary or Drug List) – A list of prescription drugs covered by the plan.

Low Income Subsidy (LIS) – See “Extra Help.”

Manufacturer Discount Program – A program under which drug manufacturers pay a portion of the plan’s full cost for covered Part D brand name drugs and biologics. Discounts are based on agreements between the Federal government and drug manufacturers.

Maximum Out-of-Pocket Amount – The most that you pay out-of-pocket during the calendar year for covered Part A and Part B services. Amounts you pay for your plan premiums, Medicare Part A and Part B premiums, and prescription drugs do not count toward the maximum out-of-pocket amount. (**Note:** Because our members also get assistance from Medicaid, very few members ever reach this out-of-pocket maximum.)

Medicaid (or Medical Assistance) – A joint Federal and state program that helps with medical costs for some people with low incomes and limited resources. State Medicaid programs vary, but most health care costs are covered if you qualify for both Medicare and Medicaid.

Medically Accepted Indication – A use of a drug that is either approved by the Food and Drug Administration or supported by certain references, such as the American Hospital Formulary Service Drug Information and the Micromedex DRUGDEX Information system.

Medically Necessary – Services, supplies, or drugs that are needed for the prevention, diagnosis, or treatment of your medical condition and meet accepted standards of medical practice.

Medicare – The Federal health insurance program for people 65 years of age or older, some people under age 65 with certain disabilities, and people with End-Stage Renal Disease (generally those with permanent kidney failure who need dialysis or a kidney transplant).

Medicare Advantage Open Enrollment Period – The time period from January 1 to March 31 when members in a Medicare Advantage plan can cancel their plan enrollment and switch to another Medicare Advantage plan or obtain coverage through Original Medicare. If you choose to switch to Original Medicare during this period, you can also join a separate Medicare prescription drug plan at that time. The Medicare Advantage Open Enrollment Period is also available for a 3-month period after an individual is first eligible for Medicare.

Medicare Advantage (MA) Plan – Sometimes called Medicare Part C. A plan offered by a private company that contracts with Medicare to provide you with all your Medicare Part A and Part B benefits. A Medicare Advantage Plan can be i) an HMO, ii) a PPO, iii) a Private Fee-for-Service (PFFS) plan, or iv) a Medicare Medical Savings Account (MSA) plan. Besides choosing from these types of plans, a Medicare Advantage HMO or PPO plan can also be a Special Needs Plan (SNP). In most cases, Medicare Advantage Plans also offer Medicare Part D (prescription drug coverage). These plans are called **Medicare Advantage Plans with Prescription Drug Coverage**.

Medicare-Covered Services – Services covered by Medicare Part A and Part B. All Medicare health plans must cover all of the services that are covered by Medicare Part A and B. The term Medicare-Covered Services does not include the extra benefits, such as vision, dental, or hearing, that a Medicare Advantage plan may offer.

Medicare Health Plan – A Medicare health plan is offered by a private company that contracts with Medicare to provide Part A and Part B benefits to people with Medicare who enroll in the plan. This term includes all Medicare Advantage Plans, Medicare Cost Plans, Special Needs Plans, Demonstration/Pilot Programs, and Programs of All-inclusive Care for the Elderly (PACE).

Medicare Prescription Drug Coverage (Medicare Part D) – Insurance to help pay for outpatient prescription drugs, vaccines, biologicals, and some supplies not covered by Medicare Part A or Part B.

Medigap (Medicare Supplement Insurance) Policy – Medicare supplement insurance sold by private insurance companies to fill “gaps” in Original Medicare. Medigap policies only work with Original Medicare. (A Medicare Advantage Plan is not a Medigap policy.)

Member (Member of our Plan, or Plan Member) – A person with Medicare who is eligible to get covered services, who has enrolled in our plan and whose enrollment has been confirmed by the Centers for Medicare & Medicaid Services (CMS).

Network Pharmacy –A pharmacy that contracts with our plan where members of our plan can get their prescription drug benefits. In most cases, your prescriptions are covered only if they are filled at one of our network pharmacies.

Network Provider – Provider is the general term for doctors, other health care professionals, hospitals, and other health care facilities that are licensed or certified by Medicare and by the State to provide health care services. **Network providers** have an agreement with our plan to accept our payment as payment in full, and in some cases to coordinate as well as provide covered services to members of our plan. Network providers are also called “plan providers.”

Organization Determination – A decision our plan makes about whether items or services are covered or how much you have to pay for covered items or services. Organization determinations are called coverage decisions in this document.

Original Biological Product – A biological product that has been approved by the Food and Drug Administration (FDA) and serves as the comparison for manufacturers making a biosimilar version. It is also called a reference product.

Original Medicare (Traditional Medicare or Fee-for-Service Medicare) – Original Medicare is offered by the government, and not a private health plan like Medicare Advantage Plans and prescription drug plans. Under Original Medicare, Medicare services are covered by paying doctors, hospitals, and other health care providers payment amounts established by Congress. You can see any doctor, hospital, or other health care provider that accepts Medicare. You must pay the deductible. Medicare pays its share of the Medicare-approved amount, and you pay your share. Original Medicare has two parts: Part A (Hospital Insurance) and Part B (Medical Insurance) and is available everywhere in the United States.

Out-of-Network Pharmacy – A pharmacy that does not have a contract with our plan to coordinate or provide covered drugs to members of our plan. Most drugs you get from out-of-network pharmacies are not covered by our plan unless certain conditions apply.

Out-of-Network Provider or Out-of-Network Facility – A provider or facility that does not have a contract with our plan to coordinate or provide covered services to members of our plan. Out-of-network providers are providers that are not employed, owned, or operated by our plan.

Out-of-Pocket Costs – See the definition for cost sharing above. A member’s cost-sharing requirement to pay for a portion of services or drugs received is also referred to as the member’s out-of-pocket cost requirement.

Out-of-Pocket Threshold – The maximum amount you pay out of pocket for Part D drugs.

PACE plan – A PACE (Program of All-Inclusive Care for the Elderly) plan combines medical, social, and long-term services and supports (LTSS) for frail people to help people stay independent and living in their community (instead of moving to a nursing home) as long as possible. People enrolled in PACE plans receive both their Medicare and Medicaid benefits through the plan.

Part C – see Medicare Advantage (MA) Plan.

Part D – The voluntary Medicare Prescription Drug Benefit Program.

Part D Drugs – Drugs that can be covered under Part D. We may or may not offer all Part D drugs. Certain categories of drugs have been excluded from Part D coverage by Congress. Certain categories of Part D drugs must be covered by every plan.

Part D Late Enrollment Penalty – An amount added to your monthly premium for Medicare drug coverage if you go without creditable coverage (coverage that is expected to pay, on average, at least as much as standard Medicare prescription drug coverage) for a continuous period of 63 days or more after you are first eligible to join a Part D plan. If you lose “Extra Help”, you may be subject to the late enrollment penalty if you go 63 days or more in a row without Part D or other creditable prescription drug coverage.

Preferred Provider Organization (PPO) Plan – A Preferred Provider Organization plan is a Medicare Advantage Plan that has a network of contracted providers that have agreed to treat plan members for a specified payment amount. A PPO plan must cover all plan benefits whether they are received from network or out-of-network providers. Member cost sharing will generally be higher when plan benefits are received from out-of-network providers. PPO plans have an annual limit on your out-of-pocket costs for services received from network (preferred) providers and a higher limit on your total combined out-of-pocket costs for services from both network (preferred) and out-of-network (non-preferred) providers.

Premium – The periodic payment to Medicare, an insurance company, or a health care plan for health or prescription drug coverage.

Primary Care Provider (PCP) –The doctor or other provider you see first for most health problems. In many Medicare health plans, you must see your primary care provider before you see any other health care provider.

Prior Authorization –Approval in advance to get services or certain drugs. Covered services that need prior authorization are marked in the Medical Benefits Chart in Chapter 4. Covered drugs that need prior authorization are marked in the formulary and our criteria are posted on our website.

Prosthetics and Orthotics –Medical devices including, but not limited to, arm, back, and neck braces; artificial limbs; artificial eyes; and devices needed to replace an internal body part or function, including ostomy supplies and enteral and parenteral nutrition therapy.

Quality Improvement Organization (QIO) – A group of practicing doctors and other health care experts paid by the Federal government to check and improve the care given to Medicare patients.

Quantity Limits – A management tool that is designed to limit the use of selected drugs for quality, safety, or utilization reasons. Limits may be on the amount of the drug that we cover per prescription or for a defined period of time.

“Real-Time Benefit Tool” – A portal or computer application in which enrollees can look up complete, accurate, timely, clinically appropriate, enrollee-specific formulary and benefit information. This includes cost-sharing amounts, alternative formulary medications that may be used for the same health condition as a given drug, and coverage restrictions (Prior Authorization, Step Therapy, Quantity Limits) that apply to alternative medications.

Rehabilitation Services – These services include physical therapy, speech and language therapy, and occupational therapy.

Service Area – A geographic area where you must live to join a particular health plan. For plans that limit which doctors and hospitals you may use, it’s also generally the area where you can get routine (non-emergency) services. The plan must disenroll you if you permanently move out of the plan’s service area.

Skilled Nursing Facility (SNF) Care – Skilled nursing care and rehabilitation services provided on a continuous, daily basis, in a skilled nursing facility. Examples of care include physical therapy or intravenous injections that can only be given by a registered nurse or doctor.

Special Needs Plan – A special type of Medicare Advantage Plan that provides more focused health care for specific groups of people, such as those who have both Medicare and Medicaid, who reside in a nursing home, or who have certain chronic medical conditions.

Spenddown – The amount of medical expense you must pay within a specified period of time to qualify for Medicaid benefits. Spenddown is like a deductible. Some people have too much income to qualify for Medicaid. This amount is called excess income. Some of these people may qualify for Medicaid if they spend the excess income on medical bills.

Step Therapy – A utilization tool that requires you to first try another drug to treat your medical condition before we will cover the drug your physician may have initially prescribed.

Subluxation – A partial dislocation or misalignment of the vertebrae. As a medical diagnosis, specific medical requirements must be identified by the provider. See Chapter 4, Section 2.1, “Chiropractic Services” for information on how this relates to your medical benefits.

Supplemental Security Income (SSI) – A monthly benefit paid by Social Security to people with limited income and resources who are disabled, blind, or age 65 and older. SSI benefits are not the same as Social Security benefits.

Total Drug Cost – For Part D drugs, the amount you pay out-of-pocket or others pay on your behalf plus the amount paid by the plan.

Urgently Needed Services – A plan-covered service requiring immediate medical attention that is not an emergency is an urgently needed service if either you are temporarily outside the service area of the plan, or it is unreasonable given your time, place, and circumstances to obtain this service from network providers with whom the plan contracts. Examples of urgently needed services are unforeseen medical illnesses and injuries, or unexpected flare-ups of existing conditions. However, medically necessary routine provider visits, such as annual checkups, are not considered urgently needed even if you are outside the service area of the plan or the plan network is temporarily unavailable.
